The greedy man always cheats himself.

A Cold Wave. The forecast of sudden changes in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your own home. Cautious people have a bottle of one Minute Cough Cure always at hand. E. H. Wise Madison Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures Coughs, Colds, LaGrippe, Bronchitis, Pneumonia and all Throat and Lung troubles. Good intentions do not improve with age.

Saved at Grave's Brink. "I know I would long ago have been in my grave," writes Mrs. S. H. Newsom, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the worst forms of Indigestion, Waterbrash, Stomach and Bowel Dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For Indigestion, Loss of Appetite, Stomach, Liver and Kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50c at L. The Pride of Heroes. Many soldiers in the last war wrote to say that for Scratches, Bruises, Cuts, Wounds, Corns, Sore Feet and Stiff Joints, Bucklen's Arnica Salve is the best in the world. A glass or two of water half an hour before breakfast will usually keep the bowels regular. Harsh cathartics should be avoided. When a purgative is needed, take Chamberlain's Stomach and Liver Tablets. They are mild and gentle in their action. For sale by L. Taggart.

A very poor sort of man may be wealthy if he has the money.

Rattlesnake Pete's Industry. A queer business is that in which Peter Gruber, of Rochester, is engaged. He is procuring and powdering the venom of rattlesnakes for scientific uses and the price which he receives for his commodity is \$2,400 per pound, says the Bradford Era. Up to the present time Mr. Gruber, whose other name is "Rattlesnake Pete," is without competition and has a monopoly which will be free from interference by any possible regulation of trusts which may be the outcome of Congressional action. Cyanide of mercury, strychnine, arsenic, and some brands of whiskey, are sure death when given a chance to show what they can do, but the venom of the rattlesnake, as prepared by Gruber, is said to be still more deadly than any of the poisons named. Not long ago a letter was received from Germany directed to "Rattlesnake Pete, Rochester, America," asking in what quantities the venom from rattlesnakes could be furnished by the Rochester snake man and what he charged for it. When interviewed about it Pete said: "I have just received another letter from Germany. It is from Dr. Edwin L. Faust, Pharmacological Laboratory, University of Strasburg, and he wants \$500 worth of rattlesnake venom in its powdered form to experiment with. He thinks my price of \$25 per drachm is too high, but when it comes to procuring the stuff, in the manner it has to be taken from the snake, with a slip meaning a bite that would result in either death, or weeks at the hospital, I can tell you that I will not furnish a drachm for one cent less. I have to pick each snake up with my hand and force a spoon into its mouth in order to procure the venom, and although I have handled rattlers all my life, I never court trouble unless there is a financial consideration worth taking the risk for." The rattlesnake venom is used by medical experts in cases of leprosy, diphtheria, lockjaw and other diseases where desperate chances are taken for the patient's recovery.

In some recent experiments with leprous patients, it is said that good results have been obtained by rattlesnake venom, but the use of the poison for this purpose is as yet in an experimental stage. In the meantime, it is safe to say that Mr. Gruber will continue to monopolize the business of which he is the founder.

What's In a Name? Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a pacific for Piles. For Blind, bleeding, itching and protruding Biles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. R. C. Dodson.

ALL SORTS. The crucifix is not the Cross. Sincerity is the secret of success. Half a truth may be a whole lie. Practical piety must be personal. Self-knowledge will cure self-love. Singing saints are seldom sad ones. The love of God is the light of man. The avalanche starts with a pebble. Sense and sanctity are not antonyms. Profanity is often a species of insanity. Humanity is one of the gates of heaven. Iniquity is the first cause of infirmity. Lots of woman haters are afraid to mention it to their wives. Japanese coiners are alleged to be flooding Korea with counterfeit cash. Widows are not always as mournful as outward appearances would indicate. When a woman seeks information she goes after it in a roundabout way. Many a farmer earns his bread by the sweat of his hired man's brow. It's easy to believe one who speaks derogatory of others or in praise of ourselves. It is a blessed thing for us that God judges us by our efforts and not by our achievements. It will take those people who are always soured on the church a long time to get sweetened up for heaven. Halifax is considering a scheme for the establishment of a municipal hotel and restaurant near the corporation reservoir at Ogden. Paris, according to the latest census returns, has a population of 2,650,000 persons, of whom over 1,200,000 are either foreigners or provincials. Six hundred French market gardeners have gone on a strike at Nantes, and no fresh vegetables of any sort can be obtained in the town.

The flame of lust quenches the light of life.

It takes more than money to make a living.

Better Than a Plaster. A piece of flannel dampened by Chamberlain's Pain Balm and bound on the affected parts, is better than a plaster for a lame back and for pains in the side of chest. Pain Balm has no superior as a liniment for the relief of deep seated, muscular and rheumatic pains. For sale by L. Taggart.

Grapes of peace do not grow on thorns of passion.

A Million Voices. Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs causing a most obstinate cough. Several physicians said he had consumption, but could not help him. The wordly wise may be eternally foolish.

If you feel ill and need a pill Why not purchase the best? DeWitt's Early Risers Are little surprisers, Take one—they do the rest. W. H. Howell, Houston, Tex., writes —"I have used Little Early Riser Pills in my family for constipation, sick headache, etc. To their use I am indebted for the health of my family."

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needful before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by L. Taggart.
