What Has Mr. Blumle Done.

One significant feature of the local political situation is the utter failure of the strenuous attempts of the Independent to get up enthusiasm for Mr. Blumle by raising the "vindication" cry. We have already pointed out one reason for this failure; the people know that Mr. Blumle has not conducted his campaigns according to immaculate rules, and they think that Mr. Blumle, having twice enjoyed the honors and salary of Assemblyman, has received all that he can reasonably ask of the county.

There is another reason why the "vindication" cry has failed. The Democratic County Convention and the Independent have committed the blunder of putting this forward as the sole issue on which they demand Mr. Blumle's election. Even this issue itself would seem to imply some reference to Mr. Blumle's legislative record, but the pleas on Mr. Blumle's behalf thus far have been void of any reference to the actual record that he has made. Before it is in order to say much about "vindication," it is first necessary, to make it plain to the people that Mr. Blumle has shown himself an intelligent, efficient and faithful legislator. As a matter of fact the people know next to nothing about Mr. Blumle's record, and up to date neither he nor his party organ have done the first thing to make the people familiar with his legislative acts. Had not the Press made a short reference to the Bounty Bill, the Independent would have maintained absolute silence even about that. The people of Cameron county are not all fools or children. The voters want an intelligent presentation of real facts and issues. If Mr. Blumle is to be "vindicated" it must first be made evident that as a legislator he is worth what is asked of the county. If, however, it should appear that as a legislator Mr. Blumle has not proved efficient the people will waste no time in reading "vindication" pleas.

We are sorry to see Mr. Blumle in this hopeless condition but do not think he is entirely to blame as he not only did not want to run but insisted that the party could not force him to again accept a nomination but alas! poor weak Mr. Blumle allowed them to put the halter around his neck and lead him forth, he knows not whither.

Democrat, Democrat, Blumle man, Name me your issues as fast as you can, Tariff, or money, or plain "Vindication," Publish it out to the county and Nation.

The unexampled prosperity of this nation, since the Dingley Tariff went into effect, is the wonder of the world. Do you want "a change?"

Protection should be given to all pursuits, so that the largest variety of industries may be encouraged. The fact that only a percentage of the population is engaged in a particular industry is no reason why that industry should be destroyed, our country deprived of the art and other industries overcrowded with the displaced labor.

Doubt, apprehension and uncertainty are most to be avoided by the business world at this time. The plans of the Democracy, as outlined in this campaign, with respect to the destruction of the tariff, are certain to breed all these things.

What the "Independent" Man Says. [A humble imitator of Hosea Biglow has submitted to us the following effusion, suggested by, and in part taken from, the well-known verses, "What John P. Robinson Thinks." A sentence or two from the explanatory remarks by Parson Wilbur, which accompany those verses, may not be out of place here, in order to show the "Independent" man that these present verses are not meant in the spirit of personal offense. "The position of the satirist," says the parson, "is oftentimes one which he would not have chosen, had the election been left to himself. In attacking bad principles, he is obliged to select some individual who has made himself their exponent, and in whom they are impersonate." "The aim of the true satirist is not to be severe upon persons, but only upon error." "Truth is quite beyond the reach of satire. There is so brave a simplicity in her, that she can no more be made ridiculous than an oak or pine."—EDITOR.

Our market is the cream of the earth. You can't enrich it by adding free trade skim milk to it.

If a tariff law has on the whole worked well, and if business has prospered under it and is prospering, would it not be better to endure some inequalities for a time than, by making changes to risk causing disturbance and perhaps paralysis in the industries of the country?

A Power For Good. The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga., says: "During a bilious attack I took one. Small as it was it did me more good than colomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." Sold by R. C. Dodson.

A Continual Strain. Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and dispendency. They cannot, as a rule, get ride of this "continual strain," but they can remedy its health destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. At all druggists.

A women can't always conceal her age by covering it with a coat of paint. Emergency Medicines. It is a good convenience to have at hand reliable remedies for use in cases of accident and for slight injuries and ailments. A good liniment and one that is fast becoming a favorite, if not a household necessity is Chamberlain's Pain Balm. By applying it promptly to a cut, bruise or burn it allays the pain and causes the injury to heal in about one-third the time usually required, and as it is an antiseptic it prevents any danger of blood poisoning. When Pain Balm is kept at hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by L. Taggart.

Long distance charity never reaches the hearth. A Miraculous Escape. A miraculous escape was made by a prominent citizen by not putting off but by taking in time that splendid remedy, Thompson's Barosma, Backache, Kidney and Liver Cure. Thompson's Barosma reduces all the inflammation, neutralizes the acid and dissolves gravel, carrying off all matter that is poisonous to the blood, stomach, heart, kidneys and liver. It is purely vegetable, pleasant to take and guaranteed to cure. For sale by R. C. Dodson.

It is often the barking of the crowd that makes the dog mad. A Boy's Wild Ride For Life. With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of Consumption, Pneumonia, Bronchitis, Coughs, Colds and Grip prove its matchless merit for all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at L. Taggart's drug store.

It is impossible to cultivate some men without irrigation. Stomach Trouble. "I have been troubled with my stomach for the past four years," says D. L. Beach, of Clover Nook Farm, Greenfield, Mass. "A few days ago I was induced to buy a box of Chamberlain's Stomach and Liver Tablets. I have taken part of them and feel a great deal better." If you have any trouble with your stomach try a box of these Tablets. You are certain to be pleased with the result. Price 25 cents. For sale by L. Taggart.

Jefferson's Principle. What we said two weeks ago about Jefferson's ideas concerning liberty and government was perfectly clear and plain, as well as accurate. We repeat that the controlling tendency of Jefferson and his school was to the maintenance of individual rights at the highest possible point, as the Hamilton school was always ready to assert the national power to restrict individual rights for the general good. The agitations of the French Revolutionists met a sympathetic audience in the Jefferson party.

Workingmen who remember the years of bankruptcy between the coming and going out of the second Cleveland Administration, do not want "a change."

Before the great protective system was inaugurated by the Republican Party a very large number of articles now deemed by our people to be "necessaries of life" were luxuries of life. Abraham Lincoln once said: "If my wife buys a dress in England for \$20, we have the dress and England has the \$20. If she buys it in this country, we have both the dress and the \$20."

It is better for this country to feed, house and clothe our own labor in this country than to support foreign labor in other countries with our money. Under protection, we take care of our own, under free trade we give the benefit to foreign nations.

Protection should be given to all pursuits, so that the largest variety of industries may be encouraged. The fact that only a percentage of the population is engaged in a particular industry is no reason why that industry should be destroyed, our country deprived of the art and other industries overcrowded with the displaced labor.
