Nowadays new ideas in prize competitions are few and far between, but the Woman's Home Companion has hit upon something entirely novel, both in serial stories and prize contests. The editor asked four well-known authors to write a four-part serial treating of a beautiful Chicago heiress and her three admirers—an English lord, a New Yorker and a Chicago man. The various parts were well on to conclusion when it was found that the authors could not agree upon the man the heiress should marry. In this strait the editor decided to call on his readers for assistance, and to spur their interest a substantial prize is offered for the best solution.

Stewart Edward White author of "The Blazed Trail" and "Conjuror's House," is now in New York working with Robert Edson, the actor, on the dramatization of the latter novel. Mr. Edson will open the Hudson theatre, which is now building, with "Conjuror's House," next January if the theatre, as expected, is ready by that time. The star's part will be Ned Trent, the free-trader, who defies the power of the Hudson Bay Company, is captured by one of its tyrannical factors, and, while a prisoner, woos and wins the factor's daughter. The costumes will be prepared under the direction of Mr. White, who has spent much time in the remote parts of the Hudson Bay country.

DEATH'S DOINGS.

CHADWICK.

The remains of Margaret Chadwick who died at the home of her parents Mr. and Mrs. Edwin Chadwick, of Little Valley, N. Y., Friday, Oct. 23, were brought here on Saturday evening last and taken to the home of her brother-in-law and sister, Mr. and Mrs. Charles Haviland on South Maple St. From there they were conveyed on Sunday afternoon, to the Rich Valley Church where impressive funeral services were conducted by the Rev. O. S. Metzler, pastor of the First Methodist Church of town, assisted by the Rev. Mr. Irvine. The attendance was very large. Miss Chadwick was a most estimable lady and was highly esteemed by her many friends here. For many years she lived in Emporium and all who knew her, bear testimony to her amiable disposition, kindness and gentleness of heart and life. Her parents formerly resided in Rich Valley, but moved to New York state nine years ago. She was 30 years of age. Her last sickness was consumption and while some hope was entertained of her recovery it had to be abandoned as in the final stages of the disease, her decline was rapid.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one-third the time required by the usual treatment. It is for sale by L. Taggart.

Don't buy envelopes or wrappers having musilage that won't stick.

Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by L. Taggart. Only 50c.

Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by L. Taggart.

Don't fail to weigh your matter before buying stamps.

Dyspepsia Invites Disease.

To cure Dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey of disease. Kodol digests what you eat—makes the stomach sweet. Sold by R. C. Dodson.

ATTACK ON PRESIDENT.

Attempt on Life of President Diaz of Mexico.

Man With a Criminal Record Fired Five Times at a Street Car in Which Diaz With His Staff Was Riding While Guest of State Government.

Guanajuato, Mex., Oct. 28.—Great excitement was caused here by an attempt on the life of President Diaz, who was a guest of the state government during the festivities here.

The president, his staff and guests were passing by the Cantagor garden in a street car when a man of the lower class named Ellis Toscano fired five shots from a revolver at the car. None of the shots took effect.

Pablo Escandon of the president's staff rushed out of the car and caught the man. The police took Toscano to prison. He is a man with a bad criminal record, and was but recently released from prison at Greanditas, where he had served a term for homicide. The matter will be investigated.

The president remained perfectly cool. Toscano's evil record renders the theory of a deliberate attempt at assassination probable.

The president received the congratulations of the citizens and diplomatic corps.

SAM PARKS' TRIAL.

Jury Completed and Assistant District Attorney Made Opening Address.

New York, Oct. 28.—When court reconvened Juror Aaron W. Silverberg, who had been chosen Monday, asked the court to excuse him for the day owing to the serious illness of his son and he was excused permanently, reducing the number of jurors to nine. Duane F. Everson, a teacher, was chosen a few minutes later, making a new tenth juror.

Benton J. Sullivan was the eleventh juror and the last was Frederick T. Richards, a newspaper cartoonist, who was accepted after a rigid examination.

Assistant District Attorney Rand prefaced his remarks to the jurymen by saying: "We might as well understand each other at the beginning and thoroughly understand what and whom we are not trying. We are not here to antagonize the cause of labor unions, nor to voice the cause or the rights or wrongs of labor nor the rights or wrongs of capital. I say this to disabuse your minds of any idea that Parks, a walking delegate of a labor union, is on trial as a walking delegate. The term walking delegate is by no means a term of reproach although some persons have brought it into disrepute. Parks is here charged with a crime, a statutory one, known as extortion."

Mr. Rand then explained in detail the charge against Parks.

At the conclusion of Mr. Rand's opening address, Mr. Osborne made two formal motions, to dismiss the indictment and asked that the district attorney should elect on which count in the indictment he would base his case. Both motions were overruled by Judge Newburger and the trial was adjourned for the day.

Winter Naval Maneuvers.

Washington, Oct. 28.—The program for the winter naval maneuvers determined upon by the navy department contemplates the concentration of the North Atlantic squadron off Guantanamo early in December so that the vessels may be present at the transfer of the coaling station at that point by Cuba to the United States. Leaving Guantanamo, the vessels will go to Culebra until Jan. 5, when the South Atlantic and European and Caribbean squadrons will join, making an immense fleet for the maneuvers. Toward the end of January the whole fleet will proceed to Guantanamo, where it will be joined by the coast squadron and strategic problems will be undertaken.

Forged Homestead Applications.

Portland, Ore., Oct. 28.—The United States grand jury returned indictments against Miss Mary L. Ware, Horace G. McKinley and S. A. D. Puter, in connection with the entry of Southern Oregon public lands. It is charged that these three defendants forged the names of fictitious persons to homestead applications and final proofs. Miss Ware was formerly a land commissioner at Eugene, was removed on charges of fraud. McKinley and Puter are timber land operators and it is alleged that they fraudulently secured large tracts by working in connection with Miss Ware.

GUARANTEE BOND.

I hereby agree to refund the price paid for Mi-o-na if the purchaser tells me that it has not increased flesh and given freedom from stomach troubles.

L. TAGGART.

DAY'S

THE SATISFACTORY STORE.

Many Emporium housekeepers have had their eyes opened during the past year or two to what constitutes an up-to-date grocery store. Many knew before, but though this store has been in operation for a number of years and steadily increased in popularity, there are some who have not availed themselves—possibly from prejudice—of the advantages and opportunities it has offered. To such we would say, you are the losers. It has pleased others, it can please you. It claims to give better values and satisfactory treatment.
