LOCAL DEPARTMENT. PERSONAL GOSSIP.

Capt. C. F. Barclay, of Sinnamahoning transacted business in town Saturday evening. Mrs. Morrissey, who has been quite ill the past week, is somewhat improved in health. Mrs. T. N. Hackett had the misfortune to fall last Sunday breaking her left arm and severely spraining the right one. Howard Dodge has been somewhat under the weather the past week, suffering from an injury received while at work in the woods. Miss Sadie Hemphill, who has been visiting Sheriff Hemphill and family for some time, returned to her home at Philadelphia on Friday. Mrs. N. Seger, Mrs. Chas. Seger and Harold Seger were called to New York city last Thursday, on account of the death of Mrs. N. Seger's niece. J. M. Spafford, of Colesburg, visited E. J. Rogers and family from Friday until Monday evening, when he left for Florida to visit his brother, O. J. Spafford. The PRESS enjoyed a social visit from Jury Commissioners Jas. R. Batchelder and O. L. Bailey, of Grove, Tuesday evening. These gentlemen will be faithful officials. Charles Fisher, the faithful and competent blacksmith with the Emporium Iron Company, was a welcome caller at the PRESS office Monday evening. Of course he pushed the date ahead on his paper. Solomon St. Don and Miss Katie Neenan, both of Emporium, were married at St. Mark's Catholic Church, by Rev. Father Downey, last Monday morning. The City Hotel orchestra gave them a warm reception. The young couple have gone to housekeeping in one of John Hogan's houses. John Edelman is nursing a sprained wrist, having fallen on a slippery walk. Mr. and Mrs. W. A. Munday will leave to-morrow morning for Pinehurst, North Carolina, where they will spend the balance of the winter.—Bradford Star. Mrs. Munday was formerly of this place, (daughter of Rev. Johnson, and goes south for the benefit of Mr. Munday's health. Mr. and Mrs. W. S. Walker, of Austin, drove over to attend the weekly meeting of the "Society for the Dispensing of Gossip," which met at the residence of Mrs. A. F. Andrews, last Thursday evening. As only "hens" are admitted to membership in this famous fraternity, the members were very much surprised upon arriving at the supper tables, to find them in the possession of the male members of the families, which the society represented, who had quietly entered the house, by a rear door, and taken possession of everything in sight, including Arch's box of cigars. Those present, in addition to Mr. and Mrs. W. S. Walker, were: Mr. and Mrs. C. J. Goodnough, Mr. and Mrs. F. T. Beers, Mr. and Mrs. C. W. Shaffer, Mr. and Mrs. J. P. McNarney, Mr. and Mrs. Geo. Metzger, Jr., Mrs. Chas. Seger. All enjoyed the excellent repast prepared by the hostess.

Mr. and Mrs. Josiah Howard visited in the east over Sunday. Mrs. I. K. Hockley is visiting at Olean, guest of Dr. J. M. Card and family. Mr. and Mrs. D. C. Hayes were called to West Chester, Pa., on Monday, to attend the funeral of Mrs. Haye's sister. Miss Grace Pye is among the unfortunates, her right wrist being broken, the result of being thrown from a sleigh. C. W. Barr, of Gibson township, was in town yesterday attending the funeral of Mrs. Franklin Housler. He called at the PRESS office during the day. Dr. E. J. Russ, of St. Marys, was in consultation with Dr. Bardwell, on Tuesday, as to Mrs. Walker's condition. We regret the lady's condition is no better, in fact she is dangerously serious. G. W. Huntley, Esq., of Kalispell, Montana, is visiting his parents, Hon. and Mrs. G. W. Huntley. He says his family is enjoying good health, and reports a good year in the lumber trade. Three saw mills are in operation with a total daily capacity of 90,000 feet of lumber. He finds conditions very different from the East. Rent is from three to ten times higher; servant girls get \$25 per month; 15 cents buys a cigar inferior to our 2 for 5 cent cigars; luxuries are luxuries indeed, while wages, clothing and the native products of the soil compare favorably with eastern standards. Mr. H. will return to the West next week.—Driftwood Gazette.

The New Building at West Point. Congress has authorized the expenditures of ten millions of dollars on the complete rebuilding of the National Military Academy at West Point. The architects invited to compete for the plans were chosen from the highest ranks of the profession in New York, Boston, Philadelphia, Chicago, St. Louis and other cities. The successful design was submitted by Messrs. Cram, Goodhue and Ferguson, of Boston. Speaking of this design, a writer in the current number of the Forum says: "If the design shall be carried out without interference by Congress or officious meddling by the army engineers, the final result will be a group of buildings unrivalled in architectural beauty by any institution of its kind, and, taken with the beauty of their magnificent site, at least unsurpassed by any institution of any kind in the world." Messrs. Cram, Goodhue and Ferguson were the designers of the new Emmanuel Church.

