REPUBLICAN TICKET.

For Governor, S. W. PENNYPACKER, Philadelphia. For Lieutenant Governor, WILLIAM M. BROWN, Lawrence For Secretary of Internal Affairs, ISAAC B. BROWN, Erie. For Congress, CHARLES F. BARCLAY, Cameron Subject to De cision of Congression For State Senator, E. J. JONES, Elk. nal Convention Subject to Decision of Senatorial Convention

The Harrisburg Telegraph says Governor William A. Stone will return to Pittsburg for the practice of law at the expiration of histerm. He has no ambition to become an ambassador to Russia or any foreign court and promptly kills the story which was started after the excutive mansion conference to the effect that he was going to St. Petersburg. When the governor wants to wear knee breeches and gold buckles and other finery he will give full and timely notice.

Senator Quay is determined that the Pennsylvania delegation in the next Congress shall not show any less number of Republicans than the present delegation. As a matter of fact, he is planning to earry additional districts undeo the new apportionment act. With the ragged Democratic organization in this State a solid Republican delegation would not be a great surprise. It is important to hold up the hands of the President on the eve of a great national campaign and Pennsylvania will be close behind him when the next Congress meets,--Harrisburg Telegraph.

Six thousand employes of Cambria Steel Company at Johnstown will get an increase of ten per cent. in their wages on August 1st. This is in harmony with the increase of wages of the United States Steel Corporation about Pittsburg. But in face of these increases in wages throughout the country and in spite of the great wave of prosperity subje which is rolling from ocean to ocean certain Democratic leaders of the calamity brand are insisting that the conditions are not satisfactory. Some people are not satisfied with anything but one long holiday and soup houses.-Harrisburg Telegraph.

WASHINGTON LETTER.

From our Regular Correspondent. Washington, July 21st, 1902.

While brief news items referring to the War College in Washington

are frequently published in the newspapers, comparatively few people understand just what the College is or will be and, with a view to furnishing your readers an accurate description of the proposed institution, your correspondent called on several members of the "War College Board" and from them obtained the following information:

Briefly stated, the projected College will have three principal functions, first, the classification and development of data relative to the fortifications, military armament, etc., of foreign nations and their study from a strategic standpoint, second, the higher education of American military officers, which will include the study and working out of problems of offense and defense both at home and abroad, this work being closely related to that under the first head. and, third, the supervision and cordination of the educational work now being done in the "educational and "Special Service" schools. For many years the War De-partment has maintained schools

at various army posts where the higher branches of military education have been taught to officers, both the graduates of West Point and appointees from the volunteer service and civil life. The institu-tions known as "Special Service Schools" include the Torpedo School at Willette Point, N. Y., the Artillery School at Fort Monroe. Va., the Cavalry and Light Artillery School at Fort Riley, Kans., the Engineer School at Washington, D. C. and the Staff snd General Service School at Fort Leavenworth, Kans. Their names indicate the character of the instruction given at each. Heretofore, these schools have been under the joint supervision of the Lieutenant General and the Adjutant General, but it is believed that their direction can be much more advantageously performed by the new college, which will itself be an educational institution and whose faculty and managers will include those officers who are especially fitted for the performance of such duties.

The War College is not new in inception but only an appropriation of \$1,250,000 made by the Fiftyseventh Congress, of which amount \$900,000 is now available, made possible its immediate organization. The War College Board, to which the welfare of the College is in-trusted, was oppointed by President Roosevelt and is composed of General Young, president, Gen-erals Carter and Bliss and Majors Green and Beach.

At present the headquarters of the College are in a private residence adjoining the "temporary White House" but surveys have already been made and plans are being prepared for extensive build-ings to be located on the grounds of what are known as "the Barracks" in this city, and overlooking the Potomac and Anacostia rivers. The present plans, which are subject to some revision, include a single large building for the accommodation of the College proper, flanked by residence for the officers and a club house. The building now at the Barracks will be replaced with one or more structures in harmony with the proposed improvements. A handsome building for the Engineers school will occupy a portion of the site and an immense parade ground and barracks for the men will complete what promises to be the finest and most extensive military establishment in the United States. In this connection, it is worthy of remark that in the policy of the present administration, there is evident a purpose to develop the military organization, of the United States along lines consonant with the growing importance of the country and to take time by the forelook and strengthen the offensive and defensive resources of the nation in proportion to the increased responsibilities entailed by expansion. Sooner or later, the army reorganization law drafted by Secretary Root, and the military reorganization law, drafted by General Dick, or similar measures, will be enacted and a somewhat heterogeneous military establishment will be rounded into a homogeneous and pe rfect whole.

Saves A Woman's Life.

To have given would have meant death for Mrs. Louis Cragg of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often", she writes," "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from Coughs, Colds, Threat and lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed by L. Taggart. Price 50c and \$1.00. Trial bottles free.

Poverty has kept lots of people from making laughing stocks of themselves.

Don't Fail To Try This.

Whenever an honest trial is given to Electric Bitters for any it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's e wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satis-faction guaranteed by L. Taggart. Only

The Perfect Liver Medicine. Mrs. M. A. Jolley, Noble, O. T., writes "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and greatest blood purifier. It medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgement in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of liver producting poisons. Herbine is a most efficient liver regulator. 50c at L. Taggart's.

Very Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attact of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertise-ment of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could e so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by L.

Poisoning the System

It is through the bowels that the body is clensed of impurities, Constipation keeps these poisons in the system, causing headache, dulness and melancholia at first then unsightly eruptions and finally serious illness unless a remedy is applied. De Witt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strenthening the bowels enable them to perform their own work. Never gripe or distress. R. C. Dodson.
