A Emporium Woman Asks  
"Have you a floor paint that will last two weeks?" Yes we have Devoe's; it has a beautiful gloss and will wear two years if properly applied. Murry & Coppersmith.

**BRIEF MENTION.**

Go to N. Seger's if you want the worth of your money. Reliable goods and low prices.

A. D. Gould, special agent of the Agriculture Department is after the Renovo milk dealers. He has arrested several who were fined \$85 and costs for selling adulterated milk.

Vart Land, the Swedish newspaper of this section, printed a very good picture of S. R. Dresser, Republican candidate for congress in this district. Mr. Dresser is very popular with the Swedish voters of this district and will get practically the entire Swedish vote of this district.—Smethport Miner.

To much stress cannot be laid upon importance of the grave danger apt to result from apathy. It is all well enough to be contented for the present, but there is a future that must be looked after. If a Democratic Congress should result from a careless feeling of apathy on the part of Republicans, the people of the country would have plenty of idle time to rue it in the years of hunger that will surely follow.

The marriage of Miss Estella M. Wylie of Sterling Run, and Mr. Thomas Eddy of St. Marys took place on Wednesday morning, October 15th, at the home of the bride's mother Mrs. Lucy Wylie. The ceremony was performed by the Rev. Geo. W. Faus, in the presence of members of the immediate families: Mr and Mrs. Eddy leaving soon after for a trip to Philadelphia and New York.

If you desire a continuation of the prosperity which has blessed this country for the past two years vote for S. R. Dresser, the candidate of the party whose wise legislation has made that prosperity possible. If, on the contrary, you prefer the stagnant times of the Cleveland administration vote for D. E. Hibner, the candidate of the party responsible for the shutting down of the workshops and the opening of the soup houses—the party which stands and always has stood antagonistic to American progress. The choice is yours.—Smethport Miner.

Zinc and Grinding Make  
Devoe Lead and Zinc Paint wear twice as long as lead and oil mixed by hand. Murry & Coppersmith sell our paint.

An interesting test of the prosperity of the country was shown in the recent annual encampment of the G. A. R. at Washington. The biggest crowd ever in attendance upon a Grand Army encampment was present. It must be remembered that most of them had to come from distant states, New England, New York, Pennsylvania, Illinois, Indiana, Ohio and Michigan furnishing the greater number, but Kansas, Iowa, Nebraska, California, Minnesota and Wisconsin being well represented. That meant that the old veterans had to have money. Of course they had money; they had it from the result of selling their crops for good prices, because protection had made business good and created a demand; they had it from their little investments, which had been safeguarded under wise Republican laws; some of them had it as gifts from their boys who are working in the great industrial system built up under the protective tariff and are glad to send the old folks on this jaunt to Washington; they had it because the Republican party, in the face of constant Democratic opposition had passed pension laws that were both just and generous, as a grateful Nation wanted them to be.

In the stormy days of '93 to '95 the veterans did not attend national encampments unless they were "mighty close to home." We are all glad so many could attend this year; and we are all thankful for the measure of prosperity which enables these old fellows, beloved of the Nation, to see some good times in their old days.

**Letter to Frank Pearsall.**  
Emporium, Pa.  
Dear Sir: There is going to be, from now on, in Emporium, a good deal of painting done, that will last in good condition from 3 years up—10 years is common; we know no limit—it seems to be likely to last as long as the house lasts, in favorable conditions.

The painter that uses this paint will get all the business he can do.

Devoe lead and zinc is the paint. It looks as good as any; costs no more; and is ready—no tinting or mixing to do.

The zinc is ground in with the lead by machinery—you can't do that. Test it yourself, if you like; but there's plenty of evidence for it. We take the risk of how it turns out—there is no risk.

Do you want this work?

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed. For sale by L. Taggart.

**Do Good—It Pays.**  
A Chicago man observed that "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say "My good friend, cheer up." A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time. Sold by L. Taggart.

It is said of John Wesley that he once said to Miss Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for the same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take.
