The correspondent adds that conversation with other Russian officers reveals great bitterness against and denunciations of Admiral Alexieff for his failure to properly fortify Port Ar-thur and "his cowardly flight" by the last train from the fortress. The junior officers denounce the folly of the government in entering upon the war and declare that all the men who return to Russia from Port Arthur are revolutionists in spirit. These opin-ions were openly expressed in the ions were openly expressed in the presence of Gen. Stoessel.

Port Arthur, Jan. 18.—When the Kwantung peninsula was bisected by the second Japanese army the entire Russian force in the military district sion of Talien, which included Port Arthur tee. and Dalny, was 35,000. The Russian force at the battle of Nanshan was 4,000, and 2,000 of these were lost. There have actually surrendered at Port Arthur between 9,000 and 10,000 soldiers and sailors, of whom many sources and salidrs, of whom many were unfit for duty. The sick and wounded number 16,000. Fifty per cent. of the officers of the garrison were killed and only 28 per cent. went through the siege unscathed.

The fortress could have held out for ome time longer but for the fire of the Japanese 11-inch howitzers, which destroyed the food depots, the work-shops and the ammunition stores and made the repair of the defensive works impossible.

A close examination of the main line of the defense of the west half of the eastern fortified ridges from East Keekwan mountain to the destroyed Sunshu mountain fort, where the Jap-anese infantry assaults and bombardments were concentrated during the last days of the siege, demonstrated the tremendous effectiveness of the on the slopes, the battery positions on the crest of the ridge and the captured guarding forts in the rear were lit-erally torn to pieces by the heavy shells.

A STORY OF BLACKMAIL.

'al of the Suit of John R. Platt to tecover \$750,000 from a Negress.

New York, Jan. 18 .- The trial of the New York, Jan. 18.—The trial of the suit of John R. Platt, the octogenarian millionaire, to recover from Hannah Elias, a negress, nearly \$750,000 which he alleges she extorted from him during a period extending over more than 20 years, was begun before Justice O'Gorman in the supreme court Tuesday.

When Mr. Platt arose in response to a call from his counsel he appeared to be very feeble and was assisted to a chair in the witness stand. Guided by questions from his counsel, spoken in a very loud tone, the witness told of his first meeting with Mrs. Elias more than 20 years ago when, as president of the Volunteer Firemen's association he took the visiting firemen out "to show them a good time," and re-counted incidents which occurred during their long friendship. Mr. Platt told of many times when he gave Mrs. Elias money in various amounts to settle bills which she told him might result in law suits if not paid. He made these payments be-cause he feared that if any of the cases should get into court his name would become involved and his rela-tions with the woman would become known. He had been actuated entirely by a desire to avoid publicity. New York, Jan. 19.—Hannah Elias, the negress whom aged John R. Platt the negless whom aged John A. Flatt is suing to compel her to return 86%, 000 which he claims she extorted from him during an acquaintance of 20 years, yesterday told the story of her life before Justice O'Gorman in the supreme court, where the suit is on trial. It was an extraordinary tale of trial. It was an extraordinary tale of sudden elevation from the most vicious surroundings to a position of af fluence where money was literally rained upon her. She insisted that rained upon her. She insisted that every dollar that Platt gave her had been given voluntarily.

Grand Jury at Pueblo, Col., Says a Conspiracy Existed to Control the Election.

Pueblo, Col., Jan. 21.—The grand jury which has for two months been investigating the election frauds in Pueblo county reported to the court Friday and was discharged. One hundred new indictments were returned. The grand jury, on which democrats and republicans had equal representa-

tion, reported the discovery of a con-spiracy, with its head in Denver, to control the election in this county by corrupt methods. "We learn," says the report, "that the better element of our community,

deluded in the belief that by their suf-frages they were determining the af-fairs of our city and county and decid-ing the destiny of the nation, was two, three a dozen fifty times exceeded three, a dozen, fifty times overbal-anced by repeaters and the manufac-ture of hundreds of fictitious registra-

ture of hundreds of fictitious registra-tions by officers sworn to righteous-ness in public office." Denver, Jan. 21.—When the joint legislative committee appointed to hear the Peabody-Adams guberna-torial contest met yesterday afternoon the report of the experts who exam-ined the Denver ballot-boxes turned over to them Thursday night was over to them Thursday night was made.

According to the testimony of the experts 449 out of the 904 ballots found in the boxes were spurious.

SMOOT TESTIFIES.

He Says He Has Taken No Oaths as a Mormon that Interfere with His Loyalty to the Government.

Washington, Jan. 21 .- Interest in the Smoot investigation before the senate committee on privileges and elections was stirred yesterday by the unexpected determination to put Sen-ator Smoot on the stand in his own beexamination all day and frankly an-swered most of the questions asked. He acquitted himself excellently and appeared to make a favorable impres-sion on the members of the commit-

tee. The examination of Senator Smoot related to matters intimately con-nected with church policy and his duty toward the church as compared with his duties as a senator. He said he had not taken any oath that would interfere with his loyalty to his gov-ernment. His recellection of the enernment. His recollection of the en-dowment house ceremony was indis-tinct, he said, but he was sure there were no obligations taken to avenge the blood of the prophets upon either "this nation" or "this generation," as had been testified to by witnesses for the prosecution.

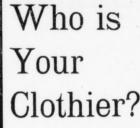

REVIEW OF TRADE.

Progress in Manufacture Is More Rapid than the Distribution of Products.

York, Jan. 21.-R. G. Dun & Co.'s Weekly Review of Trade says: Progress is more rapid in manufac-ture than in distribution, but this is largely due to the effect of unseason-able weather at some pcints and the unsettled feeling in the south, where the collapse of cotton prices has re-tarded collections and caused many cancellations. That production is maintained by mills and furnaces may be taken as evidence of confidence in the future. Iron and steel plants lead in activity, with woolens the feature in textile fabrics. Settlement of the protracted labor struggic at Fall Biror protracted labor struggle at Fall River is encouraging, but the industrial atmosphere is disturbed elsewhere, al-though on the whole there is less than the customary idleness for this season. Coke ovens are establishing new records of fuel output and traffic con-ditions cause little delay. Very extensive contracts for machinery are pending.

Failures this week numbered 335 in the United States, against 358 last year, and 24 in Canada, compared with 33 a year ago.
