D.: 50 MEN AND WOMEN. L. Taggart the enterprising druggist, is advertising to-day for fifty men and women to take advantage of the special half-price offer he is making on Dr. Howard's celebrated specific for the cure of constipation and dyspepsia, and get a fifty cent package at half-price 25 cents. So positive is he of the remarkable power of this specific to cure these diseases as well as sick headaches and liver troubles, that he agrees to refund the money to any customer whom this medicine does not quickly relieve and cure. If you cannot call at L. Taggart's store to-day, send him 25 cents by mail, and he will send your a package promptly, charges paid. 2-1n. School Report. Last March month 1903. Total pupils registered 755 755 756. No. attendance during month 654 662 651. Average attendance 577 569 538. Percentage of attendance 90 89 93. Number present every day 231 218 284. Number of pupils tardy 65 65 67. Number of pupils sick 180 195 74. Number of visitors 33 42 69. The above figures show a comparison of the attendance of this month with last month and the corresponding month last year. 153 pupils reported sick gives a part of the cause for the decline in attendance. Miss Metzger's room made the best record this month, 94 per cent. Next to regular attendance the parents can help the work of the schools most by requiring home study, in the grades above the primaries. Wisely directed aid, helping the pupils to help themselves, is also proper. Encourage self reliance by refusing to do what the pupils can do for themselves. H. O. N. O. R. R. O. L. L.
