MARVELOUS CURES EFFECTED. Home of a Scotch Miner Near Glasgow the Mecca of Halt and Maimed

-His Surgery Causes Surprise. London has been recently flooded with highly colored reports of mar-velous cures effected by William Rae, a Scotch miner, living at Blantyre, a little village near Glasgow.

Special correspondents have written columns telling how the halt were cured and the deformed made straight by an old man whose medical knowledge was limited to a few notions of anatomy obtained by a cursory study of a handbook. Some of them went of a handbook. Some of them went so far as to suggest that Rae's power was superhuman. His cottage, it is said, presented a remarkable sight daily. Crowds of people, some on crutches, others hobbling slong with walking sticks, but all filled with hope of being cured, besieged the former miner, who is devoting 12 hours a day to treating his patients. One instance of Rae's methods was

One instance of Rae's methods was given by a highly veracious correspondent as follows:

"The patient was a little boy who could not walk here. Said Rae: This is a case of a dislocated hip; the doctors call it disease, but it is not.' He made the boy lie down; then suddenly seizing the limb he gave it a jerk. There was a sharp crack, a sharper cry from the boy, and before the latter's mother, who was present, could recover from her astonishment, her child was walking about the room delightedly waving his discarded weighted boot in the air."

Another case termed typical was described as that of a girl who was a hunchback. In this instance the was not permitted to be with the child, but a quarter of an hour later the child came out of the cottage "straight as a die" and sobbed out her happiness on her mother's shoulder.

There were dozens of stories such There were dozens of stories such as these detailed at length in the London newspapers. Photographs of Rae have been published, showing him to be a somewhat uncouth-looking man. with a badly trimmed beard and heavy features. His fee never varies. To all alike he charges half a guinea.

From every part of England and Scotland, if one is to believe the accounts one reads, people have traveled to seek Rae's assistance and pay their half-guineas. Still, Rae is not wealthy, although it appears he has been carrying on his "bloodless surgery" for years. gery" for years.

Rae's doctrine appears to be that bone disease is an invention of the doctors. To him conclusive proof of this is that neither he nor anyone else has ever seen a diseased bone in a living person.

The secret of spinal curvature and every other condition causing deformity or lameness is contained in the single word "Bluid," for Rae's Scotch accent is one of his special charms.

"Where that's wrang," says this pathological oracle, "a' the rest's

The British Medical Journal, commenting on the affair, says there is nothing of this wondrous talk of the collier surgeon that will surprise those who know how little education has done to dissipate the clouds of ignorance and credulity which darken the public mind. The really interesting point to know would be how so foolish a thing was made a subject of a successful boom.

PACKERS DECLARE IT TO BE PRACTICALLY ENDED.

A Police Station in Chicago Stoned by Rioters-A Boycott on Ice Is Ordered - Exciting Run on a Chicago Bank.

Chicago, Aug. 2.—Monday was a usy day with the packers. With inbusy day with the packers. With in-creased forces of skilled workers and their operating departments more thoroughly equipped than at any time since the beginning of the strike, the employers took a firm grip on the ma-chinery of their affairs and as a result the stock yards took on the old hum

of activity to a great extent.
Rioters stoned the Deering street
police station late last night and for a quarter of an hour the police battled with the crowd of 2,000 men and women, as it charged the station with sticks and stones, shouting vengeance against the police.

Stones and bricks by the hundred were hurled at the building, and all the windows in the place were broken. Charge after charge was made by the police and the rioters were driven back only by the strenuous use of clubs.

Kansas City, Aug. 2.—Monday's developments in the butchers' strike were serious from the standpoint of the strikers, as hundreds of strikers returned to work, many of them being

returned to work, many of them being skilled workmen. Chicago, Aug. 3.—The meat packers whose union employes are on strike claim to be in a better position now than at any time since the struggle began. When asked for the packers' side of the situation last night Arthur Meeker, general manager for Armour & Co., said:

The strike may be said to be near an end. At the rate we are securing new employes it will be only a short time until everything will be in normal condition with us. The old employes' places have been filled so promptly that very few of the strikers will ever be able to get back their old places and those who do will come back as individuals."

