Fall and Winter Announcement.

Our stock of Fall and Winter Dry Goods is now complete. We have a nice line of heavy goods for jacket suits, and also several pieces of heavy goods for rainy-day skirts.

A full line of Ladies Wrappers for fall and winter in calico, percale and flannelette, sizes 32 to 44, from \$1.00 to \$1.85 each.

We have a large stock of white and colored all wool blankets and the prices are very low for the grade of goods.

Our stock of mercerized satin under skirts is complete. These skirts are made of the best material that can be bought for the price, and are not a back number. They are going rapidly. Do not wait until they are nearly all gone before looking them over. Prices, \$1.00, \$1.35, \$2.00 and \$2.35. These prices are special for this lot.

Have just received a shipment of ladies belts. The latest in black and colors. Prices, 25c, 50c and \$1.00 each. Also a lot of new applique trimming in black and white.

While in our store ask to see the

Lansdown Waist Patterns.

Our custom made Clothing is giving the greatest satisfaction, as is attested by the increased business we are doing in this line. We guarantee the fit and can save you from 10 to 25% on your clothing.

C. B. HOWARD & COMPANY.

A Weak Stomach

Indigestion is often caused by over-eating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't overload the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion.

Kodol Nature's Tonic.
Prepared only by E. C. DeWitt & Co., Chicago. The 2 1/2 bottle contains 2 1/2 times the 60c. size.

A safe, certain relief for Suppressed Menstruation. Never known to fail. Safe! Sure! Speedy! Satisfaction Guaranteed or money Refunded. Sent prepaid for \$1.00 per box. Will send them on trial, to be paid for when relieved. Samples Free. **UNITED MEDICAL CO., Box 74, Lancaster, Pa.**
Sold in Emporium by L. Taggart and R. C. Dodson.

GIVES UP STRUGGLE
Addicks Withdraws as a Candidate for Senator.

He Has Been Trying for Seven Years to be Elected United States Senator to Represent State of Delaware.

Dover, Del., Feb. 6.—The sudden announcement late Thursday afternoon that J. Edward Addicks had withdrawn from the candidacy for United States senator which he has urged so persistently since 1895 created an immense sensation.

The belief is general that the refusal of the United States senate to confirm United States District Attorney William M. Byrne had the effect of bringing about Mr. Addicks' withdrawal.

The union republican choice for senator in place of Addicks will probably be Gov. Hunn or Secretary of State Layton. State Senator Allee, the Addicks leader, has repeatedly declared that he would not accept the United States senatorship.

Mr. Addicks arrived here from Wilmington about 1 o'clock, going direct to the capitol. He was ushered into the parlor of the state house, where all of the 21 union republican members of the legislature were assembled to meet him, together with Secretary of State Layton and Insurance Commissioner Marshall. The assemblymen received Mr. Addicks with cheers and he appeared deeply moved by the heartiness of the greeting.

Mr. Addicks made a statement to those present at the caucus, in which he formally withdrew from the senatorial contest. In his statement Addicks said that his withdrawal is on condition that the republicans of the house and senate meet in joint caucus and elect two candidates for United States senator by majority rule.

Mr. Addicks favored a caucus of all the 31 republicans of the legislature at which two candidates for United States senators will be nominated without any use of his name.

The caucus requested by the union republicans did not take place last night.

To the democratic caucus which met at the capitol hotel to talk over the situation under the new developments, several propositions were submitted to act quickly and defeat the Addicks move.

A HOLD-UP GAME.

Capt. Richmond P. Hobson Claims He Is the Victim of One.

New York, Feb. 6.—Capt. Richmond P. Hobson, of the United States navy, who was in the city yesterday, said he had information from a reliable source that legislation that would have enabled him to go on the retired list had been held up in the house naval affairs committee at Washington by Congressman Bankhead. The congressman represents the Sixth Alabama district, in which Capt. Hobson lives, and the captain said he believed that Mr. Bankhead's opposition was due to his political interests. Capt. Hobson said that construction work in the tropics, where the reflection of the sun's rays on the water is intense, had impaired his eyesight. He had been invalided from a Manila hospital after being forced by weak eyes to quit work.

"The construction work required of me," said Hobson, "is just the kind which my impaired eyesight has made me unable to perform. There was nothing for me to do but retire or resign, for I could not go on attempting work for which I was physically disqualified. My application for retirement was approved by the construction bureau and by the president and all went well until it reached the house committee on naval affairs, of which Mr. Bankhead is a member. The opposition in that committee left me no other course than to resign."

Washington, Feb. 6.—Representative Bankhead, of Alabama, last night denied that he was in any way responsible for the action of the naval committee of the house, in refusing to report a bill retiring Capt. Hobson, as charged by that officer.

A 12 PER CENT. ADVANCE.

