EVERY WALK IN LIFE.

A. A. Boyce, a farmer, living three and a half miles from Trenton, Mo., says: "A severe cold settled in my kidneys and developed so quickly that I was obliged to lay off work on account of the aching in my back and sides. For a time I was unable to walk at all, and every makeshift I tried and all the medicine I took had not the slightest effect. My back continued to grow weaker until I began taking Doan's Kidney Pills, and I must say I was more than surprised and gratified to notice the back ache disappearing gradually until it finally stopped."

Doan's Kidney Pills sold by all dealers or mailed on receipt of price, 50 cents per box. Foster-Milburn Co., Buffalo, N. Y.

HAPPY CHILDHOOD.

Right Food Makes Happy Children Because They Are Healthy.

Sometimes milk does not agree with children or adults. The same thing is true of other articles of food. What agrees with one sometimes does not agree with others.

But food can be so prepared that it will agree with the weakest stomach. As an illustration—anyone, no matter how weak the stomach, can eat, relish and digest a nice hot cup of Postum coffee with a spoonful or two of Grape-Nuts poured in, and such a combination contains nourishment to carry one a number of hours, for almost every particle of it will be digested and taken up by the system and be made use of.

A lady writes from the land of the Magnolia and the mocking bird way down in Alabama and says: "I was led to drink Postum because coffee gave me sour stomach and made me nervous. Again Postum was recommended by two well-known physicians for my children, and I feel especially grateful for the benefit derived."

"Milk does not agree with either child, so to the eldest, aged four and one-half years, I gave Postum with plenty of sweet cream. It agrees with her splendidly, regulating her bowels perfectly although she is of a constipated habit.

"For the youngest, aged two and one-half years, I use one-half Postum and one-half skimmed milk. I have not given any medicine since the children began using Postum, and they enjoy every drop of it.

"A neighbor of mine is giving Postum to her baby lately weaned, with splendid results. The little fellow is thriving famously." Name given by Postum Co., Battle Creek, Mich.

Postum agrees perfectly with children and supplies adults with the hot, invigorating beverage in place of coffee. Literally thousands of Americans have been helped out of stomach and nervous diseases by leaving off coffee and using Postum Food Coffee. Look in pkg. for the little book, "The Road to Wellville."

AGRICULTURAL HINTS.

FUMIGATING SEED GRAIN.

Box in Which It May Be Treated to Fumes of Carbon Bisulphide to Kill Insects.

The great damage to the Canada field pea seed by the pea weevil led to experiments by the Ontario college for a cheap and effective method of combating the evil. The box shown below is the result of these experiments. The peas are placed in this box and fumigated with bisulphide of carbon. This style of box has been in use at the station for seven years; it is five feet long, three feet wide and three feet deep, and is capable of holding 30 bushels of peas.

FUMIGATING BOX.

Their method of treatment is given as follows:

Immediately after threshing, the peas were put into cotton and jute bags. As soon as 30 bushels of peas were threshed they were placed in a fumigation box for treatment. One pound of carbon bisulphide was poured out into three flat pans, which were placed on the top of the peas; the cover was then put on the box and weighted with heavy stones. After 48 hours the cover was removed and the box ventilated. The pans had become dry, as the liquid had changed into a gas, which, being much heavier than air, had sunk down among the peas, penetrating them and killing the weevils.

The quantity of carbon bisulphide used by us was larger than that usually recommended, as a pound or a pound and a half is generally considered sufficient for 100 bushels of peas, but we wished to err on the safe side. Carbon bisulphide may be purchased in small quantities from any druggist at about 30 cents per pound, or 40 cents per pint. For larger quantities better rates can be given by the druggist. The gas, or vapor, which comes from carbon bisulphide is not only combustible, but it is very explosive when mixed with air. Great care should, therefore be taken to treat the peas in the daytime only, for a light or a flame of any kind brought near the liquid may cause a serious explosion; and smoking near it should be positively prohibited. Moreover, the vapor should not be inhaled, as it is very injurious, even a small portion causing headache, giddiness and nausea.

The treatment with carbon bisulphide should be made in boxes, barrels, or "bughouses," located some distance from the insured buildings on the farm. With the strict observance of the preceding precautions, no one should hesitate to use the carbon bisulphide. As a matter of fact, says the Prairie Farmer, we have never heard of any bad results following its use in the treatment of peas. When pure it will not injure or stain the finest goods. The commercial liquid has an acrid taste, and an odor like that of rotten eggs. The vapor is more than 2 1/2 times as heavy as air. Any tight box or barrel may be used for this purpose and the principal of fumigation may be extended to any kind of seed grain or other articles that are attacked by any kind of insects.

POULTRY IN THE ORCHARD.

The Combination Is Good on a Small Scale, But Not on a Large Scale.

It is frequently asserted that orcharding and poultry raising go together. This perhaps is true on a small scale, but we can hardly conceive of a great commercial orchard comprising hundreds of acres of land being made also a poultry range. In such a case the combination would be overdone, as the shade from the trees, being constant, would militate against the health of the fowls. On a small scale the combination is a happy one. The bugs and worms are eaten by the fowls and the grass forms a handy adjunct to the feeding operations. The grass is not wanted anyway in the orchard and if the poultry can keep it down so much the better. It will then not be necessary to even run the weeder over the ground to keep the weeds from becoming a nuisance.

