EDITORIAL MENTION.

Senator Matt Quay has leased a beautiful cottage at Atlantic City where he intends to remain for the season.

In the speech of Senator Gallinger, delivered about a week before the adjournment of Congress, he says: "Every man, woman and child in the United States is equal to ten persons outside of it."

Secretary Fox, of the New York Republican State Committee, has compiled figures to show that New York State has saved \$5,665,000 in taxes since the management of affairs came into the hands of the Republicans.

Senators Quay and Penrose on Monday met a delegation from Wilkes Barre, representing the People's Alliance of that city. After an extended conference the Senators promised to use their influence to bring about a prompt settlement of the coal strike.

Much talk is indulged in as to the possibilities and probabilities of Senator Mark Hanna being a presidential candidate in 1904 but Hon. P. C. Edwards, of Ohio, announces, with apparent authority, that Senator Hanna will not be a candidate, and that President Roosevelt will.

The wife of United States Minister Squires, at Havana, was stopped in her carriage by a mounted policeman when about to call upon the wife of the French Minister, and the matter has become one of diplomatic correspondence and international interest. Minister Squires insists that the policeman shall be punished.

Admiral Edicott, Chief of the Bureau of Yards and Docks, Navy Department, is preparing specifications for a huge floating dock large enough to float a 16,000-ton battleship and to cost in the neighborhood of \$1,250,000, which, when completed, will be towed to the Philippine Islands for the uses of our Navy there.

Negotiations have been opened in Washington to adjust the difference between Colombia and Nicaragua, and, if possible, restore friendly relations between those two countries. It will require mutual explanations and apologies to conclude an agreement by which each country will rigidly respect the laws of neutrality and the rights of the other.

The people of the Philippine Islands are beginning to understand the great advantages of a settled government under the supervision of the United States, and to realize how they have been misled as to the purposes of the United States in seeking the pacification of the islands. Returns from the customs revenue of the archipelago show that for the first four months of the present year the receipts reached nearly \$3,000,000 in gold; more than twice as much as they were for the corresponding months of 1899, and a considerable increase over 1901.

Judge Pennypacker is not afraid to fight, says the Huntingdon Globe. Having resigned his seat on the bench, he will be ready to go upon the stump and battle for the principles of his party. His high character and his clean record as a citizen and jurist will inspire public confidence and when he shall have been elected, as he certainly will be, all the people will be satisfied. There is no trouble in the Republican party worthy of serious discussion. When the real business of the campaign is undertaken the rank and the file will be found doing their utmost for the candidates of their party. As for Huntingdon county, she will be found away up front.

Only three States, and those of New England, show Republican divisions this year, and all of these upon the liquor question. They are Maine, Vermont and New Hampshire, all more or less weary of prohibition, with great elements seeking high license. If the divisions do not extend to the Congressional and Legislative tickets, little can result. The Republicans only claim twenty-two majority in the next House at Washington, and a loss of twelve would be disastrous. Hence the need of activity in Pennsylvania.

The prosperity of the country is such that business people have no time to engage in a contest over the Presidential nomination. The country was all right under the administration of the great McKinley, and it is forging ahead under the splendid direction of the youngest man that has ever occupied the Presidential chair. The people are more than satisfied to leave the management of their national affairs in such good hands. Pennsylvania Republican gave early instructions in his behalf.

Representative Cannon, of Illinois, stopped over in Washington on his way to take a spin on the Government yacht Dolphin with Secretary Moody. He expressed himself as satisfied with the political outlook, with Chairman Babcock and the Text book, and said that Senator Mason's successor would be a Republican, and not Senator Mason on an Independent Democratic ticket.

Judge Pennypacker's personality is not familiar to the voters outside of Philadelphia and the adjacent counties. They naturally want to see the candidate for whom they are asked to vote, to hear what he has to say and judge him for themselves. This is right, or at least the natural desire of voters, and Judge Pennypacker will respect that desire by going before the people.

Speaking of the big crops, says the Philadelphia Press, there is Indiana that wants to be looked at. According to the State statistician, the yield of wheat, oats and corn will exceed the totals of any previous year and put more money in the hands of the farmers than any season's crop returned them. That places Indiana in this anti-Bryan, anti-Democratic column.

