AUTOMATIC STANCHION.

Device That Does Perfect Work and the Construction of Which Costs Almost Nothing.

A stanchion that will close itself automatically and securely fasten a cow the instant she put her head into it, although sometimes a nuisance, is generally an important labor-saving device. The illustration gives a clear idea of a simple arrangement by which any of the modern stanchions may be made into a self-fastening stanchion. It does perfect work, and the cost of construction is almost nothing. First, cut a hard wood stick 1x2 inches and

SIMPLE STANCHION DEVICE.

just long enough to hold the stanchion open. This is shown as A in the illustration. Bolt it loosely to the inner side of the standard at B. Bore a hole through the latch at C. Through this hole drive a wooden pin, so that it will extend about two inches through the latch. Insert a screw eye at D, and another in the standard at E. Pass a small but stout cord through the screw eye at E, and attach it to the screw eye at D. To the other end of the cord, fasten a heavy weight, say a pall filled with sand, and you will have a perfect self fastening stanchion. The illustration shows the stanchion open. As soon as a cow puts her head into it, she pushes the cross-stick, A, off the pin, C, and it falls to a perpendicular position. This releases the latch, which is pulled into position by the weight, when the catch will fall and hold it.

Care should be taken to have the weight heavy enough to hold the cross-piece in position, or it may fall of its own weight and thus close the stanchion. If desired, a stout spring may be inserted at G, between the latch and the manger. In this case the cord and weight will not be necessary. The cross-piece can be put in position, and the latch fastened open while the cow is backing out of the stall, and thus the stanchion will be ready for fastening the cows without the loss of a moment's time.—L. R. Olds in Farm and Home.

"They Waited" and "Saw." Warren's Corners, N. Y., April 20th.—"Wait and see—you're better now, of course, but the cure won't last."

This was what the doctors said to Mr. A. E. Smith, of this place. These doctors had been treating him for years, and he got no better. They thought that nothing could permanently cure him. He says:

"My kidneys seemed to be so large that there wasn't room for them, and at times it seemed as ten thousand needles were running through them. I could not sleep on my left side for years, the pain was so great in that position I had to get up many times to urinate, and my urine was sometimes clear and white as spring water, and again it would be high colored and would stain my linen. The pain across my back was awful. I was ravenously hungry all the time."

"After I had taken Dodd's Kidney Pills for four days my kidneys pained me so bad I could hardly sit down. On the morning of the fifth day I felt some better, and the improvement continued till I was completely cured."

"As this was months ago, and I am still feeling splendid, I know that my cure was permanent and genuine."

Jokes and Immortality. Whoever does not believe in immortality, let him put his eye upon jokes. No joke has ever been known to die. Ever the weakest from its very birth lives forever. Now and then a joke will work overtime, too consistently, and will have to go to the hospital of temporary oblivion for a rest. But it always returns to do business with a clean bill of health, and, semi-occasionally, a new tie, or a fresh collar. As a rule, however, it wears the same old celluloid neck-band and faded scarf, sponged off and benzined by the skillful hands of Time.—N. O. Times-Democrat.

"POOR DIGESTION LAZINESS AND TIRED."

[An Interesting Letter Concerning 'e-ru-na.']

Miss Della Janveau, Globe Hotel, Ottawa, Ont., is from one of the oldest and best known French Canadian families in Canada. In a recent letter to The Peruna Medicine Co., of Columbus, Ohio, she says: "Last spring my blood seemed clogged up, my digestion poor, my head ached and I felt languid and tired all the time. My physician prescribed for me, but a friend advised me to try Peruna. I tried it and am pleased to state that I found it a wonderful cleanser and purifier of the system. In three weeks I was like a new woman, my appetite had increased, I felt buoyant, light and happy and without an ache or pain. Peruna is a reliable family medicine."
