Some of our exchanges wonder how the Russian gannets managed to hit the Dogger bank fishing smacks. Those editors have evidently never shot enough to know that it's different when you're scared.

The success of President Roosevelt's efforts to promote peace between Russia and Japan is a triumph for that so-called "shirt-sleeve diplomacy" inaugurated by Secretary John Hay. Frankness and directness are the chief attributes of the shirt-sleeve diplomacy and when administered by President Roosevelt, suddenness also plays an important part. The president gave Russia no time to recover from the shock incident to the destruction of her navy, or from the grief incident to the loss of numerous friends and brothers. He gave Japan no time to recover from that access of good feeling which naturally followed so sweeping a victory and while Europe was dreaming of what might be, he suggested in unequivocal terms to both belligerents that this was an excellent place to stop, and his suggestion appealed to both. It was the psychological moment and he grasped it.

**Beware of Ointments for Catarrh That Contain Mercury.**

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

**WASHINGTON LETTER.**

(From our Regular Correspondent.)  
Washington, June 17th, 1905.

**Editor Press:**

Washington has been chosen as the meeting place of the Russian and Japanese plenipotentiaries and if, as the President confidently believes they will, they negotiate a convention providing for a lasting peace in the far East it will be known as the treaty of Washington taking its place in history with those important international conventions known as "the Treaty of Ghent," the "Treaty of Berlin," the "Treaty of Paris" and many others.

The selection of Washington as the meeting place of the commissioners of the belligerents was the natural outcome of the differences, which had developed between the two nations. Japan steadfastly declined to send representatives to any meeting places in Europe, other than London, feeling that they would be more or less influenced by the hostile sentiment with which they would be surrounded in Paris, Geneva and perhaps even at the Hague. Russia was, on the other hand, entirely opposed to a meeting in Asia and the United States seemed the natural ground of compromise, being too more nearly half way between the two nations than any other country suggested. President Roosevelt, although he had personally favored the Hague, was not loath to have the conference held here for it must emphasize the diplomatic importance of the capital of "the new world."

It is authoritatively stated that if the climate in Washington proves too warm for the comfort of the plenipotentiaries every facility will be afforded them to meet elsewhere for a time. That is, they may meet and organize in Washington, then adjourn to some northern summer resort and return to the national capital for their closing sessions. If the commissioners determine to adjourn to some cooler point the President will place at their disposal two small naval vessels, presumably the Sylph and Dolphin. He will himself return from Oyster Bay to welcome them to America but expects to remain but a short time, after which he will again retire to his summer home.

In the direction of economy the investigators are certain to find themselves confronted by numerous instances where material economy of administration would be effected could Congress be induced to adopt rational and business like methods in place of the irrational except from a "Spoils" standpoint now in vogue. For instance under the existing statutes each executive department is compelled to compile, at great expense for compilation and printing, a complete statement of every item expended throughout the year. Nor is this all, for members of Congress, fearful that one will secure something that the other does not, insists that several hundred copies of these be printed for each and every Senator and Representative. Of course they are of no possible use to the members of Congress except to make something to frank to their constituents as an evidence that the beloved constituent, is not forgotten. The reports are of no use to the constituents either except, possibly, as shaving paper or to light their fires.

**Peculiarity About Insurance.**

When insurance companies grant insurance a life, they are particular to have the person examined by a doctor to ascertain if he is in sound health. They are most particular about the analysis of the urine for the diseases of the kidneys are the most fatal and so many people have diseased kidneys without knowing it. If there are any symptoms they are usually (even by doctors) attributed to some other cause. Thompson's Barosma is the safest remedy to take for it will do good whether you have kidney trouble or not. Thompson's Barosma gives rest to the nerves, 50c to \$1.00. For sale by R. C. Dodson.

**INDIGESTION'S RECORD**

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in. This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way. Two sizes, 25c and 75c. All druggists.

**Thing of Fame.**

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in the first stage," writes Wm. Myers, of Clearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs; colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at L. Taggart's drug store, price 50c and \$1.00 a bottle. Trial bottles free.

The enriching of character is the only thing that will cure poverty.

**Huge Task.**

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of O. F. Collier, of Cherokee, Ia, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by L. Taggart druggist; price 50c.

Don't get too close to your friends or they may accidentally step on you.

Who use molasses demand the best syrup obtainable. Treacle is not molasses although there's much treacle sailing under false colors. The difference between treacle and molasses lies in the fact that treacle comes from sugar in the process of making, while molasses is obtained in the process of refining. You can not get good out of bad, but you can get the best from the best which comes from the sugar.
