VERY WEAK EXPLANATION.

Bond Issues Are Discussed by the Ex-President, But the Whole Truth is Not Told.

It has evidently been deemed necessary that some plausible explanation be made of the repeated bond issues during the last democratic administration.

There is one thing regarding these bond issues that Mr. Cleveland does not explain, says Gunton's Magazine, and that is why they were made necessary.

Emperor Nicholas has received the following telegram, dated June 16, from Gen. Kurapatkin:

"Yesterday I had intended to attack the enemy's right flank, but just as our troops had been assigned for the purpose and were beginning to successfully envelop the enemy's right flank, the Japanese in their turn attacked my right flank with superior forces and I was compelled to retreat by three roads to the north.

"Our losses are heavy, but they are not yet completely known. During the engagement the third and fourth batteries of the First artillery brigade were literally cut to pieces by the Japanese shells.

"The conduct of the troops was excellent, a large proportion of them refusing to retire until after they had been repeatedly ordered to do so."

DUEL AT BRYANTSVILLE, IND.

Three Men Killed and Two Wounded, One Fatally.

Bryantsville, Ind., June 15.—Three men are dead and two wounded, one fatally, as the result of a pistol fight on the streets of this village Tuesday.

The fight was the culmination of a feud between the Routs and the Tow families. The Routs lived at Bedford, eight miles from Bryantsville, and the Tows are farmers living near here.

A free gravel road election was held here Tuesday and the village was crowded with farmers. There had been considerable drinking and when the Routs brothers drove into town and passed the Tows, who were standing near the election booth, trouble was looked for.

Two weeks ago at a social affair the hostility between the two families had been rekindled by a fancied insult to Charles Rout by a young woman who favored one of the Tow boys.

Five minutes after the Routs reached town they were seen approaching the election booth. The Tow brothers stood about ten feet apart awaiting the arrival of the Routs.

The crowd scattered when the shooting began and none of the bystanders were struck, although more than 25 shots were fired. The wounded were taken to a store and their wounds dressed.

A SWARM OF IMMIGRANTS.

They are Coming to New York at the Rate of 3,000 a Day—Many Will be Deported.

New York, June 15.—According to the officials at Ellis Island, the present influx of immigrants includes an unusually large proportion of undesirable, a total of 243 out of 19,595 having been already ordered deported, while 650 were held in the detention pen yesterday, awaiting final decision on their cases.

Last June one out of every 111 immigrants was turned back, while for the first 11 days of this month one out of every 80 has been deported as unfit to enter the United States.

Nearly 3,000 immigrants arrived on three steamships yesterday and the facilities at Ellis Island are being so severely taxed that the use of tents to care for those who are being detained has been suggested.

ILLINOIS DEMOCRATS.

Delegates to the St. Louis Convention Instructed for Hearst.

Springfield, Ill., June 15.—The democratic state convention yesterday nominated Lawrence B. Stringer, of Lincoln, for governor, and instructed the delegates to the St. Louis convention to vote as a unit for William R. Hearst for the presidential nomination.

Mr. Hearst's campaign managers who attempted to ride into power by the aid of his name, received no consideration whatever from the convention. The Harrison party, which came solely from Chicago and was pledged to the support of Congressman James R. Williams, was routed completely.

Killed His Son.

Mount Holly, N. J., June 15.—Frank Reinecke, aged 16 years, was killed late Monday night by his father while trying to play a joke on the latter. Young Reinecke hid in the bushes along the highway near Riverside, and as his father approached the boy jumped out, expecting to scare him.
