TREASURER OF UNITED STATES MAKES A STATEMENT.

The Panama Canal and a Loan to the World's Fair Caused a Deficiency During the Last

Washington, Oct. 15.—Ellis H. Roberts, treasurer of the United States, has submitted to Secretary Shaw the annual report on the transactions of the treasury during the fiscal year ended June 30, 1904.

The net ordinary shown to have been \$540,631,749, a decrease of \$19,764,925 as compared with 1903, and the net ordinary expenditures \$582,402,321, an incresase of \$76,303,314. In the receipts the principal falling off was \$23,205,017 in customs, while in the disbursements the im-portant increases were \$11,423,446 in commerce and labor, \$60,788,580 in the treasury proper, and \$20,338,067 for the navy

Unusual expenditures were \$50,000, 000 on account of the Panama canal and \$4,600,000 loaned to the Louisiana Purchase Exposition Co., which latter has been nearly all repaid. But for these, the deficiency of \$41,770,571 would have been changed to a surplus of \$12,829,428.

A Big Registration.

Columbus, O., Oct. 15.—The first day's registration in the cities of Ohio indicates that the quietness of the campaign is by no means evidence of apathy on the part of voters. Practic-ally every city in the state showed an ally every city in the state showed an increase in registration over the first day of previous years. At both state headquarters an advantage is claimed. Republicans say as Ohio is a republican state a heavy vote favors their party. On the other hand the democratic leaders say that the big republican pluralities of recent years have been due to stay-at-home democrats, and the heavy registration indicrats, and the heavy registration indi-cates that they are coming out this

EPISCOPAL CONVENTION

Rejects an Amendment to Forbid Remarriage of Divorced Persons.

Boston, Oct. 15.-The house of deputies of the Episcopal general convention at the close of a four days' debate yesterday rejected an amendment to the divorce canon which sought to prevent the re-marriage of divorced per-sons by clergymen of the denomina-tion. While the house of bishops may yet act on the matter, it is certain that no change will be made by the present convention.

The present law of the church, which has been in operation since 1859, allows the remarriage of the innocent party to a divorce granted for jufidelity. At several conventions atmpts have been made to repeal this It wand when a vote was taken Friday by the house of deputies sitting as a committee of the whole on the question of reporting the proposed amendment to the house itself, the reformers were successful by a vote of 214 to 191, and this vote was regarded as repre-senting the actual strength of the contending forces.

The final vote, however, was taken by dioceses and orders, and where a diocese was evenly divided in sentiment its strength was counted in the negative. The vote by dioceses was: Clerical—For the amendment, 30; against, 21; divided, 10. Lay vote—For, 25; against, 24; di-

vided, 6.

Practically the entire strength of the middle west states, the stronghold of the high church party, declared for the proposed reform, but the Pacific states and a number of southern states voted against a change of the present canon. The diocese of New York op-posed the amendment, while that of Pennsylvania favored it. Vermont, New Hampshire and western Massa-chusetts voted for a change, as did the lay deputies from Rhode Island. clerical deputies from Maine favored the amendment, but the votes of Connecticut and Massachusetts were cast in the negative. The issue was not a party one

SLOW BUT SURE.

Progress in the Leading Branches of Manufacture Is Reported.

New York, Oct. 15 .- R. G. Dun & o.'s Weekly Review of Trade says: Progress is slow but sure in the leading branches of manufacture, contracts being more readily placed for distant delivery, while the percentage of idle machinery steadily decreases. Satisfactory news from leading iron and steel centers tends to strengthen confidence elsewhere, as the consump-tion of iron has been found a good barometer of business conditions. Jobbing and wholesale trade in fall and winter wearing apparel expands gradually, and such spring lines as are opened meet with a fairly satisfactory reception, considering the recent in-disposition to provide for future requirements.

Building operations have expanded, at some cities establishing a note-worthy record for September, and the permits recently issued promise well for the future. Labor is fairly well employed, according to the latest of-ficial trades union reports, although the Fall River struggle has lasted longer than expected. Latest returns of foreign commerce compare very favorably with the corresponding time last year, and railway earnings in the first week of October were 6.9 per cent. larger than in 1903.

All divisions of the iron and steel inders coming forward in greater num-

Failures this week were 208 in the United States, against 208 last year, and in Canada 24 compared with 28 a year ago.

A Fatal Experiment

St. Paul, Minn., Oct. 15.—P. M. Scannon and wife, of Minneapolis, fell from a third-story window of the Germania building to the stone sidewalk yesterday. The woman was killed and Scannon is not expected to live. Scannon is the inventor of a fire escape and it was during a test of the apparatus that the accident occurred. had swung himself down from the eighth floor of the building to the third, where his wife was awaiting him in a window. The rope which sustained them was light and when the woman's weight was added to that of her husband, the stone window ledge above cut the strands of the rope, letting them both fall.

Large Registration in New York State.

New York, Oct. 15.-Friday was the first day of registration in New York City. At a late hour the returns from Manhattan and the Bronx showed a smaller number of voters for the first day than registered on the opening in 1900. Throughout the state heavy gains in registration were made

Wood Alcohol Caused Death,

New York, Oct. 15.-Wood alcohol in quantities sufficient to cause death has been found in the stomachs of the three supposed victims of poisoned whisky in the so-called "Stryker Farm" district, according to the report made to Coroner Scholer by the chemist of the board of health.

Murphy Talks of Intimidation.

New York, Oct. 15.—After receiving a number of reports about the registration of voters which opened in this city Friday, Charles F. Murphy, leader of Tammany Hall, made charges against the republicans of intimidation regarding the registration.

A Big Army of Employes.

Washington, Oct. 15.-The census of ecutive civil service of the United bigamy. Lane, it is said, eloped with a school teacher of Croton, O., and married her. Before deserting his first wife, however, it is alleged, he left his coat, vest and hat on the bank of Silver Lake, as if he committed suicide. Arraigned at the same time with the Beilefontaine man was another Ohioan who gave his name as William Ernest Whipple and was charged with having a wife in Delaware, O., and marrying again.

This aggregate embraces 120,786 employes not included in reports made by the heads of the executive departments.
