Cameron county as well as Potter seems to have an overdoze of candidates for County Supt., and it is to be hoped that the one best suited for the office, will be elected in each place on Tuesday. Since the state has fixed the price for that office there seems to be more of an effort to "get there" and that should insure the teacher with the best qualifications the election. As the state has also fixed the minimum of teachers' wages at \$35 we should be able to get a little higher grade of teachers than when they were hired for \$18 to \$25 per month.

SPRING CATARRH.
Changeable Weather Causes Disease, Breathe Hyomei and Cure Catarrh.
The changeable weather of Spring, with its warm days and cold nights, is responsible for a great increase in the number of cases of catarrh. It is now that Hyomei, the only guaranteed treatment for catarrh that cures without stomach dosing, should be used in every home.
For more than a century physicians have been sending persons suffering from catarrh to Egypt, Colorado, or Australia, where the pure healing air would cure the disease. For one person who could take this trip, thousands have been compelled to stay at home and continue their daily toil. To these sufferers who could not change their climatic conditions, we offer Hyomei, a method by which pure air impregnated with Nature's own remedies for the cure of catarrh, can be inhaled by every sufferer in his or her home. Breathed through the neat pocket inhaler that comes with every outfit, its healing, volatile, antiseptic fragrance, reaches the lungs and air passages as no stomach dosing possibly can do. It gives immediate relief and makes lasting cures.
The complete outfit, consisting of the inhaler, medicine dropper, and bottle of Hyomei, costs only one dollar, and extra bottles of Hyomei, if needed, can be procured for fifty cents.
Proof that the Hyomei treatment will do all that is claimed for it is found in the guarantee under which L. Taggart sells it, an agreement to pay back the price, if the purchaser can say that Hyomei has not given satisfaction.

SIDE BY SIDE!
A Vehicle Comparison by Mr. F. L. SHAW,
Manager of the Vehicle Interests of Montgomery Ward & Co., Chicago

We take special pride in the construction of our good work and in the promptness with which we fill every order. As much pains are taken in the building and shipping of our \$36.00 buggy as our \$60.00 job. Differences in prices with us, mean different grades of materials, and the amount of labor expended. We court investigation.

A Side-by-Side Comparison We ordered a buggy through another party. It took six weeks to get it. It is on our floor now. By the side of it is one of our jobs which we sell at about the same price. Note some of the differences:

On Ours	On the Other
STRONGLY BRACED.	Costs much less than ours. (Notice the back does not fit the seat.)
BODY—24 inches wide.	22 inches wide. This means a smaller dash, smaller back, narrower seat, etc.
AXLES—Long distance, with double collars and extra Collings dust-proof collar.	Old style common axle—used 20 years ago.
10-1/2 INCH WROUGHT IRON 57 1/2 WHEEL, with anti-rattlers.	6-inch malleable, with no anti-rattler.
STEEL SHAFT SHACKLES. You can't break these!	Malleable iron. Easy to break.
WROUGHT STEEL BAILEY LOOPS. Might twist it, but won't break.	Malleable iron. One good lick and it's all over.
5-10 INCH ROUND SADDLE CLIPS. COMBINATION SHIFTING RAIL AND PANEL BRACE.	Half-inch oval, separate castings—no shifting rail.
SEAT—16 inches deep.	15 inches. (Less cloth or leather in trimming.)
ALL-HICKORY WHEELS.	Special hickory and elm—much cheaper.
1-1/2 INCH DENSMER STEEL TIRES. GENUINE LEATHER-TIEMED SHAFTS.	3-16 inch steel. Buck trimmed.

There are many other differences and while each of them may seem small in itself, when taken together they represent a fair profit on a buggy.

others priced at about the same figure. The illustrations look much the same and with people who care little or nothing about what they say, the descriptions are much the same. Our book is copied every year—even our terms.

Send for our Vehicle Catalogue
It finishes the story. It tells you how our work is built and shows further that most of the vehicles offered at prices lower than ours are the poorest that are made.
This pledge is constantly in view:

We agree to furnish a stronger, better proportioned, nicer trimmed job, with greater lasting qualities, for less money than any factory in the world.