The plum orchard is a very good kind of orchard in which to keep poultry, as the limbs of the trees do not shut off too much sun from the birds. We have seen poultry yards of small size, in each one of which was a single plum tree growing and thriving. There is no reason why trees in such locations should not prove to be very fruitful. They are certainly sure of not becoming grass-land.—Farmers' Review.

GRIST.

Farming is poor business when the farm is poor.

Much labor and expense may be saved by planning ahead of time.

By using the drill for sowing the depth of covering is uniform and there is no loss of seed.

Never let the farm work or stock stand still or retrograde, but keep both progressing steadily.

The value of wood ashes in the orchard and of coal ashes on heavy wet clay can hardly be overestimated.

According to the experts' report on crop valuation for the year the total value of all crops will exceed \$5,335,100,000.

TIME ENOUGH FOR A NAP.

Sleeping-Car Porter Thought That "Rip Van Winkle" Could Sleep It Out.

Joseph Jefferson has "in his time played many parts," yet so closely is he identified with "Rip Van Winkle" that the public never loses sight of it when he has the privilege of seeing him. While he was playing in Missouri once he boarded a notoriously slow train for St. Joseph.

He went into the sleeping car, but not to go to bed, as the train was due at St. Joseph late in the evening. It dawdled along, however, says the Philadelphia Press, and finding that it could hardly arrive before morning, he ordered his berth made up.

As the porter finished his task Mr. Jefferson said: "This is the worst road I ever traveled on. I fancy I'm in for a full night of it."

"Deed, I reckon you is, sah," replied the porter.

"Positively the slowest road! I'll be morning before we are there. Do you think you'll get in before I'm awake?"

"Slow road, sah! Bound to be plumb no'nin', sah. But one of the passengers, sah, was tellin' me that you is the gentleman what once went to sleep and stay years; and I reckon, sah, dat if you take one o' dem naps well to be land you mighty close to St. Jo' fore you wake, sah."

Greatest in the World.

Arlington, Ind., Dec. 5th (Special).—Mr. W. A. Hyson, the photographer, who moved here recently from Sapp, Ky., is firmly of the opinion that Dodd's Kidney Pills are the greatest Kidney Remedy the world has ever known.

"In the years 1901 and 1902," says Mr. Hyson, "and for some time before I was afflicted with kidney trouble, my joints were sore and stiff and I finally got so bad I could not turn in bed without assistance. In the Spring of 1903 I was induced, by a friend, to try Dodd's Kidney Pills, and after using one and one-half boxes I was and am still completely cured. Several of my neighbors, too, used Dodd's Kidney Pills, and in every case they did as recommended."

Cure the early symptoms of Kidney Disease, such as Backache, with Dodd's Kidney Pills, and you will never have Bright's Disease.

NO TONGUE CAN TELL.

How I Suffered with Itching and Bleeding Eczema—Until Cured by Cuticura.

"No tongue can tell how I suffered for five years with a terribly painful, itching, and bleeding eczema, my body and face being covered with sores. Never in my life did I experience such awful suffering, and I longed for death, which I felt was near. I had tried doctors and medicines without success, but my mother insisted that I try Cuticura. I felt better after the first bath with Cuticura Soap and one application of Cuticura Ointment, and I am cured entirely well. Any person having doubt about this wonderful cure may write to me. Mrs. Fairbanks tells how neglect of warning symptoms will soon prostrate a woman. She thinks woman's safeguard is Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Ignorance and neglect are the cause of untold female suffering, not only with the laws of health but with the chance of a cure. I did not heed the warnings of headaches, organic pains, and general weariness, until I was well nigh prostrated. I knew I had to do something. Happily I did the right thing. I took Lydia E. Pinkham's Vegetable Compound faithfully, according to directions, and was rewarded in a few weeks to find that my aches and pains disappeared, and I again felt the glow of health through my body. Since I have been well I have been more careful. I have also advised a number of my sick friends to take Lydia E. Pinkham's Vegetable Compound, and they have never had reason to be sorry. Yours very truly, Mrs. MAY FAIRBANKS, 216 South 7th St., Minneapolis, Minn." (Mrs. Fairbanks is one of the most successful and highest salaried travelling saleswomen in the West.)

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound once removes such troubles. Refuse to buy any other medicine, for you need the best.

"DEAR MRS. PINKHAM:—For over two years I suffered more than tongue can express with kidney and bladder trouble. My physician pronounced my trouble catarrh of the bladder, caused by displacement of the womb. I had a frequent desire to urinate, and it was very painful, and lumps of blood would pass with the urine. Also had backache very often. After writing to you, and receiving your reply to my letter, I followed your advice, and feel that you and Lydia E. Pinkham's Vegetable Compound have cured me. The medicine drew my womb into its proper place, and then I was well. I never feel any pain now, and can do my household work with ease."—Mrs. ALICE LAMON, Kincaid, Miss.
