L. Taggart Will Refund Your Money if Mi-o-na Does not Cure Dyspepsia and Increase Flesh.

There are hundreds of people in Emporium when they read in the Press that L. Taggart is selling Mi-o-na under a guarantee to refund the money, in case it did not cure indigestion and increase weight.

The remarkable preparation is a true flesh-forming food, that builds up good, healthy, solid tissues, and makes thinness and scrawny a thing of the past.

It tones up the digestive organs, and will cure the worst case of indigestion, headache, dizziness, or the depressed, weak condition that afflicts nearly everyone who suffers with stomach trouble. Mi-o-na does not simply relieve; it does lasting good.

In 98 out of every 100 cases where Mi-o-na is used, the result is a restoration of perfect harmony between height and weight and an absolute and permanent cure of all stomach troubles.

There are to-day hundreds in Emporium who are recommending Mi-o-na because it cured them. A few months ago they were thin and could eat nothing without fear of stomach trouble. Since using Mi-o-na they have made noticeable gain in flesh, can eat what they want, and when they want, without fear of suffering.

Remember that you risk nothing in buying Mi-o-na. If it gives you the desired effect the cost is trifling, if it fails L. Taggart will pay for the remedy himself.
