SEEING NOISE.

The Method by Which Sound Waves Are Photographed.

Sound can be photographed by taking advantage of the motion produced in a tuning fork. Sound travels in waves, each corresponding with an oscillation in the fork, which remains in a state of continuous vibration while the note is sounded.

To photograph these sound waves a small mirror is attached to the end of one of the prongs. On this a powerful beam of light is projected by a lens, so as to strike it at an angle of forty-five degrees. The light is again reflected from its surface, but in a new direction, and a very slight alteration in the position of the mirror makes a large one in the reflected beam.

To take the photograph the light is turned upon the mirror in a darkened room, and the tuning fork is set in vibration, while a sensitive plate is rapidly passed in the path of the reflected pencil of light. On development the plate shows sound waves recorded as a wavy line, and each note has its characteristic curves.

Reduced Rates to Washington.

Deposit of ticket with Joint Agent at Washington on or before March 8 and payment of fee \$1.00 will secure extension of return limit to leave Washington on or before March 18. For specific rates and full information apply to ticket agents. 51-3t.

A Wonderful Saving.

The largest Methodist Church in Georgia, used 32 gallons of L. & M., mixed with 24 gallons of oil, thus making paint cost about \$1.20 per gallon. They calculated to use 100 gallons of other paint. Saved about \$80.00 and also got a big donation of L. & M. Dealers gladly sell L. & M., because their customers call for it and say they used it 12, 14 and even 30 years ago.

Don't pay \$1.50 a gallon for linseed oil, which you do in ready-for use paint. Buy oil fresh from the barrel at 60 cents per gallon, and mix it with L. & M. Paint. It makes paint cost about \$1.20 per gallon. Sold by Harry S. Lloyd.

Tropical Countries and Spices.

In tropical countries, between latitudes 23 degrees south and 23 degrees north of the equator, the inhabitants use spices with their food as we use pepper. A certain beneficial effect is caused to the digestion—namely, stimulant and carminative. But there is a secondary effect, which is perhaps even more beneficial, seen in the fact that the volatile oil passes out from the body mostly unchanged through various channels, but chiefly through the lungs and skin. So that in the tropics nature has provided antiseptics which in passing out by the lungs and skin kill the hurtful microbes which might be breathed in and also prevent to a great extent the attack of mosquitoes. It is a well known fact that insects, including mosquitoes, dislike volatile oils and will probably not attack an individual using spices as a food adjunct. It is interesting to note that spices grow where there is a high rainfall combined with much heat, conditions under which malarial infusions prevail. The author quotes various authorities in regard to the antiseptic, antipyretic and other properties of aromatics.—Journal of Tropical Medicine.

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at L. Taggart's drug Store. Try them.

PROTECT YOURSELF AGAINST GERMS.

People With Weak Stomachs Most Liable to Catch Disease.

When the stomach and digestive organs are weak, the food does not digest, and there is a sour, slimy, fermenting mass, making it an ideal spot for the disease germs to multiply. The only way to protect yourself against disease germs is to strengthen the stomach and digestive organs, and Mi-o-na is the only agent, so far as is known, that will accomplish this.

The ordinary medicine that is taken for indigestion and stomach troubles is advertised to act upon the food alone and hence can no more than temporary relieve. Mi-o-na is a certain cure in all cases of stomach troubles, excepting cancer, because it enables the stomach and digestive organs to act in the way nature intended they should. Drugs cannot digest the food; they simply decompose it.

If you suffer with distress after eating, pains in the head, chest, sides and back, belching of gases and undigested food, bad taste in the mouth, dizziness, or vertigo, heartburn, variable appetite, sick headaches, spots before the eyes, and have a general feeling of despondency, weakness, and debility you should at once strengthen the stomach and digestive system by the use of Mi-o-na. There is no liquid, no alcohol, no spoonful doses with Mi-o-na. Just one simple tablet out of a fifty cent box before eating, and your stomach will soon become so strong and healthy that you will be germ proof. Ask L. Taggart to show you the guarantee under which he sells Mi-o-na; costs nothing unless it cures.

Womanly Health, Strength and Beauty

Strength and beauty in woman depend entirely upon her health. A woman cannot look her best if suffering from one or more of the many ailments peculiar to her sex. These ailments invariably cause, sooner or later, the loss of her symmetry of form and freshness of complexion.

AUNT DINAH'S OLD VIRGINIA Herb Tea

Makes Strong and Beautiful Women.

It is a most pleasant and effective remedy for the troubles which cause so much suffering among women the world over. It relieves immediately and eventually cures all cases of disordered menstruation, female weakness, prolapsus, chronic constipation, sick head ache, nervousness and sleeplessness. These are the ailments which deprive a woman of her youth and beauty and make her old before her time. The use of the Herb Tea will enable her to retain these qualities. It clears the complexion and improves the form. A cupful at bed time will give a woman health and strength.

Chicago, April 19, 1905.
Hamlin's Wizard Oil Co., Chicago, Ill.
Gentlemen—My wife had been suffering with female weakness and extreme nervousness which latter the physician who has been attending her for a long time attributed to her being unable to sleep. After toasting about all night she would invariably rise for a long time with a terrible headache. The doctor seemed to be able to do nothing for her and she was constantly getting worse. She decided to try your Herb Tea and drank a cupful before retiring. In the morning she arose after a good night's rest and without a headache for the first time in months. She has continued taking it during the past three months and has forgotten what a sleepless night means. She is feeling, assisted and every one remarks how well she is looking. Her complexion is as clear as a young girl's and her figure has improved wonderfully. Yours truly,