The Operators Offer It to Miners of Soft Coal.

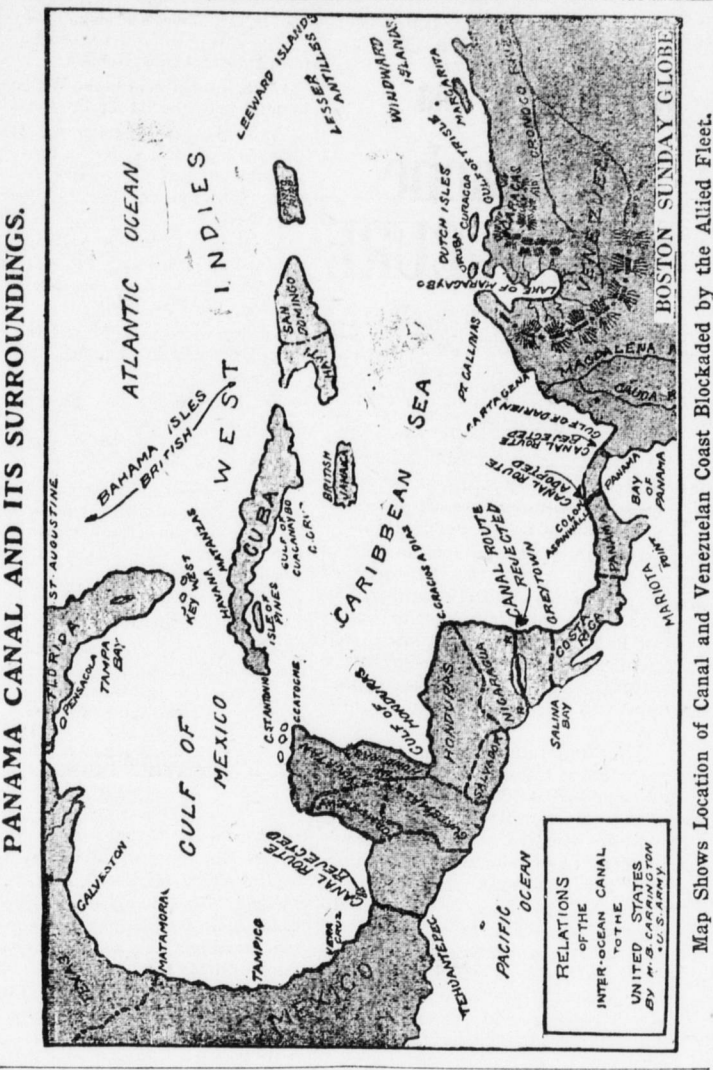

Indianapolis, Feb. 6.—The soft coal miners of Indiana, Illinois, Ohio and western Pennsylvania were yesterday offered an advance in wages for the ensuing year by the operators that for the most part will be 12 per cent. As a settlement of the wage scale in this district is the basis on which all other districts make settlement, the proposition can be said to be to the soft coal miners of the country.

The offer has not yet been accepted, as the miners are holding out for a flat differential between pick and machine mined coal and are demanding that the price of machine mined coal be advanced the same number of cents as the operators offer on pick mined coal.

E. L. Robbins, in making his statement for the operators, said that the 10-cent increase was 12 1/2 per cent, and the day laborer would get 12 1/2 per cent, and the advance to drivers figured 22 per cent, or 46 cents a day.

An Accident in a Tunnel.

Wenatchee, Wash., Feb. 6.—A west-bound Great Northern passenger train was stuck in the tunnel yesterday for nearly two hours. The train was hauled by two engines, and the engineers and firemen of both were overcome by gases from the engine. A passenger named Abbott made his way to the engine, released the air brakes and allowed the train to make a gravity run out of the tunnel. When the train reached Wenatchee the conductor, brakeman and two women passengers were still unconscious.

PANAMA CANAL AND ITS SURROUNDINGS.

WILL NOT ARBITRATE.

Strike of Elevator Men and Janitors in Chicago's Skyscrapers Is a Serious Affair.

Chicago, Feb. 7.—Tenants in many large office buildings found considerable inconvenience in getting to and from their offices yesterday, owing to the strike of elevator conductors, who, with starters, janitors and window washers, are seeking to enforce recognition of their unions by the Building Managers' association.

At the conference of the Building Managers' association and representatives of the strikers, the former body offered to arbitrate the difficulty if the men would return to work. This the strikers refused, claiming that they have been trying to arbitrate the matter for six months without any results and that the difficulty has now reached a stage where it could be adjusted only by the building managers acceding to all the demands of the strikers.

The local teamsters have been notified by their union to stop the delivery of coal at the buildings where the elevator men are out. As several of these buildings have but one day's supply of fuel on hand, they will be without heat and light by to-night, unless the strike shall be settled.