Chicago, Aug. 4.—The threatened spread of the stock yards strike to outside industries came last night, when an order was issued by the Teamsters' union prohibiting drivers of ice wagons from making any deliveries to retail merchants who since eries to retail merchants who since the packing house teamsters went on strike have been hauling meat from the yards in their own wagons.

While admitting that the packers are doing considerable business, the strike leaders declare that the employers are losing money on every animal that is slaughtered, as the unskilled workers waste all the by products. It is on this waste that the strikers base their hopes for final success, arguing that it is only a matter of time until the employers will be-come tired of losing money and eventually make overtures to the unions for a settlement.

St. Joseph, Mo., Aug. 4.-More union men deserted the ranks of the strikers yesterday and returned to their old jobs at the packing plants. This number is said by the packers to

Chicago, Aug. 5.-In a statement given out last night by the packers, the report that negotiations are in progress to bring about another conference between the packers and the labor leaders, is declared to be entirely unfounded. According to this state-ment the progress being made at the plants is satisfactory to all the packers; more men are being employed daily; all contracts and current or-ders are being made at lower prices than before the strike commenced. In a table accompanying the statement it is shown that the total number of men at work at all points is more than 29,

Chicago, Aug. 6.-The strike in the packing houses was practically lost sight of yesterday in the excitement attending a run on the Drovers' Trust and Savings bank, one of the stock yards institutions. The rush of the de-positors to the bank started early in the day because an unfounded sentatives had withdrawn his mone; from the institution and reports that the bank was being used by the packing companies as an adjunct in paying off employes who have taken the places of the strikers.

All day long hundreds of depositors, most of whom had only small accounts in the bank, stood in line to withdraw their deposits. When closing time came there were at least a thousand persons waiting for their money. The officials of the bank de termined to meet the emergency, call-ed in extra tellers and the place was kept open until every depositor who presented himself at the window had been satisfied.

"We have plenty of money to meet in a little while I would be so nervous, my heart would beat like everything.

hauling one baggage car and two coaches, carrying 40 Pittsburg miners to take the place of strikers arrived yesterday, escorted by 20 armed guards. The train was backed into Joseph Leiter's stockade and unloaded without interference. One of the guards was shot through the head while leaving the car by the accidental discharge of his weapon. Leiter accompanied the men. Rapid fire guns were in position and guards centered in the inclosure, all outposts being watched by deputy sheriffs.

THE BUTCHERS' GREAT STRIKE HE COULDN'T "RECOVER."

His Wife Thought He Was a Goner and Accordingly Disposed of His Clothing.

A young clergyman in making his weekly visits among the poor of his parish in a
near-by country village quite recently
learned of a poor, sick man who recently
came from Ireland with his wife and one
child. When the minister called at the
house, relates the Philadelphia Press, he
was given a most hearty welcome, and on
reaching the bedside of the sick man was
surprised at finding him apparently well.
The day being warm the clergyman suggested that he get out of bed and spend an hour
under a shade tree in the garden.
"It may do you good," he added.
The wife, who was present, said her hus
band had better remain in the house until
the following day and then take a little
recreation. When the clergyman returned a
week later he found the husband still in
bed.
"Hayen't you been out of bed since I was

bed.

"Haven't you been out of bed since I was here?" asked the man of the cloak.

"No, sir, he has not," replied his wife.
"I don't like to tell you, sir, but the doctor gave my husband up a week ago and we sold his clothes. That's the reason he didn't go to the garden."

Arriving at a Verdict.

Kushequa, Pa., Aug. 1.—(Special)—In this section of Pennsylvania there is a growing belief that for such Kidney Diseases as Rheumatism and Lame Back there is only one sure cure, and that is Dodd's Kidney Pills. This belief grows from such cases as that of Mrs. M. L. Davison, of this place. She tells the story herself as follows:—

"I have suffered from Rheumatism for thirty years and find that Dodd's Kidney Pills have done me more good than any medicine I have ever taken. I was also bothered with Lame Back, and I can only say that my back hasn't bothered me since I took Dodd's Kidney Pills."

