One of the most remarkable cases of a cold deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by R. C. Dodson.

It takes more than a derrick to raise blasted hopes.

The Stomach is the Man.

A weak stomach weakens the man, because, it cannot transform the food he eats into nourishment. Health and strength, cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure digests what you eat, cleanses and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Sold by R. C. Dodson.

Lakeside Assembly, which for the last few years has been growing into one of the most promising Chautauquas of the country, closed her phenomenally successful season this evening with a grand farewell rally and jubilation in the large amphitheatre. At the meeting of the Board of Directors on Friday it was decided to add 500 shares more to the original stock of 500 shares, par value \$10 each, and offer them for sale.

From the very first announcement a grand rush ensued and the shares went like hot cakes. Up to Saturday evening 100 shares were sold and to-day a large number were sold, leaving just a few yet on hand for sale. The assembly has the proud distinction of boasting not only in having built, during this Summer, one of the most complete amphitheatres in the country, but also in being able to show a grand financial report for this fiscal year with all current bills liquidated. Capt. Richard Hobson, who lectured to about 5,000 people here Saturday and Sunday, is one of the new stockholders. At the last meeting of the Board of Trustees additional building improvements were voted upon. Since a complete normal and an advanced music course will be added to the regular course of study next year, the trustees propose building a large commodious hotel, a conservatory of music and a new school building for next Summer.

The Chautauqua next year will be opened in the middle of July and will be held for six weeks.

For the Housekeeper.

Executive ability and originality are the two secrets of successful hospitality, and the limitation of the purse need not keep one from the attainment of this purpose, says Eleanor Marchant in the September Delineator, and in proof thereof gives a number of original plans that will provide the maximum of entertainment at the minimum of expense. A unique popcorn party, a home picnic, supper or luncheon served in true outdoor style and a peach fete are some of the suggestions. In the same number are given refreshments for a garden party, and among the culinary topics are various recipes for egg-plant and oyster-plant, and for sweet sandwiches and frozen desserts.
