Huntley, Esq., and family will leave for their future home in Montana on January 6th. In their departure Driftwood loses one of its most excellent families and a brilliant young lawyer. It is with much regret that we announce their departure and our best wishes for their prosperity and good health follow them.—Driftwood Gazette. All citizens of this county deeply regret the departure of this excellent family. No gentleman in this county is more highly respected for his genuine worth than George Huntley. He has a bright future before him and we shall hear, in the future, we firmly believe, good reports of this bright gentleman. Keep your eyes on the rising young men of the west. Politics Very Costly. Renovos News, (Dem.) One of the worst evils with which Clinton county has had to contend with for some years past is the too flagrant use of money, or; in other words boodle in politics. There was a time when good and honest men in Clinton had no hesitancy in coming forward for office, but that is all changed today. Politics has become sort of a business affair, and the man who to-day consents to run for office must submit to being held up on the highways and byways, and if he refuses he well knows what awaits him. Yet the very people who are guilty of this outrage are generally to be found in the front ranks shouting for the good of the party to which they swear allegiance. They go to conventions, nominate a ticket and then tell you what an excellent ticket it is, but they never say a word about the boodle part of it and the role they played in this game of the highwayman. The time has come when aspirants for office in both parties are beginning to realize that the boodle end must be eliminated. The payment of legitimate expenses is not objected to, but the placing of voters on the auction block and knocking them down to the highest bidders is an outrage on honest politics and injustice to an honest and deserving man who would otherwise seek a nomination. It has been said that a determined effort would be made during the next campaign to eliminate it, but this we are afraid can only be accomplished by the candidates entering an agreement and keeping it. There is no reason why any man anywhere in the State should be compelled to spend at least a year's salary to be elected to office. Yet such is and has been frequently the case. This condition of affairs exists in this county, and the men principally responsible for it were the leaders of several years ago. These men at that time set the pace, and to undo it now will no doubt prove a mighty hard task, because the heeled have been educated to it and they expect it and generally get all they want. Notwithstanding all this the system can be and ought to be improved upon, providing the proper course is pursued by the candidates who seek office. Honest men and honest newspapers will undoubtedly join in the movement to give the county honest and better politics. Boys clothing at N. Seger's. The prices are always the lowest and quality the best.

Where Bread was Expensive. Philip Harman, who lives in Wayne town-ship, Armstrong county, near Dayton while in Punxsutawney the other day told how he had once paid \$300 for a few buns and thought he was doing well. He was in Belle Island Prison during the Civil War and having a note for \$125 payable in gold with six per cent interest at the Indiana Bank, he exchanged it for \$40 in Confederate money and a note for the balance. A dollar in gold was then worth about \$2.25 in greenbacks, and he never realized anything on the note, he gave what was equivalent to \$300 in United States currency for \$40 in Confederate currency, worth at that time perhaps one dollar in gold. For the Confederate money he received a few buns, and to a man in Belle Island Prison at that time a bun was cheap at \$100. Consequently Mr. Harman thought he made a mighty good deal.—Punxsutawney Spirit. Cards of Thanks. Humphreys' Homeopathic Medicine Co., corner William and John Streets, New York. The appointment of Mr. Cortelyou, Secretary to the President, to the head of the new Department of Commerce and Labor, when created, is generally conceded. Many men in the President's position would be too selfish to suffer the loss of Mr. Cortelyou's services as secretary, even to secure to him a promotion that he well merits. Many people have forgotten that the Monroe Doctrine was first outlined by Great Britain. The United States can better take care of itself than can Canada, and than England can care for Canada. While the Monroe Doctrine stands, Canada, with her immense boundaries difficult to garrison and protect, is safe from European aggression. "I move that it is the sense of the Senate that every Democratic senator is a gentleman," said Senator Spooner jokingly, the other day. "I object" shouted Senator Tillman, following his usual custom. "The objection is well taken" remarked Senator Frye.

DR. CALDWELL'S SYRUP PEPSIN CURES INDIGESTION. The History by Miss Ida M. Tarbell which began in the NOVEMBER McClure's is the Great Story of Standard Oil. "Miss Tarbell's work is of unequalled importance as a 'document' of the day. Her story has live men in it; they suffer and work and win and lose their battles with the verisimilitude that removes the tale from the dry statement and clothes it with the color of human interest and the vivid rainbow gamut of human sympathy. * * * The results of her work are likely to be far-reaching; she is writing unfinished history."—Boston Globe.
