BE YOUR OWN JUDGE.

Mi-o-na Costs you Nothing. If it Does Not Cure, says L. Taggart.

Mi-o-na, the remarkable flesh forming food and cure for dyspepsia, has won fame by the unusual way in which it is sold. It is the only remedy offered for the cure of dyspepsia which costs the user absolutely nothing unless it cures.

L. Taggart, the popular druggist, is selling a great many packages of Mi-o-na and with every box is given his personal guarantee to refund the money if Mi-o-na does not give satisfaction, you to be your own judge as to whether the remedy helps or not.

Mi-o-na is an unusual combination, it is a flesh forming food combined with agents that regulate the digestive organs and remove irritation, congestion and inflammation from the stomach, liver and intestines. It enables those organs to extract from the food all that goes to make good, rich blood, firm muscle, steady nerves and a sound body. It does not contain any pepsin, pancreatin or other drugs, that never effect a cure and rarely give temporary relief.

Mi-o-na puts the digestive system into proper working order, gives health, strength and good flesh, and is the natural cure for indigestion. Even in chronic cases, where life is one long drawn out pain, this remedy will effect a cure. It is the simplest and most reliable of all remedies. Just one tablet before or after meals and you can eat a hearty meal without distress.

If Mi-o-na does not do all that is claimed for it L. Taggart will cheerfully refund your money.

Mrs. F. F. Day is expected to arrive in town to-day. Mrs. Day has been visiting her mother at Mina, Pa., for some time.
