WASHINGTON LETTER.

From our Regular Correspondent.) Washington, August, 3 1903. Editor P

Deeply as they regret the discov-Deeply as they regret the discov-ery that corruption exists in the executive departments in Washington, republicans here, and probably throughout the country, are rejoiced that President Roosevelt has had the courage to probe to the bottom one government department and now contemplates the thorough investigation of another. There is in some quarters an impression that the control of the reins of government by the great The uniform success which attends the parties, beyond a limited time, inparties, beyond a limited time, inevitably results in dishonest administration and the time is not remote when the democrats gained a national victory with the slogan "Turn the rascals out." That they might have done so again had there been any lack of earnestness on the part of the President in investigating the Postoffice Department is admitted by the wiser republican politicians, but it is appreciated now even by the demoerats, that Mr. Roosevelt has effectually spiked any democratic guns which may have been leaded with charges of corruption by inaugurating a thorough investigaton of the Postoffice Department and by preparing for a top to bottom inspection of the Government Printing Office.

It was not with the expectation of finding dishonest methods that President Roosevelt determined to tem, or despondency invariably precede institute an investigation of the methods in vogue in the Printing Office, but with a view to ascertaining why it was that the cost of printing and binding performed by the Public Printer should so greatly exceed the cost of the same work performed by private institutions. Since, however, an investigation has been determined upon, there have been a number of charges that there are serious leaks in the administrative methods. A rule of the bookbinder's union which limited the daily task of all its members first called the attention of the President to the extravagant conduct of the government printing establishment and it is probable that to that rule he charged much of the increased cost of the federal printing and binding but, to the surprise of many, the officers of the bookbinders' union announce that they will welcome an investigation as it will reveal the real leak and relieve their union from the odium of an unjust suspicion. ized the investigation of the Postoffice Department will be satisfied with any "superficial investigation" and the general public will rest assure that, when Secretary Cortelyou, who by his high probity and business like methods has already won the respect of the public and to whom the conduct of the investigation will be confided, has completed his examination of the Government Printing Office, he will have left unturned no stone nor permitted to escape his attention any improper transaction. In the words of a prominent democratic member of Congress, now in Washington, "President Roose-

velt is stealing our thunder. He is turning his own rascals out."

Taken With Cramps. Wm. Kirmse, a member of the bridg gang working near Littleport was taken suddenly il! Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gif-ford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarr hoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus.

superior. Fourteen years ago I painted my house with these paints and am now, for the first time since, repainting it. H. L. Smith, the painter, says he never knew of a house in better condition for painting after having stood so long. A gentleman, whose name I will not mention, living in our town, painted his house thirteen years ago, with these paints and he has engaged some paints to repaint, saying that he would have no other.

Dr. Heilman will also testify as to the merits of these paints. County jail painted four years ago. John Lind's two houses painted two years ago and many others, all speak for the virtue and staying qualities of these paints, and is better evidence than any man's word. Look at them; then buy the Champion paints and paint your house and be happy.

Also paper your house with the elegant wall paper at Taggart's and be doubly happy.
