NEBRASKA'S GOOD MOVE.

Overthrow of Bryanism Reads the State into the Same Circle of Commonwealths.

"We congratulate the state that we have made it manifest that there is no permanent place in American politics for a leader who bases his claim for popular support upon the failures or disappointments of the people."

The Nebraska republicans acquitted themselves very creditably in their state convention. They joined their brethren of the rest of the states in urging the nomination of President Roosevelt in 1904.

of the country in all sorts of contingencies; and expressed the determination of every right-minded American in favor of the retention of the Philippines and the extension of the country's sway over the Pacific ocean.

When Nebraska, in the demo-pop fusion of 1894, broke away from the republicans its credit was lowered, and pessimistic prophecies were made as to its future. The outlook in the state grew darker when Bryan and his segregation carried it in 1896 by a two-thirds vote.

Secretary Root's Record.

As to the efficiency of Secretary Root in his four years of service at the head of the war department there is no dissenting opinion. The reorganization of the army and the care of the Philippines have demanded a statesman, and a statesman Mr. Root has proved himself to be.

Mr. Bryan will make a few speeches in Ohio, but he is unable to see what particular advantage it will be to him to elect Hon. Tom L. Johnson to the governorship of an important state.

Mr. Bryan finds shortcomings in the recent populist manifesto. As he cannot use the populists now, he has no use for them.

A new line of steamships between New Orleans and a North Atlantic port is an assured fact, according to the statements made by New Orleans board of trade representatives.

JOHNSON AND BRYAN.

The Chauffeur and the Mad Mullah of the Democracy Do a Double Turn.

After a hard, spectacular fight "Tom" L. Johnson has won the democratic nomination for governor of Ohio. Mr. Bryan used his influence to help out his friend and to see to it that the principles of the Kansas City platform were reaffirmed.

Now that Mr. Johnson is before the public for an important office it will be interesting to watch his course. As mayor of a great Ohio city he has attracted much attention by various efforts to reduce the price of street car fare.

predicts that "Tom" Johnson "is a coming man—a coming light on the political horizon." The author of this statement, who has no other than the celebrated Sam Jones, of "Golden Rule" fame, did not state what Mr. Johnson was coming to.

The informant continues that there are over 70,000 people in the fields without shelter and starving. Himi Pasha has promised the consuls that he will assist the destitute people, but he has done nothing, even refusing to allow them to enter the town and beg for food.

PARAGRAPHIC POINTERS.

A \$500,000,000 balance of trade, a treasury surplus of \$50,000,000 a year and foreign immigration reaching 1,000,000 in 1903, are samples of republican prosperity.—St. Louis Globe-Democrat.

Ex-Senator Allen has discovered that he is not such a big personage in the populist party as is Mr. Bryan. When Allen, at the Denver conference a short time ago, declared that the pops had quit fusing with the democrats he did not take the precaution to consult Bryan first.

Western farmers are said to be considering a proposition to consolidate with the fruit growers and dairymen and other contributors to the produce markets with a view to building grain elevators and cold storage warehouses at different places, where commodities may be held for satisfactory prices.

The man the democrats of Ohio have nominated for United States senator is not as fat as the man they have nominated for governor, but he looks as if he more seriously felt the imposition.—Philadelphia Press.

SCOFF AT REFORM.

Turks at Monastir Commit Awful Atrocities.

Campaign of Murder Proceeds Without Sign of Cessation—If European Troops Intervene Turks Say They Will Destroy Everything in Sight.

London, Sept. 11.—The temper of the Bulgarian people and government, according to telegrams from Sofia, is rising to danger point. All indications tend to show that however loyally the government desires to observe a neutral attitude it will be forced ere long by pressure from the people into a formal declaration of sympathy with the Macedonian Christians.

All the advices received here agree in saying that the Turkish government has restored quiet at Beirut and that the porte appreciates the necessity for taking action in the matter, as shown by the removal of the wali of Beirut, as demanded by United States Minister Leishman.

Sofia, Bulgaria, Sept. 11.—A European merchant who left Monastir September 8 has arrived at Sofia and has given an account of the terrible conditions prevailing in the vilayet of Monastir.

Even funeral processions are halted and the corpses are stripped of the new clothes in which they are dressed according to the Macedonian burial custom. The priests' vestments are seized and the soldiers sell all their plunder openly.

The shops are closed in Monastir, business is suspended and the streets are deserted. The consuls do not dare to venture outside their homes. The country people are afraid to come to the city lest they should be robbed and murdered on the way.

The best individual shooting among the members of the winning team was done by Quartermaster Sergeant Hawkins, who is a colored man. The army folk here were very much elated because of the victory of their infantry team, for the Dryden match was considered second only in importance to the national trophy match.

New Jersey was third, Pennsylvania fourth, Massachusetts fifth, Maryland sixth, Ohio seventh, Rhode Island eighth, United States marine corps ninth, Connecticut tenth, United States navy eleventh and United States army cavalry team twelfth.

Sea Girt, N. J., Sept. 10.—The name of the first winner to be engraved on the already famous national trophy provided by the congress of the United States, will be that of New York. In a spirited competition in progress two full days the Empire State team of 12 uniformed men captured the trophy handsly, finishing with a lead of 86 points over its next nearest competitor.

Massachusetts was third, with a total of 2,888, and will carry home the "Soldier of Marathon" trophy, to be held one year, and \$200.

The District of Columbia, fourth, with a total of 2,873, received \$150; Ohio, fifth, with a total of 2,787, receives \$100 and the United States marine corps, sixth, with a total of 2,772, receives \$50.

Sea Girt, N. J., Sept. 11.—The ninth day of the big shooting tournament here was literally crowded with events of interest. The program opened with the tyro company team match and ended with the annual meeting of the National Rifle Association of America.

There were only two competitors in the veterans' organization team match, open to teams of six members each from any veteran national guard organization of any state.

Sea Girt, N. J., Sept. 12.—The infantry rifle team of the United States army came to the fore very decidedly late Friday afternoon and captured the Dryden trophy, by scoring a total of 995 out of a possible 1,200.

MOST IMPORTANT PART.

First Duty of a Newly-Elected President of a Large and Wealthy Business Concern.

The newly elected president of the great corporation hurried home, dashed into the library and seized a pen.

For several hours nothing broke the silence save the scratching of the presidential pen across the paper. Sheet after sheet was filled with writing and laid aside. The perspiration rolled from the presidential brow and ink was splattered all over his shirt front.

"I have been preparing for the press the rules I have followed and by which I have made my way from obscurity to my present high position. I have noticed that this is about the first thing the newspapers have about the men who are selected to manage big institutions."

Dennard, Ark., Sept. 7th.—Mr. E. J. Hicks, merchant of this place, has written for publication, an account of a personal experience, which is very interesting.

"I got an Almanac, which told me of this remedy, and I bought some of it. I started with one pill a day, but increased the dose to six pills a day. I had not used many, till my pains began to disappear. I kept on, and now I can sleep and eat as well as ever I could, and I feel like a new man, with no pains or aches left."

"I will always recommend Dodd's Kidney Pills, for they are a wonderful remedy."

Improving. "I'd like to know," demanded the irate passenger, "why you don't give me a ride on this line? Here I am 40 minutes late this morning."

"We are giving better service," retorted the railway inspector. "Last year this train was always 50 minutes late."—London Tit-Bits.
