Under Governor G. W. Higgins, of New York, the work of improving the Erie, Oswego and Champlain canals, will begin at a cost of \$101,000,000. This great enterprise will give employment to thousands of men, besides providing for the future vast transporation business of the Empire state.

Democratic Congressman Van-Duzer came back to Congress from How he escaped the landslide is a mystery. There are those who think he owns a wireless forcaster and a cyclone cellar. "Sparkling eyes and rosy cheeks restored by using DeWitt's Little Early Risers," so writes S. P. Moore, of Nacogdoches, Tex. A certain cure for biliousness, constipation etc. — Small pill — easy to take—easy to act. Sold by R. C. Dodson. The Stage Mirror.

Whenever a looking glass appears in a scene in a play above a fireplace, in a sideboard or a cabinet one is almost sure to hear somebody ask his or her neighbor why the glass has been smear ed with whiting or soap or something that dulls its surface completely. All sorts of reasons are hazarded or sug-Sometimes it is stated that it is done for luck, at others that they did not intend to leave it dirty. The real explanation is, however, a simple one. The glass is dirtied to prevent the illusion of the scene being de-stroyed, as it certainly would be if the audience saw in it the reflection of themselves or, worse still, the reflec-tion of the people in the wings carrying on the business of the stage.-Chicago Tribune.

#### Onlons For Diphtheria.

In cases of diphtheria onions in the form of a poultice and a sirup are said to have an almost magical effect. The poultice in this case is made of the raw onion pounded to a pulp and bandaged around the throat well up to the ears, changing as often as the mass becomes dry. A poultice of the same on the sole of each foot reduces the fever. The mucilaginous properties of onion juice make it specially soothing to the inflamed mucous membrane and there-fore acceptable in case of whooping cough, croup or diphtheria. An excellent way to make the sirup is to cut the onion into slices, sprinkle plentifully with sugar and press between hot plates and a heavy weight until all the fulce is extracted.

#### Mirror, Crystal and Sword.

The three symbols of the imperial house of Japan are the mirror, the crystal and the sword, and they are carried in front of the emperor on all state oceasions. Each has its significance. "Look at the mirror and reflect thyself," or, in other words, "Know thy-self," is the message of the mirror. "Be pure and shine" is the crystal's in-function, while the sword is a reminder "Be sharp."

#### A Remarkable Discovery.

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constination. One of the greatest discoveries judging from the permanent cures made, is San-Cura Ointment, It relieves at once that itching, burning pain caused by Erysipelas, Tetter, Eczema, and Salt Rheum, San-Cura Ointment also cures Old Sores, Pimples, Cuts, Bruises, Burns, Corns, Itching Piles and Insect Bites. with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and dispondency. They cannot, as a rule, get ride of this "continual strain," but they can remedy its health-destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and event-nally dispels the physical or mental distress caused by that "continual strain." It draws out all poison leaving a sound healthy skin. Aids in preventing scars. Druggists, 25c and 50c. For sile by R. C. Dodson.
