One person for the office of State Treasurer. One person for the office of Auditor General. Two persons for the office of Judge of the Superior Court.

In accordance with the rules governing the organization, the representation in the State Convention will be based on the vote polled at the last Presidential election. Under the rules each legislative district is entitled to one delegate for every two thousand votes cast for the Presidential Electors in 1900, and additional delegate for every fraction of two thousand votes polled in excess of one thousand.

By order of the Republican State Committee. M. S. QUAY, Chairman.

The Arkansas legislature has passed a bill which, according to Governor Davis, who framed it, is intended to exclude from the state every sort of concern which is identified with trust methods.

The Italian government, through the Italian ambassador at Washington, has conveyed the thanks of Italy to the United States for the part taken by this country in securing a satisfactory adjustment of the Venezuelan controversy.

A bill passed by both houses appropriating \$50,000 each for the erection in Washington of statues of Count Pulaski, the Polish patriot and Baron Steuben the German military expert who gave such invaluable aid to the Colonie cause during the Revolutionary.

The house committee detailed to investigate the coal shortage in New England reports that it found out next to nothing. The evidence showed that there was no lack of facilities for water transportation of coal, and the guarded conclusion was that if anything was wrong it must be something else.

Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins, of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. DEBSE.

How often you hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. Sold by L. Taggart.

To see a purpose in our pain is a step toward finding peace.

Wakeful Children.

For a long time the two year old child of Mr. P. L. McPherson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by L. Taggart.

Unanswered prayers are part of the education of prayer.

READ IT THROUGH.

"'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try and be convinced as I was." For sale by L. Taggart.

A Word to Nursing Mothers

It is a well known clinical fact that babies who depend wholly on mother's milk never have cholera, and are exempt from two-thirds the ailments which afflict infants.

Some inkling to this has checked the resort to artificial foods and begun to make it "good form" for every mother to nurse her own baby — when she can.

Some try it, and grow weak and sick under the strain. With others the milk flow is insufficient, and the poor baby is at last given over to the tender mercies of the milkman with his corn fodder, and stale slops, and worse.

If any mother within ten miles of our store reads this, we want to give them a hint. Try Vinol.

There are many mothers who have found that it enabled them to take more nourishment, restored their strength, and made baby healthy, hearty, and happy.

Vinol not only supports the mother's strength but transmits to the babe the foundation for a healthy childhood.

Vinol contains no dangerous drugs. We are willing to tell you just what is in it and give you the money back if it don't help you. Don't doubt, try it.