Considering that Mrs. Davison only took two boxes of Dodd's Kidney Pills, the result would be considered wonderful if it were not that others are reporting similar results daily. Kushequa is fast arriving at a verdict that "Dodd's Kidney Pills are the one sure cure for Rheumatism."

Good Enough Scotchman.

Andrew Carnegie told this story lately:
A Scotchman and an Englishman went to see "Douglas," and after Norval's great speech the Scotchman asked his companion:
"What do ye think of your Willie Shakespeare noo?"
"Well," was the answer, "you have claimed Chaucer, Milton, Spencer, Wordsworth, Byron and most of the others; I suppose you'll be claiming Shakespeare as Scotch."

"Well," said the Scot, "ye'll allow there's a prima facie case for that; ye'll allow he had intellect enough!"—Philadelphia Public Leder.

Big Rooms—Big Meals—Small Cost.

Notwithstanding malicious reports to the contrary, the Inside Inn, at the World's Fair, St. Louis, has thoroughly sustained the high reputation of Mr. E. M. Statler, its Manager, for giving first-class accommodations at reasonable rates.

Thanks to its enormous size and wonderful equipment, it has been enabled to properly care for the enormous crowds which have sought its hospitality, without overcrowding or discomfort.

Standing, as it does, upon an eminence, and surrounded by a beautiful natural forest, it has enjoyed the popular verdict of being the coolest and most delightful spot in all St. Louis.

Women who work, whether in the house, store, office or factory, very rarely have the ability to stand the strain. The case of Miss Frankie Orser, of Boston, Mass., is interesting to all women, and adds further proof that woman's great friend in need is vdia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered misery for several years. My back ached and I had bearing down pains, and frequent headaches. I would often wake from a restful sleep in such pain and misery that it would be hours before I could close my eyes again. I dreaded the long nights and weary days. I could do no work. I consulted different physicians hoping to get relief, but, finding that their medicines did not cure me, I tried Lydia E. Pinkham's Vegetable Compound, as it was highly recomended to me. I am glad that I did so, for I soon found that it was the medicine for my case. Very soon I was rid of every ache and pain and restored to perfect health. I feel splendid, have a fine appetite, and have gained in weight a lot."—MISS FRANKIE ORSER, 14 Warrenton St., Boston, Mass.

Surely you cannot wish to remain weak, sick and discouraged, and exhausted with each day's work. Some derangement of the feminine organs is reponsible for this exhaustion, following any kind of work or effort. Lydia E. Pinkham's Vegetable Compound will help you just as it has thousands of other women.

The case of Mrs. Lennox, which follows, proves this.

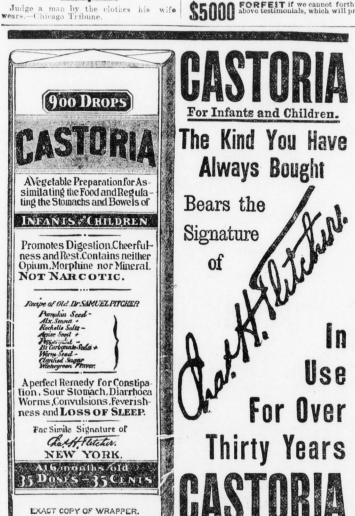

"Dear Mrs. Pinkham: — Last winter I broke down suddenly and had to seek the advice of a doctor. I felt sore all over, with a pounding in my head, and a dizziness which I had never experienced before. I had a miserable appetite, nothing tasted good, and gradually my health broke down completely. The doctor said I had female weakness, but, although I took his medicine faithfully, I found no relief.

although I took his medicine faithfully, I found no relief.

"After two months I decided to try what a change would do for me, and as Lydia E. Pinkham's Vegetable Compound was strongly recommended to me I decided to try it. Within three days I felt better, my appetite returned, and I could sleep. In another week I was able to sit up part of the day, and in ten days more I was well. My strength had returned, I gained fourteen pounds, and felt better and stronger than I had for years. I gratefully acknowledge its merits. Very sincerely yours, Mrs. Bert E. Lennox, 120 East 4th St. Dixon, Ill."