THE DIFFERENTIAL.

It Is the Only Obstacle in the Way of an Agreement on the Miners' Wage Scale.

Indianapolis, Feb. 7.—The miners and operators' joint scale committee spent Friday in closed session.

The question of the differential rate between machine and pick mined coal is still the obstacle in the way of an agreement. Illinois is the district that is now preventing an agreement. It has the seven-cent differential and the miners say they never will relinquish it. The operators are still standing firmly against the narrowing of the differential, and as no agreement was reached last night, it is not expected that one will be reached this week.

The Indiana operators and miners have come together on the dispute over the shot-firing bill, and if the Illinois delegates from the miners would agree to a change in differential the scale would soon be signed. The Indiana miners have agreed to have the shot-firing bill in the senate amended, so that the operators will not have to stand the extra cost of the employment of shot-fires. The shot-firing bill came up Friday in the legislature and action was postponed till next week.

Yielded to the Strikers.

Montreal, Que., Feb. 7.—The officials of the street railway company met a committee representing the men last night. The men were offered a 10 per cent. advance, recognition of the union and reinstatement of all men discharged for belonging to the union. A meeting of the men has been called to accept the terms.

Four Firemen Injured.

Buffalo, N. Y., Feb. 7.—The McKinnon dash and hardware factory was burned last night. Four firemen were injured, one of them probably fatally, in a collision between an engine and a chemical while en route to the fire. The loss is estimated at \$175,000.

Would-be Regicide on Trial.

Brussels, Feb. 7.—The trial of Genaro Rubino, the Italian anarchist, on the charge of attempting to assassinate King Leopold November 15 by firing three shots at him while he was returning from the cathedral here, was opened Friday.

Was Caught in Montreal.

Washington, Feb. 7.—William A. Wilson, a disbursing clerk connected with the Philippine civil government, charged with a shortage of \$8,000 in his accounts, is held under arrest at a police station in this city. He was found in Montreal.

WITHOUT A STRIKE.

Trainmen on Western Roads Will Get an Advance in Wages Ranging from 12 to 15 Per Cent.

St. Louis, Feb. 7.—General Manager Allen, of the Missouri, Kansas & Texas road, stated Friday afternoon that the differences between his company and the trainmen had been settled and that there will be no strike.

Grand Master Morrissey, of the trainmen, and Assistant Chief Garretson, of the conductors, said: "Our demands were conceded. The freight men get an advance of 15 per cent, and the passenger men of 12 per cent."

There is an understanding between the other four roads, to which similar demands were made, that whatever the Missouri, Kansas & Texas did would be accepted as indicating the basis for a general settlement with their employees, thus averting a strike.

The stupendous interests involved in the Missouri, Kansas & Texas settlement have not been fully realized. Beside affecting the four other southwestern roads, the Missouri, Pacific, Iron Mountain, the Frisco and the Cotton Belt, it will be the keynote to the settlement of wage grievances on every road west of the Mississippi river. Committees are now waiting at the headquarters of the Burlington, the Great Northern and all the other western and northern roads to follow the action in St. Louis. The "Katy" settlement will be the basis of settlement on all these roads.

Buried Under Tons of Steel.

New Castle, Pa., Feb. 7.—By the collapse of a portion of concrete roofing on the seven-story building of the Lawrence Savings and Trust Co., under construction here, Gilbert Achre was crushed to death and John McClure was seriously injured. Architect Gilvery, of New York, was cut and bruised. The falling roof carried each of the six floors beneath it to the basement, burying Achre under tons of concrete and steel. McClure miraculously escaped burial and was taken from the upper part of the wreckage in an unconscious condition.

The Situation in Delaware.

Dover, Del., Feb. 7.—The regular republicans yesterday asked the Addicks caucus for an extension of time until next Monday. The latter reluctantly yielded to the request. In view of this phase of the situation there was no election of a senator Friday. The democrats offered to support Congressman Heisler Ball for the long term, allowing the other senatorship to take care of itself. This offer was rejected, but it may be considered later.

A Fabulously Rich Strike.

El Paso, Texas, Feb. 7.—Edward M. Sturgess, a prospector near Douglas, Ariz., reports a tremendous gold strike in the Torres mountains about 40 miles from Cos, terminus of the Nacozari railroad. Sturgess claims to have taken \$150,000 gold in the last six weeks with a very crude outfit. Samples of ore are said to run as high as 3,600 ounces gold to the ton, with a value of about \$72,000.

A Fatal Collapse.

Buffalo, N. Y., Feb. 7.—While a gang of workmen were tearing down one of the buildings of an old tannery plant here Friday the coverings of a number of archways in the lower part of the building collapsed and buried a number of the workmen. The dead: Frank Fulgi, Adam Herzog and an unidentified man. Missing: John Newman, Michael Heecker and Frank H. Gong.