When Will Coal Give Out. It appears that there is coal in the United Kingdom to a depth of 4,000 feet, sufficient, at about the present rate of output, to suffice for 371 years, but this time period will be considerably extended, seeing that there is every probability that mining can be carried on to a depth of 7,000 feet, though at this depth there will not be anything like the area of coal that there is at the former limit. And it further seems probable to expect that this period of supply may be still further extended by the more economical use of fuel, due to the establishment of central electrical supply stations, and the utilization of Moud and other gas-producing processes, and of gas-driven engines, as well as other means of obtaining a higher percentage of the heat value of the fuel.—Engineering Magazine.

A Hot Roast. A western paper speaks of things generally, and this is one of them: We are living in an age of misrepresentation. Villages are called towns and towns are called cities. Common schools are called high schools, high schools called colleges and colleges called universities. Every man with a few thousand dollars is called a capitalist and capitalists are called trust magnates. Every thirty cent politician is called a leading public man and leading public men are called statesmen. Everything turned out of the medical college mill is called a doctor and ordinary doctors are called specialists. Every fifteen cent dudelet around town is called a 'promising young man,' while the fact is he isn't worth fifteen cents in dog meat, and every old codger, is called 'one of our most valuable citizens,' when in fact the community would be much better off without him."

Annual Banquet. The Maccabees will give their annual Banquet Friday evening immediately after installation. Many merchants make the mistake of cutting down their advertising or ordering it out altogether, after the holidays. We believe that this is a short-sighted policy, and there the rest results came to the business man who advertises out of season as well as in. Christmas has come and gone and the rush incident thereto is over, but the public has not stopped buying. Bargains are just as attractive now as before the holidays, and the wise merchants "will keep everlastingly at it," so far as advertising is concerned.—Titusville Herald.

Millionaires' Poor Stomach. The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size 75c, at L. Taggart. 38-ly-1.

"The Burglar," Tuesday, Jan. 19. A charming, instructive, laughable play is the "The Burglar," to be seen Tuesday, Jan. 19 at the Emporium Opera House. It aroused the Madison Square Theater audiences in New York for part of a season, and has since toured the country with gratifying success. Even the blasé theater-goer, as well as the hardened stoic, are susceptible to their emotions as they see a desperate burglar softened by a child pleading, and the little one's tiny fingers straying among their heart strings and touches a hidden but tender chord and makes it thrill to the sweet music of humanity. Prices 25, 35, 50 and 75.

Directors' Convention. In accordance with the act of Assembly relative to School Directors' convention of which the following are a part of the Act, will convene at the Court House, Saturday, Jan. 23rd, 1904: SECTION 1. Be it enacted, &c. That it shall be the duty of each county superintendent of schools to call together, during the school year beginning June, one thousand and nine hundred and three, and annually thereafter, at the county seat or some other suitable place in the county, all the school-directors of the county, for the consideration and discussion of questions pertaining to school administration. These annual meetings shall not be held during the week of the annual county teachers' institute.

Restored to His Mother. I think it saved my boy's life. You do not know how sick he was. His urine was like blood, and it would almost take his life to urinate. He took six bottles of Thompson's Barosma, Kidney and Liver Cure which made a complete cure.—N. F. Leslie, Oil City, Pa. For sale by R. C. Dodson.

"The Burglar," Tuesday, Jan. 19. A famous play by a famous author, "The Burglar," by Augustus Thomas also author of Alabama, will shortly be seen here. This play particularly to the ladies and children, as one of the principal roles is enacted by a could not seven years old, and the costuming of the ladies is very rich and appropriate. A pretty love story is entwined in the plot of "The Burglar" and the sensational developments, though mild, are absorbingly interesting. Prices 25, 35, 50 and 75.

Card of Thanks. EDITOR PRESS:—Please convey our sincere thanks to those many kind friends who assisted and comforted us during our late affliction, the death of our dear wife and sister. MELVILLE TERWILLIGER, GEORGE PEPPER.

Serious Matter. "The third dose of Thompson's Barosma made me feel like a different man. I suffered about a year with pain in back, side and groin. My hands, arms and side of face became numb; would wake up numb all over, have to get out of bed and go through gymnastic exercise to get sleep. I had decided to sell out my business but was cured by Thompson's Barosma. This was two years ago and I have been in perfect health ever since.—J. J. Borne, Titusville, Pa. For sale by R. C. Dodson.

A failure to start often saves a miserable finish.

A Little Girl's Trouble. My little girl, five years old, was doctored for several months for bladder trouble without success. She was very bad and caused us much anxiety. Finally we put aside the doctor's medicines and tried Thompson's Barosma or Kidney and Liver Cure. Five or six bottles made a complete cure and she is now a sound, healthy girl.—N. F. Leslie, Oil City, Pa. For sale by R. C. Dodson.
