EDITORIAL MENTION.

Bryan will probably endorse Gorman on Booker Washington Dinner platform.

Dowie says he loves New Yorkers but hates those of them who read the newspapers.

This is an age of combination. Carrie Nation and Bill Devery have joined forces in New York.

Senator Gorman's appeal to race prejudice will make him popular with the negro baiters throughout the Union.

In order to stop flirtations the Chicago street railways declare they will employ no unmarried men under twenty-five years old.

The "peerless leader" of the democrats is having great difficulty in saving his reputation from the revelations made in the Bennett Will case.

The democratic Senator from Maryland declares, "The race question has been raised and no one can tell where it will lead." He hopes it will lead Gorman to the White House.

The editor of the Paris Aurore has written a book on America. He says: "Crime is more audacious and more ingenious in America than anywhere else. There is as much virtue as anywhere else in the world, and nearly as much hypocrisy as in England."

Statistics tells us that the average Englishman consumes, in one year, two bottles of wine, 178 bottles of beer, and six bottles of spirits. The Prohibition party and the W. C. T. U. can not be very active in England.

The Arbitration Court in Sydney, New South Wales, has fined the captain of an American barkentine \$250 and costs for refusing to employ union workmen for unloading his vessel. The captain declares he will appeal to Washington.

Dowie should take lessons from the New York minister who talked \$1,400 from his congregation in half an hour. He said to them, "You can't serve God and mammon at the same time, but you can serve God with mammon and here is your chance."

Through the intercession of the War Department, the President has just pardoned a military prisoner who committed murder over forty years ago. He was imprisoned for life but escaped and has since led such a respectable life that the War Department did not care to take advantage of the discovery of his identity.

King Menelik of Abyssinia expresses a strong desire to visit the St. Louis Exposition, with Queen Taitu, but makes the condition that he shall be brought here and returned on an American War ship and that he shall be given all sovereign honors. This would be rather difficult as some of our Southern naval officers might refuse to dine on the same ship with a negro monarch.

WASHINGTON LETTER.

(From our Regular Correspondent.)

Washington, Nov. 2, 1903.

Editor Press:—

Visitors to the White House are at present received a little later than usual, as the President devotes as much time as possible each morning to the work on his annual message to Congress which he dictates to Secretary Loeb, who is one of the most competent stenographers in the country. Last year the chief topic in the President's message was the public regulation of corporations, but the laws enacted by Congress on this subject are regarded as satisfactory, and the trusts are now left to the Department of Justice and to the Department of Commerce and Labor.

There is not the slightest chance of any material trust legislation at the next regular session. The President will refrain from any suggestion which would lead to the consideration of the tariff. The reconstruction of the financial system will be discussed to some extent, but the President agrees with the party leaders that there is little need at this time for remedial legislation. The main topics in the message will be the isthmian canal, the needs of Alaska, conditions in the Philippines, the upbuilding of the navy, irrigation, land laws and the Indians. Reference will be made also to the postal frauds and the punishment of the offenders. Members of Congress and the general public expect from the President and the State Department news of the negotiations and the present prospects of canal legislation, and the message will doubtless contain a full discussion of the subject. Governor Taft and the War Department have supplied the President with a mass of facts from which he can describe the needs of the Philippine Islands and suggest legislation of different kinds. President Roosevelt believes that Alaska has a great future and his discussion of the conditions in the territory will be made easier by the facts which have been furnished him by the Sub-Committee of the Senate which visited the territory this summer.

Considerable legislation for Alaska is part of the republican plan for the winter, and the President's suggestions will be especially important. The improvement of the navy is a popular theme with the President and will make a plea for ample funds for gun practice and allowances for prizes to encourage readiness for an emergency. He will warn against any halt in making the navy a large and powerful arm. With reference to the postal frauds the President hopes to show that the matter has been so thoroughly handled by the government, that Congress will not need to make an investigation of its own. He will make public everything in the clearest and most comprehensive manner, so that the investigation may be regarded as completed.

A small flurry was created at the Japanese Legation here by the publication of a telegram of General MacArthur, dated Manila, December 28, 1900, in which the General declared that evidence had been discovered of the dealings between an official of the Japanese consulate at Manila, and the insurgent leader Trias. Mr. Takahira, the Japanese minister here has given out a long interview in which he declares that General MacArthur must have been mistaken and that Japan desired no concessions from the Philippine insurgents. The controversy has not yet been settled, and the Japanese declare that it is an attempt to alienate American sympathy from Japan in case of a conflict with Russia. General MacArthur must have had some grounds for his accusation and Japan's explanations will be interesting.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by R. C. Dodson.

"The chap who tries hardest to work a newspaper for special favors is the one who never spends a cent with it and is not even a subscriber."

Cured of Piles After 40 Years.
Mr. C. Haney, of Geneva, O., had the piles for 40 years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, ulcerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. Sold by R. C. Dodson.

"The man who begs that his name be left out of the list of drunks for fear it will hurt his mother's feelings never considered that good lady's sensibilities before in his life."

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Rodrick, of Poolesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several months and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by L. Taggart."

"The woman who declares it's none of the public's business and she won't talk, so there," always winds up by giving the reporter a rattling good story so fast that he can't take it down in shorthand."

The Best Liniment.

"Chamberlain's Pain Balm is considered the best liniment on the market," writes Post & Bliss of Georgia, Vt. No other liniment will heal a cut or bruise so promptly. No other affords such quick relief from rheumatic pains. No other is so valuable for deep seated pains like lame back and pains in the chest. Give this liniment a trial and you never wish to be without it. Sold by Jno. E. Smith, Sterling Run.

REAL NOURISHMENT FOR ALL.

Mi-o-na Makes Thin People Fat—L. Taggart Will Return Money If It Fails.

Every one needs real nourishment, then comes good health, strength and endurance. Without it, you waste away. Nearly every one eats food enough to furnish the necessary nourishment for the perfect support of life, but the food is not assimilated and there follows indigestion, weakness and emaciation.

A few day's use of Mi-o-na, the wonderful flesh forming food, will demonstrate its power to furnish real nourishment and restore health. Mi-o-na mingles with the food you eat, aids assimilation, tones up and strengthens the digestive organs and puts the whole system into proper physical condition.

By its use, the elements needed to increase flesh are assimilated from the daily food and each week will show a noticeable gain in weight.

L. Taggart knows personally of many cases of long standing stomach troubles, some of them very bad, that were entirely cured with Mi-o-na. The thin and scrawny have used this preparation and by its aid have gained real nourishment.

L. Taggart feels that he can honestly recommend Mi-o-na and as an evidence of his faith in the merit of the article, offers to sell it with the distinct understanding that the money is to be returned in every case were it fails to do all that is claimed for it. You risk nothing in buying Mi-o-na, and if it gives the desired health, the cost is trifling, only 50c a box. If it fails, L. Taggart will pay for the remedy.

"The men who spend the most money with the paper kick the least."

A Good Name.

From personal experience I testify that DeWitt's Little Early Risers are unequalled as a liver pill. They are rightly named because they give strength and energy and do their work with ease.—W. T. Easton, Boerne, Tex. Thousands of people are using these tiny little pills in preference to all others, because they are so pleasant and effectual. They cure biliousness, torpid liver, jaundice, sick headache, constipation, etc. They do not purge and weaken, but cleanse and strengthen. Sold by R. C. Dodson.
