To be relieved from a torturing disease after 40 years' of torture might well cause the gratitude of anyone. That is what DeWitt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "DeWitt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns wounds, skin diseases. Beware of counterfeits. R. C. Dodson.

The Worst Form.

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleaning and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you teel good all over. Mrs. Cranfill, of Troy, I. T., writes: For a number of years I was troubled with indigestion and dyspep-sia which grew in a worse form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartly recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat. R. C. Dodson.

STRONG FOR PENNYPACKER Distinguished Educator Declares In Fa-

vor of the Republican Candidate. The following letter appeared in a recent issue of the Huntington Globe: Our townsman, Dr. M. G. Brum-baugh, former commissioner of education of Porto Rico, and now at the head of the department of pedagogy in

us as follows: Philadelphia, Oct. 7, 1902. My Dear Mr. Butz: A number of my

candidacy of Judge Pennypacker-wnether or not he is a really good man and capable of administering the high office of governor ably and well. To all such I wish to say that I have known Judge Pennypacker for many years. He is perhaps the ablest scholar of Pennsylvania history we have, and his writings are invaluable. He is, as we all know, one of the ablest jurists in the commonwealth. He is a kind-hearted, clear-headed, businesslike man, whose entire career is a great honor to him and the state. He possesses rare executive ability and is as resolute for the right as any man I know. He will make a most excel-lent governor, one who will at all times guard the welfare of the common people, whom he loves and with whom he loves to associate. He is absolutely independant of all bias in his thinking and will treat all persons with justice and equal fairness. In short, I love him and feel confident he will make a great governor.

To all my friends, I give him unqualified endorsement. I hope every one will go to the polls and vote for him. He is the type of man our public life needs. We are fortunate to have him as a candidate. We will be more than fortunate if we elect him governor by an overwhelming majority.

National issues of great moment are involved in this election and I trust every loyal citizen who is concerned for the welfare of 10,000,000 souls now un-der our flag in the islands of the sea will see that our present wise insular policy is emphatically endorsed and a Republican congress assured.

Yours very respectfully, M. G. BRUMBAUGH.

Senator W. M. Brown, candidate for lieutenant governor, is opposed to company stores. On the discussion of a bill introduced by Senator Brown, in the session of 1899, in reference to incorporating certain corporations, he declared his position regarding company stores. Among other things Senator Brown said: "I will go as far as any one else to vote to properly restrain any corporation that undertakes to militate against the people. * * would be willing that the bill be reconsidered for the purpose of inserting an amendment excluding from the provisions of the act any store run by a company; that is, I mean, by a coal company." The bill had for its object the incor-

poration of retail stores. To the objections that were made, Senator Brown, among other things, said: "We are permitting today large, powerful corporations of this commonwealth to roam at will over the people. I believe there will come a time in the his-tory of the state of Pennsylvania when you will have to extend the power of the people over these corporations.] want to say to you that when that time does come it will not be to protect the people against such corporations as are embodied in and founded upon this bill, but upon the corporations that are in existence today, with twenty-five or thirty millions of capital, strangling the people as they do.'

It is well at this time to d vell upon

the achievements of the Republican party as exemplified in Pennsylvania We were told more than two thousand years ago that men should be judged their fruits. The Republican party and its splendid achievements car stand the supreme test of comparison with the Democratic party and its failures for the past forty years. There is not a patriotic Republican today, in state or nation, who is not willing to have his party measured by this standard.

As to Union Labels.

It was a Republican legislature in Pennsylvania that passed this law, viz "Every union of workingmen, having adopted and registered under the provisions of this act any trade mark, label, symbol or private stamp, shall have, possess and enjoy fun, complete and unquestioned power and authority to name, make, dictate and specify the conditions and limitations under which the same may be used by any person or persons employing the member or members of said associations or unions, or manufacturing any article or articles upon which any such trade mark, label, symbol or private stamp may be affixed, or using in any manner in his or their business the labor symbolized by any such trade mark, label, symbol or private mark, so registered."
