Springfield, O., March 10.—The situation last evening at 6 o'clock was considered by the authorities to be more threatening than at any time since the beginning of the present troubles. While Gov. The saloons without exception were closed yesterday afternoon and many lines of business have practically ceased. It is estimated that fully 25,000 people thronged the streets. As the result of repeated requests

from influential citizens, Mayor Bow-lus finally consented not only to close the remaining negro safoons, hotels and lodging houses which are under the ban of the mob, but ordered the proprietors in every instance to move out all the intoxicating drinks and in some instances even the fixtures.

At 11 p. m. the militia had dispersed the crowds in the central part of the city, but it was feared they would form elsewhere for later movements. While there are 15,000 negroes in this city, none were seen anywhere last night. The demonstrations in yelling and jeering were from the crowds at the militia

TRADE BULLETIN.

Increased Activity Has Been the Result of Milder Weather. New York, March 12.—R. G. Dun

& Co.'s Weekly Review of Trade says: More seasonable weather has brought increased activity in business, normal conditions existing for the first time this year at many points and there is evidence of an effort to recover lost ground and prepare for a large spring trade. Collections are also improving, and structural operations revive with the higher temperature, stimulating the markets for building materials and increasing real estate transfers. There has been great damage from floods, although the severe winter had caused unusual preparation for troubles of this nature. Manufactur-ing returns are favorable as to steel and footwear, but textile mills are not active, and a further curtailment

of cotton spinning is probable.

Settlement of several important labor controversies has been accompanied by new strikes and soft coal panied by new strikes and soft coal miners have not yet reached an agreement with the operators. Traffic congestion is still very bad at some points, but on the whole the situation has improved, and railway earnings for February were only .7 per cent. less than last year.

Failures this week numbered 259 in the United States, against 239 last year, and 25 in Canada, compared with 22 a year ago.

All the defendants except Trafton appeared before the United States commissioner and were held in \$5,000 bail. In addition to the general charge of conspiracy Examiners charge of conspiracy, Examiners Trafton and Shedd and Broker Mun-roe are indicted on 19 specific counts, alleging conspiracy to undervalue goods arriving at the custom house.

Receiver Appointed.

Chicago, March 12.—The campaign begun a year ago by Attorney General Hamlin against co-operative home buying associations doing business in Illinois resulted yesterday in Judge Mack, of the circuit court, barring the American Home Assurance Co. from the state. Besides terminating the company's business in Illinois, Judge Mack appointed a receiver for the concern. More than 1,000 persons in the United States, the greater portion of whom reside the greater portion of whom reside in Illinois, it was claimed by Mr. Hamlin, had become interested in the alleged illegal home buying plans of the company.

Carelessness Caused Disaster.

New York, March 12.—Henry Parsons, an expert on building construction, retained by District Attorney Jerome to investigate the collapse of the Hotel Darlington, in which a score of workmen lost their lives, reported Friday that the collapse was caused by improper assembling of iron work, made possible by and due to loose bolts in the columns, beams and girder connections. This result-ed in the entire weight of the structure being thrown upon the flanges of the columns, instead of on their centers. The flanges were not intended for this purpose.
