Is It Right.

Is it right that a property-owner should lose \$4.20 to let a dealer make 50 cents? A dealer makes more on fourteen gallons of ready for use paint, at \$1.50 per gallon, than our agent does on eight gallons of L. & M. paint and six gallons of linseed oil, which make fourteen gallons of the best paint in the world, at \$1.20 per gallon; the property-owner loses just \$4.20. Is it right?

It only requires 4 gallons of L. & M., and 3 gallons linseed oil to paint a moderate sized house.

HOW GERM DISEASES START.

People With Weak Stomachs in a Continual State of Danger.

Nearly all disease germs that find lodgment in the system gain entrance with the air we breathe, or through our food and drink.

If the stomach and digestive organs be weak, so that food does not readily digest, they will contain a sour, slimy fermenting mass, an ideal spot for the disease germs to grow and spread through the whole system.

People with a weak stomach are in a continual state of danger, and they should use the best means, Mi-o-na, to strengthen that organ and tone up the whole digestive system. This remedy is a certain cure for all diseases of the stomach excepting cancer. Used before each meal, it so strengthens the whole digestive system that you can eat what you want and all you want without fear of indigestion. There will be no fermentation of food, and the stomach and intestines will be to clean and pure that disease germs cannot possibly live, when Mi-o-na is used.

If you suffer with headache, backache, variable appetite, nausea, gnawing at the pit of the stomach, salivary skin, heartburn, furred tongue, sleeplessness, and general debility. It shows that the stomach has been overworked and weakened. A tiny cent box of Mi-o-na tablets will give quick and speedy relief.

Ask L. Taggart, one of the most reliable druggists in Emporium, to show you the strong guarantee under which he sells Mi-o-na.

It is easy to be resign to another's woes.
