Woman's Ills
 How rare a thing to find a woman who is perfectly healthy. Fully seventy per cent. of the sex suffers from ailments which often render life a burden. These ailments cause nervousness, irritability, melancholia, hysteria, etc. They entirely unfit a woman for life's work and deprive her of most of its joys.

 Those suffering with disordered menstruation, female weakness, prolapsus, etc., will find immediate relief from the use of Aunt Dinah's Old Virginia Herb Tea and in the majority of cases it will bring about a complete cure. It is a positive cure for chronic constipation, sick headache and indigestion. In case of nervousness and sleeplessness this tea will be found indeed a boon. It has a soothing and quieting effect on the nerves and invariably induces sound, refreshing sleep. A cupful at bed-time is all that is necessary to make a woman well and keep her well.
 Hamlin Wizard Oil Co., Chicago, Ill.
 Two years ago I suffered with female complaint and used your Aunt Dinah's Old Virginia Herb Tea with great success. I have just begun taking it again and I feel much younger and stronger. If every woman suffering from the above troubles, she would experience by using your Herb Tea she would never be without it. It is a most wonderful remedy and I take pleasure in recommending it to any lady who is suffering with female troubles.

A Continual Strain.
 Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and dispendency. They cannot, as a rule, get ride of this "continual strain," but they can remedy its health destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. At all druggists.

Triumphs of Modern Surgery.
 Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely, bones are spliced, pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on the same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Jno. E. Smith, Sterling Run.

A man who refuses to pay his debts when he can is a thief at heart.
Sued by His Doctor.
 "A doctor here has sued me for \$12-50, which I claimed was excessive for a case of cholera morbus," says R. White, of Conchella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails sold by L. Taggart.

 Worst of all Experiences
 Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bites and the result was miraculous. I improved at once and now I'm completely recovered." An Old Hunter's Advice.
 Here is the advice an old hunter gives to those who may come in unexpected contact with bad animals:
 "If you are cornered by a snake stand motionless and he will never bite.
 "If a vicious dog attacks you show him a knife or some similar instrument, and he will keep out of reach. A dog can never learn the deadliness of a revolver or a gun, but unless he has the rabies he knows how to respect a knife.
 "If a swarm of wild bees attacks you stand motionless and let out all your breath. Then only a few of the swarm will sting."
 This advice should be reversed at sea. A man who is swimming in shark infested waters is safe as long as he kicks about and makes a great deal of noise. The shark is too timid to approach anything that looks as if it meant to fight.
 "What would you do in case you were cornered by a cinnamon bear?" some one asked the old hunter.
 "Say my prayers," he answered lacholically.
They All Saw It Move.
 Mrs. Burton, with her husband, Sir Richard Burton, the famous traveler, and two ladies, had driven out of Triest to a village dance and were sitting in the carriage listening to the band. In telling of it she said:
 Suddenly, at the top of a roof, I caught sight of a rat, which appeared to me to be spellbound by the music.
 "Look!" I said. "Don't move, but watch that rat fascinated by the music."
 So we all sat and watched it and thought it most interesting that rats should be susceptible to music like lizards and snakes.
 We all saw it move. We all saw its head turn and its tail move, and we kept still, not to frighten it away. The next day, feeling so much interested in the affair, we sent to inquire about it. The rat, it turned out, was made of painted tin and fixed to the top of the house. So much for imagination.

A Rigid Sabbatarian.
 A Canadian university man is enjoying his home circle with the following story: He was touring in Scotland last summer. One Sunday morning he put his little hammer in his pocket (he is an amateur geologist) and, strolling out upon the hills, began to chip off such specimens of rock as interested him. A native passing by looked on with a frown. "Sir," he said, "do ye ken yer breakin' more than stones there?" "Breakin' the Sabbath, eh?" said the young Canadian, with a laugh, and, to appease the Scot, he put away the hammer and walked a little way with him. A turn of the road revealed the ruins of a castle. "What castle is that?" said the stranger. "It's noo the day," was the severe reply. "to be speirin' sic things."—London Outlook.

A Tree That Grows Dishes.
 There is a tree in the West Indies that the natives say "grows dishes." It looks like an apple tree. They call it the calabash. It bears very queer leaves and large white blossoms that grow right from the trunk and larger branches. After the flower comes the fruit, just as our apples or peaches do. But this fruit is in the shape of a gourd, only stronger and much larger, sometimes a foot in diameter. Now, see what a use the people of that country make of this fruit. The shell is so hard that all sorts of big and little dishes and drinking cups can be carved out of it. Even pots and kettles are made and used over the fire, but of course they cannot last as long as our iron ones.
Fetch'd 'Em.
 "Hello, Miggles! How are you getting along with that suit of yours against the railroad on account of personal injuries?"
 "I brought 'em to time, old man. I brought 'em to time!"
 "What! Did you get the \$50,000 you sued for?"
 "No; we sort o'—or—compromised on the amount. They offered me \$2500 cash, and I took 'em up so blamed quick it made their heads swim. I got it, too, by George!"—Chicago Tribune.

What It Is That Wins.
 A country woman remarked to her neighbor during a conversation on their return from market, "How is it, Mary, that you have been married four times, and I've never been married at all, and I'm much handsomer than you?"
 "Aye, to be sure," returned Mary, "but it ain't handsomeness that does it, Sarah. It's the 'come lither' in your eye."
Bird Migration.
 After years of study devoted to the topic Professor Alfred Newton, of Cambridge stated that without doubt bird migration is the greatest mystery in the entire animal kingdom, "a mystery," he added, "that can be no more explained by the modern man of science than by the simple minded savage of antiquity."
Not Just What She Meant.
 A little community of colored people in Alabama had raised the money to build a new church, and the dedication was to take place the next day. "When are you going 'omorrow?" the school teacher asked one young girl. Smith's radiant smile answered, "I'm going to the degradation of our church!"
His Thought.
 "I'm going to tell him what I think of him," said the angry man. "What do you think of it?"
 "I think," was the reply, "that he must be a smaller man than you are or else you think pretty well of him."—Chicago Post.
 "I was well; I would be better; here I lie," is the epitaph on a tombstone in England.

Starting Evidence.
 Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by L. Taggart, Druggist. Trial bottles free, regular sizes 50c, and \$1.00.
 It costs more to satisfy a vice than to feed a family.

World's Fair.
 June 9, 16, 23, and 30 are the next dates for the great Pennsylvania Railroad coach excursions to the World's Fair at St. Louis. A special train of standard day coaches will be run on the following schedule, and excursion tickets, good going only on special train, will be sold from the stations named at rates quoted:

 Proportionate rates from other points.
 Returning, tickets will be good in coaches on regular trains leaving St. Louis (Union Station) on day of validation, within ten days, including date of excursion.
