Magic Color Pictures.

A glass of water and a sponge or brush act like a box of paints on the wonderful "Watergraphs," which will appear in next Sunday's Philadelphia Press. It's the cleverest novelty of the year. The pictures are printed apparently in black ink. You touch them with water, and in a second they become beautiful water color paintings. No skill is needed. Children can do it as well as grown folks. These "Watergraphs" are in addition to the mysterious magic pictures, which you rub over a blank space with a coin and a picture appears.

The great puzzle-man, Sam Loyd, is now on The Sunday Press staff of entertainers. He has a page each Sunday that will set you thinking and amuse you, too. Order next Sunday's Philadelphia Press of your newsdealer in advance. Then you'll be sure to get it.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.
"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by L. Taggart.

Reveals a Great Secret.
It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at L. Taggart's.

Self Help in Case of Fire.
As a house is never attacked by fire at the top and bottom at once, if there is a safe and ready exit at both top and bottom very little danger to life is to be feared. It is important that all exits should be so known as to be easily found by day or night by every inmate of the house. If the clothes you have on catch fire, a blanket, rug or some such woolen article should be quickly and tightly wrapped around you. Air is thus excluded, and the fire goes out.

A small fire in a room can often be put out in the same way in preference to pouring water on it. In case of fire keep all doors shut as far as possible. If a room is full of smoke, keep low or crawl, because smoke and hot air both rise, leaving the floor comparatively clear.

Our Varied Seasons.
The longest cold season in the United States is found in the Rocky mountain region, where it exceeds the warm by about ten days. The warm season in Texas and the lower Missouri valley opens about ten days earlier than in the region near the middle Atlantic coast and from twenty to twenty-five days earlier than on the southern coast of California. In the northwest the warm season opens from twenty to twenty-five days earlier than in the lake region and from fifteen to twenty days earlier than in the north Pacific coast region.

Regard For Sacred Trees.
Throughout the length and breadth of India the Ficus religiosa, under which Buddha rested for seven years plunged in divine thought, is dedicated to religious worship and may on no account be felled or destroyed. Yet more universal but not less sincere reverence do the peasants of Russia prostrate themselves before the trees which they are about to cut and deprecate the vengeance of the deities whose resting places they then proceed to destroy.—Gentleman's Magazine.

His Mental Incapacity.
The Court—So you ask divorce from this man on the ground of mental incapacity. What proof have you that he's insane?
The Woman—Who said he was in sane, your honor?
The Court—Why, you say he is mentally incapable.
The Woman—Yes; incapable of understanding that I'm boss.—Baltimore News.

Lack of Originality.
Says a Philadelphia physician: "The utter lack of originality in the human mind vexes me. Even the insane are not original in their delusions and manias, but they can be divided into classes, and each class has its own little uniform and unvarying set of aberrations. The insane cannot be other than imitative and commonplace."

Contrary.
"Charley, dear," said young Mrs. Torkins, "I want you to promise that you will not lose any more money on horse races."
"I won't bet a cent."
"Now, that's just sheer contrariness. You know if you don't bet you can't win."—Washington Star.

Get to the Point.
The quality of directness is characteristic of all men of great executive ability, because they value time too much to squander it in useless and meaningless conversation. It is an indispensable quality of the leader or manager of all large enterprises.—Success.

Man was made to mourn, but probably it was never intended that he should spend so much of his time at it.

For Those Who Live on Farms.

Dr. Bergin, Pana, Ills., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends; as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1.00 at L. Taggart's.

Heaven never helps the man who will not act.

World Wide Reputation.
White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at L. Taggart's.

Affection is the broadest basis of a good life.

Like a Drowning Man.
"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes Geo. S. Marsh, well-known attorney of Nacoma, Tex. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles, an sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. R. C. Dodson.

Various Styles of Hairdressing.
The various styles of hairdressing under Louis XVI. were known as the cascade of St. Cloud, the windmill, the sheep and lambs, the hen and chickens, the dog and hare, the peal of bells, the milkmaid, the bob wig, the bother, the kerchief, the oriental, the Circassian, Minerva's helmet, the crescent, the enigma, the desire to please, the turned up curl, the treasurer of the age, the frivolous bather, the rat, the drunken monkey and the lover's snare, the last named consisting of a mass of curls covered with powder, particles of which, deposited on the coat or shoulders of a gentleman, indicated the previous whereabouts of the lady's head.
