**EDITORIAL MENTION.**

According to present indications the next naval review is scheduled to come off at Beirut.

Sir Thomas Lipton has furnished the American people with a fine example of a good loser.

Mr. Carnegie is buying fossils for his museum but he never had any use for them in his business.

The public is anxiously awaiting Senator Gorman's announcement as to what he will do now that Mr. Bryan has said "he won't do."

Kokoma, Indiana, reported that it is infested with women burglars. Can it be said that the gentler sex has forced open another door of opportunity?

The Ohio Democrats have declared for free silver at a ratio of 16 to 1. There was bound to be freshness about a Tom Johnson platform.

The Britannic, only twenty-nine years old and once a record breaker, is being broken up at Bremen. This indicates how short lived are vessels of modern times.

Recent developments in Indian Territory indicate that the "Great White Father" needs to look after the interests of his red children who are once more being unmercifully robbed.

It looks as though Secretary Hitchcock would have great difficulty in demonstrating that Congress intended to make him the individual trustee for the Kiowa-awapitchee funds.

President Palma has written a letter to President Roosevelt expressing gratification that Congress will soon convene in special session to perfect the ratification of the Cuban reciprocity treaty.

There are now indications of harmony among the financial experts dealing with the proposed legislation on that subject and again it appears that democrats laughed to scorn.

The experts tell us that at two years of age the child's head measure and chest measure should be the same. About thirty years later the child begins to have trouble to keep his waist measure down to his chest measure and some men have the same difficulty with their head measure.

President Roosevelt went to Oyster Bay to rest. Since he arrived there he has consulted seven cabinet officers, one diplomat, two governors, nine senators and five clerks, four lawyers, six financiers, nine soldiers and twenty-one assorted notables. Such a vacation would put many men out of the race.

**A Purgative Pleasure.**

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what a purgative pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not sicken or weaken, but give tone and strength to the tissues involved. W. H. Howell of Houston, Tex., says, "No better pill can be used than Little Early Risers for constipation, sick headache etc." Sold by R. C. Dodson.

**Warning.**

All persons are hereby forbidden from trespassing upon the property of this Company without a permit from this office or the Superintendent at the works.

**Letter to Sheriff Swope.**

Emporium, Pa.  
Dear Sir: The Trustees of Fair Ground, Cobleskill, N. Y., were glad to pay 15 cents a gallon more for Devco; and no wonder. Two other paint agents said it would take 150 gallons of their paint to cover the buildings.

Our agents put it at 125 or less. It took 115.

We saved then 35 gallons of paint and painting (worth \$4 to \$5 a gallon, as the painting costs two or three times as much the paint) less 15 cents a gallon on 115 gallons. Say \$140.

That's how to count the cost of paint. The cost of putting it on is \$3 or \$4 a gallon, You see what that means. Go by Devco.

Yours truly,  
F. W. DEVCO & Co.

P. S. Murry & Coppersmith sell our paint.

**A Halt in Corporation Improvement s**

PITTSBURG, September 6.

The Post-to-day says. According to well-matured plans, not only of the great railway corporations of the country, but of the larger investors of capital in building operations, there is likely to be a general cessation of building operations in 1904, which will make that year memorable to the trades interested.

The statement of one of the largest contracting concerns in the country connected with railway construction work is the basis for the assertion that at least \$180,000,000 worth of building operations proposed for 1904 have actually been called off, and plans have been recalled from architects and engineers.

**TO UNDERTAKE NO NEW WORK.**

It is also said by the same authority that, so far as known, there will be nothing in the shape of new work undertaken the coming year, and when the present contracts are completed a period of waiting will ensue.

It will be a waiting for the general labor situation to settle down, and the end of the factional wars and strikes that have almost destroyed confidence in building.

**PENNSY TO STOP IMPROVEMENTS.**

The same information is that the Pennsylvania Railway which now has enormous improvements under way and contemplates at least as much more, or \$50,000,000, during 1904, has decided to withdraw all of those plans and do nothing further with them until there is a more placid condition of the labor market.

Information given out shows that in New York alone there is at least \$90,000,000 of new building for 1904 involved in the general plan of withdrawal.

**\$70,000,000 TIE-UP IN CHICAGO.**

In Chicago, where the labor troubles have been continuous for months, it is said that more than \$70,000,000 of new work has been abandoned.

In this city Henry Phipps has declared that he would not turn another stone in the city except where operations have already been started.

The delay in the extensive improvements contemplated by H. C. Frick has been stated to be due entirely to the unreliable state of the labor field, and a similar condition is said to exist with the H. W. Oliver improvements not already begun.

**In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett, of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief, when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind." **THE CHAMPION MIXED PAINT**

Sold by L. TAGGART has no superior.

Fourteen years ago I painted my house with these paints and am now, for the first time since, repainting it. H. L. Smith, the painter, says he never knew of a house in better condition for painting after having stood so long.

A gentleman, whose name I will not mention, living in our town, painted his house thirteen years ago, with these paints and he has engaged some painters to repaint, saying that he would have no other.

Dr. Heilman will also testify as to the merits of these paints. County jail painted four years ago. John Lind's two houses painted two years ago and many others, all speak for the virtue and staying qualities of these paints, and is better evidence than any man's word. Look at them; then buy the Champion paints and paint your house and be happy.

Also paper your house with the elegant wall paper at Taggart's and be doubly happy.
