BUTCHERS' STRIKE SITUATION.

MUCH DISORDER ATTENDS THE GREAT STRUGGLE.

Hungry Strikers Fought for Food-Mayor Harrison Will be Asked to Help Settle the Strike.

Chicago, Aug. 13.—A riot in crowded Fifth avenue, within a square of the city hall, and recalling the teamsters' strike two years ago, when missiles were hurled from the windows of office buildings, capped the climax of disorder in the strike yesterday. During the day half a dozen men were hurt in various encounters and shots were fired during an attack on a train load of strike breakers. All told, the day's violence was more widespread

day's violence was more widespread than in any previous day of the strike. Even President Golden, of the Teamsters' union, was attacked while trying to rescue Max Falk, a union teamster, who was driving a wagon loaded with meat. Four hundred persons had pursued Falk, not knowing he was a unionist, and were attacking him when Golden anneared. When he was a unionist, and were attacking him when Golden appeared. When Folk produced a union button Golden mounted the wagon, took the reins and urged back the mob. Stones and sticks were showered at Golden and Falk before Golden, who suffered many injuries, was recognized.

The opening of a commissary station for the strikers drew so large a

tion for the strikers drew so large a crowd that union officials found them-selves unable to cope with the situation. Crowding and pushing to attain advantageous position in the waiting line resulted in fighting and it was feared the building would be wrecked by the hungry throng. When this danger became apparent and the labor officials found themselves helpless, a committee was sent to the nearest po-pice station to request a police detail of two men to preserve order and prevent women and children from being trampled on. The request was denied, it being declared there were no available officers to send out.

Seventy skilled butchers who struck

here are reported to have returned to their former employers, Schwartzchild & Sulzberger. The 70 are said to have been sent to New York to take the places of strikers in the firm's plant there. Other alleged desertions of the prior cause during the past 24 hours. union cause during the past 24 hours are claimed to aggregate 319 men, all skilled butchers.

Mayor Harrison will be asked to-day to do what he can toward settling the stock yards strike.

New York, Aug. 13.—Assaults upon non-union meat wagon drivers became men were roughly handled, despite the efforts of the police guard assigned to every team. That the sympathy of the teamsters employed by independent packers who were not affected by the strike order was with the strikes was evident on several or the strikers was evident on several oc casions.

A non-union driver was badly beaten by a crowd of alleged strikers near the Schwarzschild & Sulzberger plant and after he was rescued by the police he quit his job and went home under police escort

Lightning Killed Two People. New York, Aug. 11.—During a thun-

der storm in this city and vicinity yes-terday William Hagen, 27 years old, was killed by lightning while driving a truck in Brooklyn. An unidentified boy is also said to have been killed by lightning in Brownsville. Several buildings were struck, among them St. John's Evangelical Lutheran church in Hoboken, N. J. In Brooklyn light ning struck the trolley pole of a Rock-away avenue surface car and set fire to the car, in which there were 25 or 30 passengers. All the passengers were stunned for a moment, but recovered in time to leave the car before anyone was seriously burned.

Our Dealings with Turkey. Washington, Aug. 13.—While it is difficult to secure any details of Minister Leishman's last communication and of the response of the state department, it is gathered that the minister has informed the state depart ment of the terms of the proposition advanced to him Thursday by the Turkish officials; that these appeared to the state department to be satisfactory and in line with what it has demanded. The American squadron consisting of the Olympia, Baltimore and Cleveland arrived at Smyrna yes-

Grand Circuit Races.

New York, Aug. 12.—After a day's delay on account of rain the grand circuit races were resumed at the Empire City track yesterday. The big stake of the day was the \$10,000 Knickerbocker for 2:14 trotters. Only six came to the post. Sweet Marie, the favorite, won. In the 2:12 trot, a dash of one and an eighth miles, Stanley Dillon, the winner of the \$10,000 M. & M. stake at Detroit, was the favorite and won. Louvain won the 2:21 trot and Dorces H. the 2:25 pace.

A Crop Bulletin. Washington, Aug. 11.—The monthly report of the department of agriculture shows the condition of corn on August 1 to have been 87.3, as com-

pared with 86.4 last month, and a ten year August average of 83.5. Prelimi nary returns indicate a winter wheat crop of about 333,400,000 bushels, or an average of 12.3 bushels per acre.

is Wanted for a Diamond Robbery.

Chicago, Aug. 13 .- Arrested four days ago as a suspect in the holdup of the Diamond Special on the Illinois Central railway near Harvey, James Wilson, who could not be connected with the train robbery, has been identified as a man wanted at Beaver Falls, Pa., for the theft of \$5,000 worth Fails, Pa., for the theft of \$5,000 worth of jewelry which he is alleged to have stolen from the residence of James Piper, a Beaver Falls merchant. The jewelry consisted principally of diamond rings and was stolen last March. Wilson was taken to Pennsylvania last night. last night.

