Killed a Coon.

Last Friday morning just before the break of day George Chapman, an old gentleman of Lumber township, heard a dog barking on the mountain back of his home. He jumped out of bed, took his gun and proceeded to investigate the cause. When he arrived on the scene he shot one of the largest coons ever killed in this county. This is remarkable for a man 88 years of age. Who can beat it?

SWEEPING VICTORY.

168,000 Republican Majority in Pennsylvania.

The verdict of the American people at the polls on Tuesday was very largely in favor of the Republican party and its candidates. The hottest contests were in New York and Pennsylvania but right triumphed. The lower branch of Congress is safely Republican.

Pennsylvania gives Pennypacker 150,000 to 200,000 of a majority. The legislature is Republican by a large majority.

The contest in Cameron county was the most outrageous known in the history of this section of the State and daily develops the most dastardly, high-handed fraud, bribery and defiance of law, order or decency. The Elk county gang boldly entered our county and openly boasted that they would buy this county like sheep. Money was openly used by the thousands and every device resorted to carry out their threat. As the result of this outside interference we lost the election of our candidate for Legislature by seventy-nine votes. How long will the people of this county idly sit by and tolerate this outrage to be yearly repeated? The editor of this journal seems to be the object of hatred by this gang of law breakers and it is terrible to know that so many of our citizens should have so far lost their manhood as to walk around with the brand of a dollar mark upon their foreheads. We can stand the outrage if our law abiding and God-fearing people can justify their indifference. We may have something to say to the electors upon this subject in the future.

A Republican Congress.

Over and above all other matters that were at stake in Tuesday's elections was that which involved the control of the next National House of Representatives. Upon the control by the Republicans of that body very much depended. The maintenance of business confidence was the first of the things involved. Business conditions have been right and give promise of continuing so indefinitely, but a Democratic victory in the Congressional elections would have tended to impair confidence and to prepare the way for a recession of the tide of prosperity.

The indications are that the Republicans will have a majority in the next House, and this being so the minds of business men will at once be set at rest as to the conditions they will have to expect in the future, and they will be relieved of all fear of any disturbing legislation being attempted.

A Republican majority in the House also means an endorsement of the policy pursued by President Roosevelt, and gives assurance that the legislation necessary to carry out the plans of the administration to further promote the progress and prosperity of the country will be enacted. For these reasons the country is to be congratulated that there is to be no change in the control of the lower branch of the National Legislature, Republican control of the upper branch having been assured in advance of the election.

Eaton-Haskins.

The marriage of Miss Maude Adele Eaton, daughter of Mr. and Mrs. A. E. Eaton of Emporium, to Raymond M. Haskins, of Corry, was solemnized today at the Baptist church, which was beautifully decorated with potted plants in the presence of a large number of invited guests.

Promptly at 11 o'clock Miss Nellie Eaton began playing the wedding march, the soft, sweet tones being conducted through the entire ceremony, and Rev. C. E. VanSchaick, followed by the groom and best man Vine Barley, of Binghamton, N. Y., appeared at the rear entrance and proceeded to the center of the church in front of the altar. Here they were met by the ushers Messrs. Fletcher, VanEtten, Lewis, and Angood escorting the two flower girls Pearl and Laura Miller, cousins of the bride, the bridesmaids Miss Edith Lane, of this place, and Miss Flora Carter, of Port Allegany, who were followed by the bride and maid of honor Miss Carrie Eaton. As all took their positions they presented an attractive appearance.

In a few moments all was still save the low strains of music and Rev. VanSchaick performed the ceremony, and the groom sealed the compact by placing a ring on the finger of the bride. The bride was gowned in beautiful white silk and carried white roses, the maid of honor wore blue foulard and carried pink roses, while the bridesmaids were attired in blue silk mull, and white organdie. The groom and best man were neatly dressed in becoming black, and as they all marched from the altar to the carriage awaiting them their pathway strewn with flowers, they were followed by the best wishes of many friends.

After the ceremony about sixty of the relatives and friends repaired to the spacious home of Dr. and Mrs. E. U. Eaton on Main street where the bridal party waited in the parlor to receive congratulations. An elaborate banquet consisting of several courses was gracefully served by the Misses May Neal, Arlie Robinson, Maggie Munson, Claire VanSchaick, Alice Burt, Rua Bassatt, Ida Hann and Mamie Mastin. The tables were beautifully decorated with smilax, roses, and carnations, and everything seemed to conspire to the happiness of the occasion. On a table in the parlor were dainty packages of wedding cake tied with white ribbon which were presented to each guest as they departed.

The presents were numerous and useful, showing much regard for the wedded pair.—Ulysses Sentinel.

"The Big Four" qualifications of a teacher were, he said: First—a knowledge of the what. Second—a knowledge of the how; Third—Gumption; Fourth—Gimp. Of the first the teacher should possess a much greater knowledge than any pupil she expects to teach in all grades.