Zinc and Grinding Make Devoe Lead and Zinc Paint wear twice as long as lead and oil mixed by hand. Murry & Coppersmith sell our paint.

Three States of the great Northwest—Minnesota, and North and South Dakota, have harvested the greatest crops ever known, and one of the States as a result has ordered four carloads of school books. This looks like the end of Bryanism in the Dakotas.

ST. VITUS' DANCE Fenner, Fredonia, N.Y.

The Democratic plan of battle is to claim much for Pattison, and yet they have no hope of electing him, and all of them know it. They are looking for Congressional gains in the Senate and House—a seat for Guffey in the Senate and a gain of four members, sufficient under their calculations to give them control of the next House.

Whitney says he did not intend his remark that the Democratic party "has no issue and no man" for publication. It must have been intended as an evidence of good faith.

Coming Situations.
The pending Pennsylvania campaign will in its early stages deceive those who have not the opportunity to see below the surface. It will appear like a struggle between Pennypacker and Pattison, the leading rival nominee for Governor. An early statement of the truth will break misapprehensions Judge Pennypacker is in advance assured of a fine majority. No assault can injure him personally, nor can his fitness, ability or honesty be questioned. In these respects he is impregnable, and Republicans are fully satisfied. The Democracy, however, grub below this pleasant surface, and seek to undermine the Republican majority in Congress. The estimates of the two Congressional Chairmen are not far apart. A change of four from the Republican to the Democratic column in Pennsylvania might mean disaster. A like relative change in New York, Ohio, and Maryland, would give the Democrats control of the next House at Washington. What would that mean? Doubt, uncertainty—a great pause in every onward business movement, and a sure depression. Look at the past when this condition obtained. Enterprise was halted, confidence shaken, a waiting period in which millions suffered.

The Republican battle cry is "Prosperity." It is here with us every hour and every day. We would keep it with us, and the better to do it we would LET WELL ENOUGH ALONE.

What the Republicans of Pennsylvania desire, what they are struggling for, what they will achieve if all who desire rally to their aid, though every legitimate form of effort, is to keep things as they are—to keep a Republican majority in both the Senate and House at Washington. Therein is confidence, continued prosperity. The Democratic way of dividing by detail will destroy both, and lead us into unknown waters.

Pennypacker.
It is not too much to say, no man has held the office of Chief Executive in Pennsylvania more fully equipped to discharge its duties than Judge Pennypacker. In one sense, his entire life has been a preparation for the higher duties he will be called upon to assume. The people of Pennsylvania will make no mistake when they elect Judge Pennypacker their next Governor.

TRENDENDOUS DROP IN PIANOS.

Temple Music Store is Overstocked and They Must be Sold as Soon as Possible.

On account of pianos coming in daily that we have agreed to take, we are overstocked and therefore have decided to cut prices in preference to paying storage and having the instruments on our hands.

Our stock consists of Kimball, Chickering, Foster, Ives & Pond, Haines, Knabe and many others which are high grade pianos. This stock is also the largest and most complete in this part of the country.

All \$300 pianos go at \$150, our \$350 pianos will sell at \$175 and the \$400 instruments will soon be gone at \$195. These are great bargains. Then the \$425 pianos will not last long at \$217, while the very best makes and styles will be sold at ridiculously low prices. We cannot afford to sell them at these prices all the time, and we shall only sell them at reduced rates until we can reduce our stock.

If you are in the market this is a chance you cannot afford to pass, the terms being \$15 cash, and balance at least \$5 per month.

Remember the place is the Temple Music Store, No. 124 North Union St., Masonic Building, Olean, N. Y.

I tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches, the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms. It helps the child to perfect growth, wards off sickness. 25c at L. Taggart's.

Watch for a Chill.

However slight at this time of year and in this climate, it is the forerunner of malaria. A disposition to yawn, and an all tired out feeling even comes before the chill. Herbine, by its prompt stimulative action on the liver, drives the malarial germs out of the system, purifies the blood, tones up the system and restores health. 50c at L. Taggart's.

To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words cannot tell the good it has done me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength, of mind and body, depended on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests the good food you eat. Take a dose after meals. R. C. Dodson.

The average man is charitable toward all woman except his wife.

Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safe guard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by L. Taggart.
