EDITORIAL MENTION.

The English House of Lords has decided not to allow women to practice law.

Despite all rumors to the contrary, it seems certain that General Wood's nomination to be major general will be confirmed by the Senate.

The new British Ambassador to this country will receive \$50,000 a year. Our Ambassador to England receives \$17,500.

The dowager Empress of China has issued an edict for the reform of the army and navy. Such edicts are not likely to worry the Russians.

General Reyes, the Colombian special minister to the United States, was very cordially received by the President, but nothing definite was said about his hopeless mission.

The republicans are pleased that Croker, Tammany's former leader did not induce William J. Bryan to remain in England, as he has promised to take part in six more presidential campaigns.

"No man is above the law and no man is below it," declares the President in speaking in his annual message to Congress of the relations between capital and labor.

Senator Hanna says that he is tired of denying reports of ill feeling between himself and the President. The democratic papers never tire of printing these reports.

In making his committee appointments, Speaker Cannon has selected men who are not personally interested in the work assigned to them so that they can take a broad national view of the measures submitted to their committees.

President Roosevelt declares in his message to Congress, "The givers and takers of bribes stand on an evil preeminence of infamy. The exposure and punishment of public corruption is an honor to a nation not a disgrace."

Former Governor Allen Chandler, of Georgia, declared that Gorman was the best man for the democrats to nominate, but that he was "for any yankee who can lick Roosevelt." He shows some wisdom, however, in advising the democrats not to use the Panama affair as an issue.

Charles Murphy, the Tammany leader, is a power in the democratic party and Senator Gorman is doubtless much disappointed to hear that he favors Judge Parker as the democratic presidential nominee. The Senator's Jim Crow policy did not receive the approval of the northern democrats.

The extra session is over and the record of the democrats in Congress is a speech against the Panama treaty by Senator Morgan, another against Cuban reciprocity by Senator Carmack, and the proposal of Canadian reciprocity by Representative Williams. Nearly the entire country favors the Panama treaty and Cuban reciprocity, and reciprocity with Canada and Mexico would be promotive of a broader prosperity but it will of course be opposed in spots by private interests.

Notes From Howardville.

Editor Press:

The new hand wheel has run a week now, and is a fine one. Mr. Auchu superintended the job. Everybody well pleased with it.

Mr. Theodore Newton has bought a fine gold watch for a Christmas present.

Mr. Claude Carpenter has a new gold watch—a "Waltham Royal."

There are a good many men sorry that the mill went on hardwood for the winter. Rather a hard time to be out of work.

The meat trusts are paying 25 per cent. less than last year, at the same time raising the price to the consumer 10 per cent. This makes their business 35 per cent. more profitable to them, while both consumer and producer are suffering loss in consequence.

It is stated that the recent unsuccessful strike of 100,000 textile workers in Philadelphia caused a loss of \$12,000,000 to the manufacturers and \$8,000,000 to the employees. One result was the introduction of labor-saving machinery which displaced 2,000 men. About the way the average strike comes out, great loss to both sides. XX

Climate Cures.

The influence of climate conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night-sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size 75c, at L. Taggart's. 39-ly-2.

Chronic complaining doesn't make a hard lot softer.

RECTOR OF ST. LUKE'S.

Ashburn, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy.

ASHBURNHAM, Ont, April 18, 1903 I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample bottle, and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a God-sent remedy.

Respectfully yours,
E. A. LANGFELDT, M. A.,
Rector of St. Luke's Church.
To Chamberlain Medicine Co.
This remedy is for sale by L. Taggart.

Three Gateways to the West.

Since The Southwest Limited, the new electric-lighted train of the Chicago, Milwaukee & St. Paul Railway, has been placed in service Chicago to Kansas City, this company offers the best of train service to the West through three important gateways—Kansas City, Omaha and St. Paul.

The Pioneer Limited, Chicago to St. Paul and Minneapolis, for years has been the most popular train between these cities. The Overland Limited, Chicago to Omaha and San Francisco, is the most famous of transcontinental trains through Omaha.

The Southwest Limited, Chicago to Kansas City, with its stardard compartment sleepers, library observation cars and other excellent equipment, offers travelers to the Southwest better service than they have heretofore enjoyed, and in consequence has proved a success from its initial trip.
