The statement made by Salsbury in the federal court to Judge Wanty, where he was convicted of violating the federal banking law, was read by Attorney Walker. "Did you lie to Judge Wanty?" he asked Salsbury.

Salsbury said: "Yes, I did lie to Judge Wanty. We had a meeting of several of us interested in the water deal and it was evident that some of us had to go to prison. I agreed to accept the burden in order to protect the others. The statement was not true and I knew it."

THE MACHIN TRIAL

The Defense Scores an Important Point-Perry Heath Testifies. Washington, Jan. 16,-In the frial Friday of August W. Machen, the Groff brothers and Dr. and Mrs. Lorenz, charged with conspiracy to defraud the government, the defense scored an important point with re-spect to the character of evidence to be introduced at this time by the government. The defense insisted that the government had not brought forth any documentary evidence showing the existence of a conspiracy to defraud the government, and that which was being offered naturally should follow the evidence of con-spiracy, so as to specifically connect the defendants with the various transactions which had been referred to. The court sustained the point. At one maint is the trial Vr. Dours At one point in the trial Mr. Doug-ass, for the defense, called on Justice Pritchard to reprim and First Assist-ant Postmaster General Wynne for volunteering the statement that a former employe of the postoflice de-partment recently had been sen-tenced in Baltimore to a term of two years in the penitendary. The suryears in the penitentary. The sug-gestion was not complied with, but the justice instructed the jury that their minds must not be prejudiced by the statement of Mr. Wynne.

Perry S. Heath, former first assistant postmaster general, who was called from his home in Salt Lake City to state what he knew about the administration of his office, was on the stand during the day.

Former First Assistant Postmaster General Johnson gave testimony as to the practice of his office in the handling of matter originating in the free delivery division.

CHURCHES AND HALLS. Many of Them Are Closed in Chicago Because They Lack Proper Fire Pro-tection.

Chicago, Jan. 15 .- From an action taken last night by the city council it is evident that the theatres in this city will not be able to reopen their doors for some time. The meeting of the council was for the purpose of considering the revision of the building ordinances and it was generally expected that the proposed amend-ments would be considered and adopted, that the proprietors of the thea-tres would know what would be de-manded of them and would be able to commence their alterations at once When the measure was called up last night Alderman Mayor moved

that consideration be deferred, that all the proposed amendments be pub-lished, and that the whole subject be The motion was passed, and all consideration of the new ordinance was postponed "until the council is ready."

Fifteen churches were closed yes-terday for violations of the building ordinances and Building Commis-sioner Williams placed them all under police guard until alterations are made.

Chicago, Jan. 16.—The coroner's inquest over the victims of the Iro-quois theatre fire was yesterday given over to witnesses from the fire department. Chief Musham and sev-eral of his highest ranking assistants were the witnesses

Chief Musham declared that in his opinion it was the duty of the building commissioner to report to him if the fire protection in the theatre was inadequate. No report had ever been made to him and he had taken no action in the matter. It had never been the custom of the fire department to inspect theatres or public build-ings for fire protection unless a re-port had been made from the office of the building commissioner. Building Commissioner Williams previously had testified that it was not the business of his office to report on fire pro-tection, but that it was a matter en-tirely belonging to the fire department. Orders were issued Friday by Com-

missioner Williams to close six more churches for failure to comply with the building ordinance.
