WASHINGTON LETTER.

Washingtov, April 29, 1905.

Postmaster General Cortelyou has inaugurated a new regime in the prosecution of fraud in his Department, if it continues to be conducted on its present lines, promises to prove "a terror to wrong-doers." In fact, that is the Postmaster General's announced pur-To begin with the Postmaster General issued instructions to the law division of his department to investigate every concern on its face appeared to be conducting a fradulent business as fast as they could be reached, without waiting, as has been the custom with former administrations, for some person who had been evictimized to file a complaint. The result has been that a larger number of fraud orders have been issued during the last month than in any previous month in this history of the department. With the reorganization of the Postoffice Department the inspectors have been placed under the direct supervision of the Postmaster General, instead. of being in the Bureau of the Fourth Assistant, as heretofore, and inspectors realize that the evidences of their vigilance come to the personal notice of Mr. Cortelyou, so there is every inventive to do thorough work. In time the Postmaster General hopes to de-Postmaster General hopes to develope this good work to an extent sell the hundred different paints in the that will enable him to hold responsible the inspectors or the officials of the Law Division when · an apparently objectionable advertisement appears continuously for a given period in the newspapers without its authors being inspect-

ed by the postal authorities. But Postmaster General Cortelyou has not confined his energies to the insurance of fraud orders against concerns doing a hishonest business. He has also instituted a crusade against persons conducting or acting as agents for lotteries. In this work, in which the Postoffice Department has, in the past, been hampered by lack of cooperation from other Departments, Mr. Cortelyon has enlisted the sympathies and cooperation of the Treasury Department and of the Department of Justice. Already raids have been conducted and numerous arrests made in Tacoma numerous arrests made in Tacoma. San Francisco and in Cleveland, although no arrests were effected in last named city. Within a few days raids will be conducted in eleven other cities were lotteries or their agencies are flourishing, according to information which has reached the Postoffice Department or the Secret Service men. The men thus far arrested claim that they represented the Mexican Lot-tery and that the tickets seized were for a Mexican drawing, but the Secret Service men are of the opinion that the concern has headquarters in San Francisco. They claim that the printing of the alluring tickets took place in that

Postmaster General Cortelyou has some other reforms of importance in view but as his plans are not yet formulated he does not care to discuss them for publication at this time. Altogether, the administration of the new Postmaster General, even should it be brief, will doubtless see much needed improvement in the postal service, especially if Congress is willing to cooperate with him and to aid by by legislation in the needed im-

provements. There is some fear, however, that Congressmen will be inclined to resent the Postmaster General's insistence that his subordinates shall not take off their coats to carry doubtful congressional districts and perform other similar services.

"Death was fast approaching," writes Ralph F. There is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrups is that it moves the bowels, thus expelling a cold from the system. This relaxes the nerve tissues and by its healing affect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Solb by R. C. Dodson.

Most of the patent medicine testimonials are probably genuine. The following notice recently appeared in the Atchison (Kan.)Globe: "Joe Tack, a well known engineer, running on the Missouri Paciffic between Wichita and Kiowa, lately appeared in a big one, with a picture, and when be was in his office to-day we ask him about it.
