The use of antipyrine for the relief and cure of headaches has depressing influence on the heart, and causes a derangement of the kidneys. Krause's Headache Capsules contain no antipyrine, chloral, morphine or any injurious ingredient. They cure quickly and leave the head clear and cool. Price 25c. Sold by L. Taggart.

That big harvest company doubtless expects to harvest some profits.

Physician and Druggists. Ford & Sturgeon a prominent drug firm at Rocky Hill Station, Ky., write: "We were requested by Dr. C. B. Snigley to send for Herbine for the benefit of our customers. We ordered three dozen in December, and we were glad to say, Herbine has given such great satisfaction that we have duplicated this order three times, and to-day we gave your salesman another order. We beg to say Dr. G. B. Snigley takes pleasure in recommending Herbine." 50c bottle at L. Taggart's.

Cured Paralysis. W. S. Bailey, P. O. Prue, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her all right. A Physician Healed. Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success. L. Taggart.

Having beaten the Australians at cricket all England will now rejoice.

Many persons in this community are suffering from kidney complaint who could avoid fatal results by using Foley's Kidney Cure.

Greene and Gayner are doubtless convinced that Canada after all is the real land of the free.

"I had diabetes in the worst form," writes Marian Lee of Dunreeth, Ind., "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man."

The question is whether spring is lingering in the lap of summer or whether fall has jumped into the latter.

Foley's Kidney Cure is a medicine free from poisons and will cure any cases of kidney disease that is not beyond the reach of medicine.

It Needs a Tonic. There are times when your liver needs a tonic. Don't give purgatives that gripe and weaken. De Witt's Little Early Risers expel all poison from the system and as tonic to the liver. W. Scott, 531 Highland ave., Milton, Pa., says: "I have carried DeWitt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. R. C. Dodson.

Some people cannot see why a reward should be offered as an incentive to catching criminals.

His Sight Threatened. "While picnicking last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. R. C. Dodson.

WASHINGTON LETTER.

(From our Regular Correspondent.) Washington, Aug. 18th, 1902.

The proposed Cuban loan of \$35,000,000 is still commanding considerable attention from the officials at Washington. It has been indirectly the occasion of a renewal of the gossip in regard to an extra session of Congress to be called in November for the purpose of ratifying a treaty with Cuba and has caused no little anxiety in regard to Cuba's future. The State department, in the absence of Secretary Hay, referred the news of the proposed loan to the Treasury Department on the ground that, being a financial matter, it came under the jurisdiction of the Secretary of the Treasury. Secretary Shaw, after giving the matter some consideration, decided that he had no jurisdiction and returned the papers to the State Department, and it is now held that the United States has no authority in the matter pending the ratification of a treaty with Cuba which shall make the provisions of the Platt amendment binding on both parties.

In the meantime, Senor Quesada, the Cuban minister has expressed surprise and regret at the attitude assumed by the press of this country in regard to the loan. He says that in the first place the law has, so far, only passed the Senate and still awaits the action of the House and the signature of the President. Moreover, he regards it as extraordinary that the friends of Cuba should assure that her government would act on other than business principles. He says that if the loan is finally negotiated provisions will have been made for the payment of the interest and the setting aside of a sinking fund. He believes that a part of the loan scheme includes the assessment of an internal revenue tax, similar to the war revenue tax recently collected by the United States, and by the means sufficient funds will be raised to make the loan a sound business proposition. Mr. Quesada contends that the business interests of Cuba will be served by the negotiation of the loan, that assistance can thereby be rendered to the sugar planters and a large sum of money will be placed in circulation which will make for the general prosperity. While the minister is too diplomatic to put it in just these words, his position is largely this: the United States has refused to Cuba the reciprocal concessions for which she asked and has said to her: "We have done enough for you. Now shift for yourself." Cuba is now preparing to shift for herself along lines that her best statesmen regard as advisable, and it seems peculiar that the United States should step in and attempt to interfere with the plans they adopt as for the best interest of Cuba.

It is regarded as extremely likely that the President will call the Senate in extra session and that he present for ratification a treaty which will confirm the provisions of the Platt amendment and at the same time make the tariff concessions on Cuban imports which he advocated at the last session. On the other hand, Senator Burrows has made it known that he does not regard it as within the power of the Senate to modify the existing tariff schedules without the concurrence of the House and that fact is likely to receive the careful consideration of the President before any decisive action is taken. There is current a report to the effect that Mr. Roosevelt will reverse the policy of President McKinley and will lend the assistance of the Administration to Mr. Addicks of Delaware in his efforts to become a Senator from that state. So far it has been impossible to secure any positive confirmation of the story but it is evident that the Republican organization is in serious straits in that state. Unless Mr. Addicks and Col. Dupont arrive at a settlement of their differences in the near future it is feared that the Democrats may secure the control of the legislature and possibly send two Democrats to the Senate. In view of so serious a situation, it is possible that the President may decide that the good of the party as a whole demands that he render such assistance to the friends of Mr. Addicks as will secure his election. The report was sent out, one day last week, that Senator Scott of West Virginia had been deputed to support the contest of Mr. Addicks, but the Senator denies that nevertheless, the officials in Washington regard it as extremely likely that the fear of losing two Senators to the Democrats has impelled the President to throw his assistance to the man whom he regards as the stronger in the fight.

Killed by the Flyer.

At the time of his enlistment he was 21 years and 3 months old, and giving his birthplace as Steelton, Pa.—Ridgeway Democrat.
