One of the busiest men in the country during the month of July is the farmer, the man who feeds the world. Others may take a vacation while the heated term lasts, but he must stick to his work for long and dreary hours and under the sweltering sun, that others may have bread to eat in the coming months. It is a splendid thing for the consumer that the farmer and his good wife and his industrious assistants are willing to toil throughout July for the sake of harvesting the crops. There would be fewer vacations and much less luxury if it were otherwise.—Tarentum Times.

A FLESH-FORMING FOOD.

If Mi-o-na Does Not Build Up Good Healthy Flesh L. Taggart Will Return Your Money.

Of all the remedies in L. Taggart popular drug store there are very few he is willing to sell with a guarantee to refund the money if they do not give satisfaction.

Mi-o-na, the famous flesh-forming food and cure for stomach troubles has done such wonders among his customers that L. Taggart is now advertising. "If Mi-o-na does not give a noticeable gain in weight, if it fails to cure indigestion and all stomach troubles, come back to my store and get your money."

Anyone who has been losing flesh or who has always been too thin, should use Mi-o-na. Thinness and emaciation are signs that the food is not properly assimilated and that you do not get the nourishment you should.

Mi-o-na mingles with the food you eat, aids its assimilation, tones up and strengthens the digestive organs, and puts the whole system in proper physical condition; it saves the digestive organs from exhaustive work. By its use the elements needed to put flesh on your bones will be selected from the food, and each day will show a noticeable gain in weight.

Commence the use of Mi-o-na to-day at his risk. If it increases your weight and cures you of indigestion, it will cost you 50c, if it does not, L. Taggart will pay for the treatment himself and return your money to you.