IS FULL OF DANGER.

Bad Situation Is Created by the Seizure of Russian Boat.

Washington, Aug. 13.—The report of the capture by Japanese torpedo boat destroyers of the Russian destroyer Ryeshitelni in the harbor of Che Foo as conveyed to Washington by Consul General Fowler's cablegram from Che Foo was received here with the deepest interest and concern, for it was realized that there were in this incident the germs of serious international

If the expedition was a genuine cut-ting out one, there is no question in the minds of the officials here that the Japanese have committed an offense against international law by violating Chinese neutrality, and in addition have broken the agreement they entered into at the beginning of the war, at the instance of the United States government, to limit the field of war-like operations to Manchuria and Korea and their waters. Should this prove to be the case, the results probably will be grave and vexations. Under international law the continuous. der international law the captured vessel must be returned to the cus-tody of the Chinese government and an apology rendered for the offense against Chinese neutrality. But if Russian lives have been lost,

as reported in the press dispatches, a greater complication will follow, for Russia may in turn hold China responsible for the punishment of the Japanese who caused the death of her sailors when under the shelter of the Chinese port authorities. Altogether the situation is full of danger and the main apprehension of the officials hain apprehension of the omeians here is that it may be the incident that will break down the agreement of the powers and plunge China into a war as a full-fledged belligerent and ally of Japan.

St. Petersburg, Aug. 13.—Russia has formally protested to Japan, through France, against the action of the Japanese torpedo boat destroyers in at-tacking the Russian torpedo boat de-stroyer Ryeshitelni at Che Foo and the protest has been communicated to the powers.

BUSINESS BULLETIN.

A Moderate Improvement Is Noted-Agricultural Prospects are Very Bright.

New York, Aug. 13 .- R. G. Dun & Co.'s Weekly Review of Trade says:

Moderate improvement in midsummer means more than an equivalent increase at any other season, and the better trade reported during the past week is consequently most encourag-ing. Dispatches from all parts of the country are by no means uniform, in some cases the outlook showing no change, while at a few points there have been setbacks; but on the whole, the progress is unmistakable. Two labor controversies are particularly harmful but others have been larly harmful, but others have been settled; the Fall River strike is par-tially broken and several threatened difficulties have been averted.

Despite some injury to spring wheat the agricultural prospect is very bright, while higher prices promise to neutralize the effect of such loss in quantity as occurred. Interior buyers have placed liberal fall orders in the leading dry goods markets, and confi-dence in a large spring trade is becoming general. The approaching presidential election is viewed with more equanimity than any other con-

test of recent years. Failures this week were 222 in the United States, against 174 last year, and 33 in Canada, compared with 22 a

Declared the Rates to be Exorbitant. Washington, Aug. 13.—The inter-state commerce commission yesterday announced its decision regarding the fruit transportation and refrigeration charges from points on the Pere Marquette and Michigan Central railroads, involving the refrigeration charges exacted generally by the Armour car lines and declared the rates to be exorbitant and in violation of the inter-state commerce laws. Further action by the commission is withheld to allow the readjustment of the rates by the railroad and car line companies.

Will Run Open Shops.

Pittsburg, Aug. 13.—The Macbeth-Evans Glass Co., probably the largest manufacturers of lamp chimneys in the country, and employing 4,000 men, announce that their plants will be run on an "open shop" basis beginning next week. The company has works at Pittsburg and Charleroi, Pa.; Elwood and Marion, Ind. The reason given by the company for its sever-ence of relations with the Flint Glass Workers' union is that the workers' terms are unreasonable.

Will Follow McKinley's Example. New York, Aug. 13.-Chairman Cor-

telyou said yesterday that President Roosevelt would not make any political speeches this year, setting at rest many rumors to that effect which have been in circulation. Beyond the speech to the notification committee and the letter of acceptance which is yet to be published, the president will not take any public part in the cam-paign. This is in line with the course pursued by President McKinley in

An Accident on a Bridge.

New York, Aug. 13.—The north-bound express of the New York, New Haven & Hartford railroad yesterday loosened the blocking under a 35-ton truss of the new bridge over the railroad tracks at Two Hundred and Fourth street and Bronx Park and the truss turned over, precipitating three other trusses and a 20-ton girder into the railroad cut. The last car of the express was about 300 feet beyond the bridge when the trusses fell. Five men were working on the truss that turned over and three of them fell, two of whom were seriously injured. two of whom were seriously injured.
