A Business Mistake. That which is the best, is that which will ultimately produce the largest measure of success to a certainty. It would be a business mistake for any one contemplating life insurance to place his application with any company without first familiarizing himself with the policies and figures of the Northwestern Mutual Life Insurance Company.

Millions in Gold. Over seven millions came from the Nome district alone. Government officials estimate the output from the Nome district will be doubled the coming season. The Bluestone, Kougurok and Pilgrim Rivers have been found very rich. There is hardly a creek from Fort Clarence to Norton Sound in which the precious metal is not found, with hundreds of creeks not prospected yet.

Positive Proof. The following houses have been painted from seven to twelve years with my paints, (the Champion paints) viz: L. Taggart's, D. W. Felt's, Mrs. J. C. Metzger's, Joshua Bair's, N. Seger's, Sam'l McDonald's, J. P. McNarney's and many others. The county jail and R. P. Heilman's house have been painted two years. I ask you in all fairness, and in justice to myself, to carefully examine these houses. Let no man prejudice you against my paints. I can assure you without truthful contradiction, that there is not a man in our town or county, who has any knowledge whatever, as to the quality of paints, only as he or they have learned from their use, and I defy any person in town to give you such proof as to quality of their paints, as I have. My paints are guaranteed.

Yours truly, L. TAGGART.

He was followed in 1896 by Rev. J. M. Johnston, who also served three years, and reduced the debt by \$2,110.00.

In 1899 Rev. W. P. Shriner was appointed, serving one year, and during his administration the debt was reduced \$200.00 and the building was repaired and beautifully frescoed within at a cost of \$800.00, which was paid for without public subscription.

In 1900 the present Pastor, Rev. O. S. Metzler, was sent by the Conference, and he has now served two years, and we are glad to be able to say, that the official board of the Church have unanimously requested his return for another year. Under his able and energetic administration during the past two years the sum of \$6,257.15 has been raised, paying the entire church debt of \$4,850.00 and accrued interest, and leaving a balance in the hands of the interest paying society of about \$500.00.

Emportium, Pa., March 4th, 1902. At the Fourth Quarterly Conference of the First Methodist Episcopal Church of Emportium on motion of J. P. McNarney, seconded by B. Lloyd the following preamble and resolutions were unanimously adopted:

WHEREAS, The second year of the pastorate of Rev. O. S. Metzler at the First Methodist Episcopal Church of Emportium, which if possible, has been even more successful and satisfactory than the first is about to expire, and

WHEREAS, We are earnestly persuaded that the welfare of the Church demands his return for the succeeding year, and

WHEREAS, We are confident that it is the unanimous wish of the membership and friends of the Church that his connection therewith be continued, and that any other action would be disappointing to all the members and friends of the Church.

Resolved, by the Fourth Quarterly Conference of said church,

1. That Brother Metzler be and is hereby requested and urged to return to this Church for the coming year.

2. That the Bishop and his official advisers are hereby requested to return Brother Metzler to his present field with the assurance that the interests of the entire Church will be thereby best advanced and observed, and that any other action would be disappointing to all the members and friends of the Church.

Letter to T. F. Floore. Emportium, Pa.

Dear Sir: If there is a spot in your paint where the water gets in, the wood underneath is rotting or rotten. The timbers go too.

Such a spot develops unseen in some corner—under the eaves perhaps—while the paint is still in good condition generally.

Look out for such spots, or paint at random for looks. If you paint for looks, you are likely to stop such spots before there are any spots.

Extravagance pays in paint. Economy don't. Extravagance is economy. Queer, what puppets words are!

Yours truly, F. W. DEVOE & Co.

La Grippe Quickly Cured. "In the winter of 1898 and 1899 I was taken down with a severe attack of what is called La Grippe," says F. L. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with Grippe." Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by L. Taggart.
