HE REFUSES TO ARBITRATE. President Castro Sends a Defiant Answer to Our Minister in Venezuela—Situation Not Critical.

Washington, March 25.—Minister Bowen cabled the state department yesterday from Caracas that President Castro had flatly refused to arbitrate the pending issues between Venezuela and the United States.

That the situation is not regarded as acute at this time was indicated clearly by the determination of the president and his advisers to pay no present heed to President Castro's refusal to arbitrate the existing differences.

It is the intention of the president and Secretary Taft who, in the absence of Secretary Hay is being relied upon for advice in matters pertaining to foreign affairs, simply to await further developments in Venezuela.

RESCUED FROM A MOB

Thousands of Resident of Brooklyn, N. Y., Were Ready to Lynch a Motorman.

HIS CAR HAD KILLED A BOY

Policemen Had to Use Clubs in Their Effort to Reach the Motorman—Mother of the Boy Fell Down Stairs When She Heard of His Death.

New York, March 25.—A squad of policemen was summoned from a station in the Williamsburg section of Brooklyn yesterday to rescue a policeman and the motorman of a surface car from an angry mob of 2,000 persons who were trying to punish the motorman for the death of a little boy.

Hardly had the motorman, James McCauley, left the platform of his car than several men seized him, with cries of "Lynch him," threw him down and jumped on him.

McCauley struggled back to the car and reached a switch iron, with which he knocked down several of his assailants. A policeman came to his rescue, but the mob attacked him also and the two men fought side by side.

Word was sent to a nearby police station for help and when the police arrived they had to beat their way through the crowd to reach the two men. The body of the boy was then removed from under the car.

His mother, Mrs. Robert Gilder, saw the body she fainted as she started down stairs and fell headlong, suffering injuries from which it was feared severe injuries.

WEEKLY TRADE BULLETIN

Temporary Adverse Features are More Than Offset by the Resumption of Outdoor Work.

New York, March 25.—R. G. Dun & Co.'s Weekly Review of Trade says: Spring trade responds to seasonable weather, and shipments of merchandise have increased so rapidly that railway facilities are severely taxed.

The customary damage from floods has rendered many mills idle, and several minor events added to the number of unemployed, but these temporary adverse features are more than offset by the resumption of outdoor work, especially in building operations and on the farms.

Failures this week numbered 255 in the United States against 226 last year, and 16 in Canada compared with 15 a year ago.

NO PLACE FOR DRAGON FLY

Owner of Attractive Pompadour Resents an Insinuating Assertion.

A big brown dragon fly floated leisurely over a Sixth avenue department store the other day and zigzagged its way to the lace counter, where it made one of the midair pauses so common to the insect and so startling to the spectator unacquainted with its ways, relates the New York Sun.

The pause was made directly in front of a blue-eyed young woman with auburn hair, rampant, a la pompadour, who stood behind the counter.

The blue-eyed young woman was so amazed at the fierce-eyed quivering apparition that she was speechless; but when the dragon fly, satisfied with its inspection, made a wild dash toward that rampant head, the owner sent up a shriek which at once communicated itself to the other young women behind the lace and adjacent counters until it would have been thought that wholesale murder was being done there.

"Sh!" said some one at last, who seemed to know something. "It's only a harmless dragon fly looking for flies!"

The blue-eyed young woman with the ambitious pompadour rose to the occasion promptly. With unmasked indignation she tossed her flamboyant head and said: "The very idea! There ain't no flies on me."

WILL "HIT THE TRAIL"

Visitors at the Next World's Fair Will Have a Change from "Midway" and "Pike."

One "went down" the Pike in St. Louis and "took in" the Midway at Chicago—but it will be "hit the trail" at the western world's fair at Portland, says the Kansas City Star.

All of these familiar sights which have come to be expected of every well regulated "amusement street" will be a part of the Trail, and many new startling novelties are promised.

While the march of progress has changed the character of the shows, the methods of doing business will remain the same. The harsh-voiced speller will cry out as of old, and the best speller will get most of the people.

SCIATIC TORTURE

PAIN SUFFERED BY MR. MARSTON AS GREAT AS MORTAL CAN STAND.

For Six Months He Could Not Turn in Bed—He Tells of a Remedy Which Has Given Perfect Relief.

The case of Mr. Marston shows that sciatica can be cured, and no one afflicted by it should allow himself to be disheartened. He was first stricken about a year ago, and for six months he suffered pain which he thinks the most intense that any man could possibly stand.

Asked about the details of his remarkable recovery, Mr. Marston gave the following account: "I was attacked by a numbness or dull feeling just back of my right hip. I didn't know what the matter was, but thought it was simply a stiffness that would wear away in a short time. It didn't, however, and soon the pain became so very bad that every step was torture for me."

When I finally succeeded in getting home, it was just as much as I could do to reach my room and get to bed. "The doctor was sent for, and when he had examined me he said I had sciatica. He prescribed for me, and advised me not to try to leave my bed. The advice was unnecessary for I couldn't get out of bed if I wanted to. It was impossible for me to turn from one side to the other. The moment I attempted to move any part of my body, the pain became so excruciating that I would have to lie perfectly motionless."

"I suffered this torture for six months without getting any relief. Then I discharged the doctor, and on the advice of a friend I bought a box of Dr. Williams' Pink Pills and began to take them, three at a dose, three times a day. I was determined to give them a thorough trial. "Two months after I began to use them I was able to leave my bed and walk about the house, and a month later I was entirely cured and able to go about my work as usual. I think Dr. Williams' Pink Pills are the best medicine I ever used, and I heartily recommend them to anyone who suffers from sciatica."

Mr. Marston is a prosperous farmer and may be reached by mail addressed to Charles P. Marston, Hampton P. O., New Hampshire. Dr. Williams' Pink Pills have cured other painful nervous disorders, such as neuralgia, partial paralysis and locomotor ataxia. They are sold by all druggists.
