Two of the Democratic orators who have agreed to make speeches in the "doubtful states" are Senator Tillman and Representative John Sharp Williams. After the people have heard these very brilliant and caustic gentlemen the states will no longer be doubtful—they will become solidly Republican. What Judge Parker gained by closing his mouth his party will lose when these gentlemen open their mouths.

The labor question in its various phases is still very prominent, and a disturbing factor in many parts of the country. In Milwaukee Judge Ludwig has decided that contracts made by incorporated labor unions with manufacturers, prohibiting the employment of non-union workmen, are void. In Connecticut Mr. Justice Hatch has decided that state law requiring journeymen shoemakers to be registered is unconstitutional. The rage for laws to control and hedge in labor will in time spend itself. The less the state meddles with honest occupations, the better for the people.

Politically speaking it is announced that there is to be a fight all along the line, whatever that may mean. The line of sure enough Republican states is a very long one, and includes almost everything except the so-called "solid South." Those who put Connecticut, Illinois, and Wisconsin among the "disputed states," reckon without their host. Already the Hearst newspapers are making fierce war upon August Belmont, and Bourke Cochran, as well as other prominent New York Democratic politicians, and if this sort of thing continues, there will be little danger of New York state going Democratic.

If there are any people who complain of hard times, they should reflect for a moment that much money is being spent for luxuries which many well-meaning folks think could be dispensed with. Take the little state of Connecticut, as a fair sample, with a population of less than one million of inhabitants. It has long had the name of being the land of "steady habits," yet the collector of internal revenue taxes, for the year ending June 30, 1905, publishes a statement showing that he collected for beer \$907,317, for distilled spirits, \$161,070 for cigars, \$191,034, a total of \$1,259,421 paid for taxes alone on these three articles. How much beer, "alcoholic food" and cigars was consumed is beyond estimating. It is not the fault of any form of government that such a state of things exists. When the individual lives as wisely and temperately as he should, then the times will rapidly improve.

Republican Promises Kept. "We have made the deed square with the word," said President Roosevelt in accepting the nomination officially tendered him by Speaker Cannon. This is another way of saying that the Republican party has kept its promise to the people. Is not the country contented under Roosevelt. The gold standard has been made a fixture, so that even Judge Parker, who twice supported and voted for the party and candidate of free silver, acknowledges it. Business interests have been strictly guarded from all disturbing influences so far as a Republican Congress and a careful administration could do so. Steps have been taken to put an end to criminal combinations designed to restrain trade. In foreign affairs there has been a steady insistence for open ports in the Far East to commerce. American citizens have been protected in their rights. There have been no dangerous foreign entanglements. On the contrary, the administration's policy, while it has been positive, has made for peace. The result is that the American Nation is respected everywhere.

This being the case, how can the party of the opposition hope to carry the country under no better plea than that a change of administration is desirable? Do the majority of the voters of the United States really think that it would be desirable to place Judge Parker in power at the White House and give him a Democratic House of Representatives at Washington? We cannot believe so. There are times when it is best to leave well enough alone. We are doing well enough. If we would continue to prosper we had not better permit the Democrats to experiment. Heretofore their experiments have been disastrous.—Philadelphia Inquirer.

How a Doctor Was Cured. "For two years I was troubled with lumbago, or pain across my kidneys, the pain shooting down my thigh (especially on taking cold the pain would be terrible), a continual grinding, aching pain. One bottle of Thompson's Barosma, Backache, Live and Kidney Cure gave me immediate relief. I am now taking Barosma with great benefit as it reduces all inflammation of the stomach, liver and bladder, the great organs that regulate the whole system and purify the blood." Dr. A. S. Hubbard, 94 Brook St., Titusville, Pa. For sale by R. C. Dodson.

Discovery Concerning Rheumatism. It is now known positively that rheumatism is caused by uric acid in the blood. The only possible way to get this poison away is to get this poison out of the blood to get the kidneys, as when they are diseased or not acting properly, the uric acid passes from the kidneys into the blood. Thompson's Barosma or Kidney Cure acts quickly, taking up the uric acid, curing the kidneys and restoring them to their normal functions. Thompson's Barosma is pleasant to take. For sale by R. C. Dodson.
