GROCERY MAN AND COOK. Exchange Left-Handed Compliments and Come Out About Even.

"Better let me bring you a nice eggplant this mornin'," said the grocery man to the pretty cook, according to the Chicago Daily News. "Then you can make your own eggs, Evelina. What do you do with 'em all?"

"Batter cakes, sweet cakes, custards an' omelettes mostly," replied the cook.

"Don't you ever make eggnog?"
"I don't know what it is," declared the ook. "I've heard tell of it, but 1 couldn't say whether it was baked or

"What was that for?"
"To make 'em look pretty—same reason you've got your mustach curled. I think a man looks well curlin' up his mustach with curlin' tongs-like a

"I never seen a girl curl her mustach myself," said the grocery man. "I wasn't to blame for this, though. It was the barber. He got me tied in the chair so's I couldn't move an' gagged me so's couldn't holler an' then got out his hot irons an' done the job. I didn't want him to do it."

"I s'pose not," said the pretty cook.
"Sure thing I didn't. I knowed I was beautiful the way I was. My natural looks make me enough trouble with the girls."

"I don't think they ought to blame you for 'em," said the cook. "You can't help your face. I had an uncle once that looked something like you—not quite as bad, maybe—but he was sensitive about it all the same, which you ain't."
"He ought to have had his face ampu-

tated if it was as bad as that," observed the grocery man. "Or he might have gone to one of these face foundries an' had it recast. I knew a feller oncet they called Nosey, an' he saved his money an' went to a professor an' got his beak trimmed down so he didn't hardly have enough left to smell fried onions. Then they got to callin' him Pug, an' he went back to the professor an' wanted to know back to the professor an wanted to know if he had any of the old material left to put back agin. The professor done has apportioned in the last ten years \$1,500,000. The counties have spent more than double this amount, as they to put back agin. The professor done the best he could an' the job looked all right, but Nosey died of heart failure less'n a month after that. He was scared to death for fear somethin' would make him sneeze.

"You'd better see one o' them professors," observed the pretty cook.

"Why would I?" asked the grocery an. "My nose is all right as far as it goes an' it goes as far as I want to foller it." man.

"Your nose may be all right."
"I guess it is," said the grocery man, indignantly. "How about my hair?"

The Simple Dish That Keeps One Vigorous and Well Fed.

When the Doctor takes his own medicine, and the grocer eats the food he recommends, some confidence comes to the observer.

A Grocer of Ossian, Ind., had a pracone's attention.

He says: "Six years ago I became

up all work in my store, and, in fact, all sorts of work, for about four years.

Covers ten. A reduction in width from 16 to 12 feet means a further 25 per cent. The last year I was confined to the bed nearly all of the time, and much of the time unable to retain food of any sort on my stomach. My bowels were badly constipated continually, and I lost in weight from 165 pounds down to 88

When at the bottom of the ladder I changed treatment entirely, and started in on Grape-Nuts and cream for 1903:

Nuts I have never used snything to stimulate the action of the bowels, a thing I had to do for years, but this food keep me regular and in fine shape, and I am growing stronger and heavier every day.

"My customers, naturally, have been

interested, and I am compelled to answer a great many questions about Grape-Nuts. "Some people would think that a sim-

BUILDING COUNTRY ROADS

Report of the Work Being Done in New Jersey-Six Inches of Macadam Enough.

New Jersey has been one of the leaders in the present good roads movement. It was the first to pass a state aid law, a measure that is in force in every state where a systematic work is done to produce uniform good roads. The money given by the state is not of first impor-tance in this plan; it is the state supervision that counts for most. While the local officers have general charge of the work done in their county, the state engineer gives supervision and advice that prevents much of the wastefulness due

to bad engineering and, in some cases, corruption

New Jersey gives annually \$250,000 as aid. The state pays one-third of the cost, the counties two-thirds, and ten per cent. of the counties' share may be assessed on the townships. The state pay for bridges, surveying and inciden There have been builded by state aid 959 miles of road in New Jersey, and at the beginning of the year there had been applications for the improve-ment of 489 miles. When the law was first proposed there was strong opposi-tion to it, especially from the county. Now the applications from the counties are always ahead of the state appropria-

The road builders in New Jersey are held to be among the most advanced in

America. Experience has taught them that macadam roads in the country were being made needlessly costly. Macadam was laid on too thick and the roads were made too wide. When they began to get out of the mud in New Jersey they made the macadam 12 inches deep, and the stone beds were generally 16 feet tical experience with food worth anyone's attention.

Simply stated, the road builders have concluded that a thin road will last as long as a thick one, if given proper and timely maintenance.

"I have been improving regularly, and now in the past two years have been working about fifteen hours a day in the store, and never felt better in my life.

"During these two years I have never missed a breakfast of Grape-Nuts and cream, and often have it two meals a day, but the entire breakfast is always made of Grape-Nuts and cream alone.

Mrs. L. C. Glover, Vice Pres. Milwaukee, Wis., Business Woman's Association, is another one of the million women who have been restored to health by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: I was married for several years and no children "DEAR MRS. PINKHAM: I was married for several years and no children blessed my home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed a testimonial of a woman who had been cured of similar trouble through the use of Lydia E. Pinkham's Vegetable Compound, he went out and bought a bottle for me. I used your medicine for three and one half months, improving steadily in health, and in twenty-two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now; as we have something to live for, and all the credit is due to Lydia E. Pinkham's Vegetable Compound. Yours very sincerely, Mrs. L. C. Glover, 614 Grove St., Milwaukee, Wis." Vice President, Milwaukee Business Woman's Ass'n.

Women should not fail to profit by the experience of these two women; just as surely as they were cured of the troubles enumerated in their letters, just so certainly will Lydia E. Pinkham's Vegetable Compound cure others who suffer from womb troubles, and nervous prostration; remember that it is Lydia Es Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

An Indiana Lady Tells of a Wonderful Cure: -