Strikers in Ugly Mood.

New Castle, Pa., Feb. 7.—A conflict is threatened between striking quarrymen and a sheriff's posse at Hilltown. The strikers are all Italians and the posse is guarding the heavy steam shovels and other labor saving machinery, against which the venom of the foreigners is directed.

FROM \$5 TO \$30.

Prices Paid for Cadavers at Indianapolis.

DR. ALEXANDER'S TRIAL.

Men Whom He Hired to "Lift" Corpses Testify.

STOLEN SHROUDS IN COURT.

Evidence Found in the Basement of a Medical College Is Exhibited—A Number of Ghouls Tell of Their Operations in Graveyards.

Indianapolis, Feb. 7.—In the trial of Dr. J. C. Alexander in the grave robbing cases Friday, a parcel in the possession of detectives was introduced in evidence. It contained two shrouds found by detectives in the basement of the Central college, as a result of a visit with search warrants. One of the shrouds was identified as having been made for Mrs. Catherine Doehring, whose body was stolen from the German-Catholic cemetery. It was identified by a woman who did the needlework.

Samuel Martin, colored, who was prominently identified with Cantrell in the grave robbing business, testified that Dr. Alexander told him he wanted from 17 to 20 subjects for dissection and would pay \$30 each.

Martin said that Dr. Alexander told Rufus Cantrell that he would watch the death returns at the board of health office and would notify Cantrell. The first trip, he said, was made in July, when, with Cantrell and the others, he went to the Anderson cemetery and secured the body of Glendore Gates and handed it over to the Central college. The next day Dr. Alexander paid him \$10.

His next trip was to the Ebenezer cemetery, when the body of Wallace Johnson was secured. Dr. Alexander told him the subject was not a good one, because it had been mangled by the cars and Martin received but \$5. At the same graveyard he assisted in getting the body of Johanna Stiltz, for which Dr. Alexander paid him \$8. In addition to these bodies Martin said he got a body at the insane hospital cemetery, which Dr. Alexander said was a good subject, but the witness did not remember how much money had been paid for it.

The witness gave further particulars of securing several other bodies which he said were delivered at the college and for which he received pay from Dr. Alexander.

On cross-examination Martin said there was generally liquor in the crowd when they went out to rob graves; they generally had whisky or gin, and while they drank it, they did not get drunk. Liveryman Case said Dr. Alexander had paid him \$10 for rigs used by Cantrell. Charles Mediras, a pawnbroker, said Dr. Alexander had twice taken Cantrell's clothes out of pawn and had paid him \$20.

Walter Daniels said he first met Dr. Alexander with Cantrell in July. He was introduced as a man who would stick. Daniels said: "Cantrell told him I had worked for Thornton J. Barnes, demonstrator of anatomy at the Northwestern college in Chicago. Dr. Alexander said he was glad that some one would stick, for the boys had fallen down. Cantrell said bodies were not worth much in Chicago and Dr. Alexander said they were worth but a dollar in New York City. He said he had nothing on hand then, but he would watch the returns and let us know when we would be needed. The following Saturday night we went to Dr. Alexander's office and he told us there was a good colored subject in the Anderson cemetery, and he wanted us boys to go out and get it. I asked him what my share of the job would be and he said he would give me three dollars. So we went out to Anderson road and got the body of Estella Middleton. Dr. Alexander said that it was a good subject and paid me the \$3."

An Explosive Combine.

Philadelphia, Feb. 7.—At a meeting in this city attended by a number of capitalists of New York, Baltimore and Philadelphia the American Explosives Manufacturing Co. was formed, having for its purpose the combination of all the manufacturers in this country of dynamite, powder and other explosives. The authorized capital of the concern is \$1,000,000 and this, it is stated, will be increased to \$5,000,000. The company is said to have obtained a number of plants.

A Big Deal in Oil Lands.

Buffalo, N. Y., Feb. 7.—A big oil deal has just been closed whereby the National Petroleum and General Construction Co., of London, England, secures possession of 333 producing wells, 4,000 acres of leases and a monthly production of 20,000 barrels of oil for \$655,000. The property is located in Wood, Hancock and Auglaize counties in Ohio and was owned by seven different companies.

Murdered His Daughter.

Buffalo, N. Y., Feb. 7.—Louis Kase was arrested Friday for the murder of his daughter Elizabeth, by beating her brains out with a hammer. To the police Kase made a confession and added that he was not sorry, as his daughter intended leaving him. His wife is in an insane asylum and it is believed that Kase is insane.

Began to Take Testimony.

New York, Feb. 7.—The taking of testimony in the trial of William Hooper Young, charged with the murder of Mrs. Anna Pulitzer last September, began Friday.

Map Shows Location of Canal and Venezuelan Coast Blockaded by the Allied Fleet.
