### EVERY ONE ASKS HIM THE JURY HAS

HOW HE GOT RID OF HIS OBSTINATE MUSCULAR RHEUMATISM.

Mr. Jones Tells of the Way by Which He Treated Himself Successfu When Doctors Failed.

Six physicians, all of them good, one of m a specialist, had done their best for Mr. Jones at different times during three years, and still he suffered fearfully from the tortures of rheumatism.

The rheumatism that had been dormant in his system was suddenly brought to an acute stage by exposure while he was drawing ice in February, 1901. From that time on for a period of more than three years he was a constant sufferer. He tried many kinds of treatment, but the rheumatism wouldn't budge. When regular doctors failed, and one remedy after another proved useless, many said: "I should think be would give it up and save his money."

Of his condition at this time, Mrones says: "My rheumatism started in my right thigh, but in time it appeared in every muscle of my body. I lost the use of my left arm en-tirely and nearly lost the use of my right one. My feet were badly affected. especially the bottoms of the heels. When my right side was affected there was swelling, but the left side didn't swell when the disease settled there. The internal organs didn't seem to be involved at all. The trouble was all in involved at all. The trouble the muscles and the nerves."

Among the few who still encouraged Mr. Jones to think that a cure might yet be found was a friend who had reason for great confidence in Dr. Williams' Pink Pills, and acting on her advice he bought a box of them in September, 1904. The story of what followed is brief, but nothing could be more satisfactory.
"When I was on the third box," says

Mr. Jones, "I could realize a change for the better. I felt sure then that Dr. Williams' Pink Pills were the right medicine for my case. I kept on with them for several weeks longer and now I am entirely well, and everybody is asking what I took."

Mr. William Jones lives at Oxford, Mich. Dr. Williams' Pink Pills effect wonderful cures in rheumatism, because they work directly on the blood which is the seat of the disease. They are sold by every druggist.

The 12 Men in Whose Hands Rests the Fate of Nan Patterson Have Been Chosen

COURT ADJOURNS UNTIL MONDAY

Ten of the Jurymen Are Married and All Are of Middle Age — A Fight for the Letters Taken from Morgan Smith and Wife.

New York, April 20.—The jury which is to decide the fate of Nan Pat-terson, on trial for the third time upon he charge of murdering Caesar Young, a bookmaker, was completed tt 7:40 o'clock last night, when Recorder Goff adjourned court until next Monday morning.

Miss Patterson is to again face a jury composed almost entirely of married men, only two of the accepted panel of 12 being single, one a bache-lor, the other a widower.

Most of the jurymen are men of middle age and beyond. Many of them have large families, some grown daughters who are married.

It was announced last night that the defendant will take the stand again during the present trial and tell her story of how Young met his death in the hansom cab last June as he was driving to the steamship pier to join his wife on a trip to Europe. It is also said that Miss Patterson is anxious that her sister, Mrs. J. Morgan Smith, should become a witness for the defense, although it has not been determined as yet either by the prosecution or the girl's lawyers just what part the J. Morgan Smiths shall play.

When the last juror had taken his place in the box, Recorder Goff turned to the 12 men and delivered the customary warning not to discuss the case or to allow it to be discussed in their hearing. He then adjourned the court. Miss Patterson had a little chat with her father and was then led back to her cell in the Tombs.

Her counsel declares the girl is well pleased with the jury. Throughout the day she evinced the keenest inter-est in the examination of the talesmen, listening intently as one after another declared he had formed or expressed an opinion as to her guilt or innocence and that nothing adduced at the trial could alter that opinion.

Assistant District Attorney Gans told Justice Gaynor in the New York state supreme court in Flushing yesterday that it would defeat the ends of justice and reveal to the defense the resourcs of the prosecution in the trial of Nan Patterson if District Attorney Jerome were compelled to surrender the letters and documents taken from Mrs. J. Morgan Smith when she was arrested in Cincinnati. Counsel for the Smiths asked for an order for the surrender of the papers and Justice Gaynor sug-gested that they be given to the clerk of the court so that both sides could have access to them, but Mr. Gans objected. The court then reserved decision.

#### THE TRIAL OF HOCH BEGINS

Notorious Bigamist Pleads Not Guilty When Arraigned in Court at Chicago.

Chicago, April 20.-Johann Hoch, self-confessed bigamist, was placed on trial in the criminal court Wednesday for the murder of Mrs. Marie Walcker Hoch, one of his wives. Mrs. Amelia Fisher Hoch, the defendant's last wife and sister of Mrs. Marie Walcker Hoch, will be one of the principal witnesses for the state. Mrs. Fisher Hoch declares she saw Hoch give some white powders to her sister just before the sister's death. The prosecution, in order to make it possible for a wife testify against her husband, will offer evidence that Mrs. Fisher Hoch was not Hoch's legal wife at the time. It is expected that four or five days occupied in selecting a jury and that the trial will take another week. Hoch, it is said, has formulated no definite plan of defense, but will rest on the belief that the state is un-able to prove him guilty beyond a rea-

sonable doubt, as required by law.

Hoch was dressed in a new suit and smiled pleasantly as he was led into the court room. He professed to feel confident that he will be acquitted on

the murder charge, Hoch was arraigned under the new indictment recently returned against him. He pleaded not guilty. Attorney Isadore Plotke for the defense asked Judge Kersten to continue the case until to-day on the ground that counsel wanted time to examine the new indictment. Judge Kersten acceded, and court adjourned until to-day.

## PAINFUL PERIODS

Suggestions How to Find Relief from Such Suffering.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. Menstruation is a severe strain on a woman's vitality. If it is painful or irregular something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

More than fifty thousand women have testified ingrateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes painful and irregular menstruation.
