A Public-Spirited Citizen.

Everybody in Williamsport owes a debt of gratitude to the Hon. J. Henry Cochran, for he has offered to do something that will be of direct benefit to one and all alike. He has proposed, and Councils have accepted his offer, to pave Park street between Third and Fourth, with any material the city sees fit to select, although it is understood that this generous citizen prefers asphalt.

The public spirit of Mr. Cochran is well known, but this free gift of a street pavement will come as a most pleasant surprise. Councils accepted the proposition with applause as well as thanks, and will enact the necessary legislation as soon as possible. The paving of this cross street will be huge benefit, and will be another connecting link between the asphalt pavements of Third and Fourth streets. Mr. Cochran assumes the entire cost, so that the pavement will not cost the city or the other abutting property owners a cent. Acts like these prove the sincerity of the man in his efforts to add to the welfare and development of the city.—Gazette and Bulletin.

Murder at Hyner.

Residents in the vicinity of Hyner are excited over a murder that was committed in that place Friday evening. John Orlando, an Italian, who resided at Hyner, was employed as foreman on Weaver & Co.'s railroad. One day last week he discharged an Italian laborer. The discharged man, on returning to Hyner from Renovo Friday evening and while intoxicated, went to Mr. Orlando and demanded his time. The foreman was making it out when the man shot Orlando in the head near the left ear. Orlando fell to the floor when the coward shot him in the back. He died in a few minutes. Mr. Orlando was 42 years old and is survived by his wife. His funeral took place Saturday, the remains being interred at Drury's run.

The murderer fled, but he has not been captured. He was known only by a number.—Clinton Democrat.

Extensive Lumber Jobs.

T. J. Keneally and crew often men left Monday morning for Sterling Run, and went from there to Cameron. From this place, where E. V. Dunlevie will erect a mill, a railroad, five miles in length, will be built to remove bark and logs from what is known as Hunt's Run, recently purchased by Mr. Dunlevie. It is estimated that the tract contains about 16,000,000 feet of timber. Spafford, Metzger & Currier, who recently purchased a tract of land located near Huntley, Cameron county, are making preparations to erect a large mill to manufacture the timber into lumber. When these two tracts have been consumed, and those upon which other companies are operating, Cameron county will have become worthless from a lumber standpoint.—Potter Enterprise.

Mother Always Keeps It Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking, that she fears no bad affects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. R. C. Dodson.
