EDITORIAL MENTION.

Massachusetts Democrats have placed Richard Olney squarely in the field for the presidential nomination. And he must bear the toad of the Cleveland administration too.

Ex-Congressman Driggs traded his "influence" for \$12,000 and one day in. jail The judge who sentenced him expressed his deep sympathy for the distinguished prisoner.

Herbert W. Bowen, U. S. Minister to Venezula, has gone back to his post after a year's absence, carrying with him the appreval of his country for excellent services rendered.

Mrs. Longstreet explains and complans that the bitter hostility of which the late General Longstreet has been for thirty years the object had its clause in the fact that he accepted the logic of Confederate defeat and voted the Republican ticket.

In closing out an estate in Philadelphia the other day 400 shares of stock in certain companies which had a market value of over \$3,000 at the height of the boom, brought thirty-five cents. Seven hundred shares in another company, at one \$2,100, brought \$1.10. Those who are wandering how we shall get rid of trusts may save their anxious breath and their virtuous perspiration. Trusts seem to have a knack of getting rid of themselves.

William J. Bryan, who arrived home Saturday on the Celtic, objects to hodling the Democratic national convention in New York or anywhere in "the enemy's country." Enjoyed his journey hugely. Was enthusiastically received In Europe by the Czar, the Pope, King Edward, President Loubet, Tolstoi, and the Crown Prince of Denmark. He talks as if they put their arms around him and called him their "dear cousin."

How many men are there in the United States who have achieved distinction mainly because they bes; their ancestors' names? ere comes to mind Lincoln, erant, Carter Harrison, Henry George, William R. Hearst, George B. McClellan, Oliver Wendell Holmes, William Lloyd Garrison, Cornelius Vanderbilt, and many more. They have not demonstrated George William Curtis's apothegm that it is unfortunate to in-

herit a great name.

The Gormau scheme to cripple the Republican party of Maryland by disfranchising the negroes of that state seems to be constructed in the shape of a boomerang. It is modeled after the law popular in North Carolina and Mississippi by whose "grandfather" clause illiterate and penniless whites are given the ballot while it is refused to the same class of blacks. Such a discrimination is so shocking to the people of the north of all parties that, should Mr. Gorman realize his ambition and be nominated for the presidency, it will deprive him of some tens of thousands of votes of reasonable Democrats.

Case Will Come up This Month. The case of Mrs. Sarah H. Costello. of Buffalo, will be tried in the Criminal term of the Supreme Court this month on the charge of shooting with intent to kill her husband, John H Costello, the well-known lumber and oil million aire. Her husband will be the chief witness against her. The indictment against Mrs. Costello charger her with assult in the first degree in attacking her husband in his office last May She fired a revolver at him and wounded him. The Pittsburg Times is a conservative, careful newspaper for particular people. Its statements of facts and comments on them are concise and correct. Its departments are in charge of experts, and its authority in all matters pertaining to the events oi the world at large and of the community it represents more particularly is recognized. It has no Sunday edition, and its position in that regard in Pittsburg, is as unique as its thorough reliability in every way. Staunchly Republican in politcal policy it yet gives all the news of all parties. Its moral tone is high, and churchmen of every creed find in its columns more news of their interests and work than in all its contemporaries combined. Sports are given the prominence they deserve and no more. The news concerning them is bright, timely and adequate, for the work is done by a master. Theaters in The Times as in no other paper have the truth told about them and the plays they offer. No business considerations ever interfere with the publication of criticisms that really criticise, and in this department, too, the work is done by a master. Society and the affairs of women find careful and complete exposition on the page devoted to them. Industrial matters are accorded the prominence they merit in a Pittsburg paper, while the stock market is given the attention that has brought The Times into the front rank of financial authorities. Above all The Times is a model not only of brevity of statement but of dignified simplicity in its typographical appearance. It offends neither the eye nor the sensibilities. Those things that are of importance are treated accordingly. Those that are unimportant are handled in keeping with their value. Each issue of The Times is a day's history of events the wide world round. Its price is one cent daily or \$3 a year. 48-3t.

Our goods are always up-to-date and we keep nothing but the best.

This month we will receive about twelve hundred yards of Bates' Seersuckers; they will sell at the same price as last year, 12c per yard. These goods were bought early last fall. If we were to buy them now, we could hardly get them at the price we sell them for, as the price of raw cotton has been steadily advancing for the last six months.

We are also expecting a large assortment of Embroideries this month. Those who will have use for the above will do well by looking over our stock before going elsewhere.

The Bates' Seersuckers and the Embroideries will constitute the leading bargains for the winter and spring sewing.

The McCall patterns are always up-todate. Fashion sheets free.

LADIES COLLARS. We have a full line of Ladies white linen Collars, including those new hemstitched linen collars.
