#### Profits of the Packers. There has been a great deal of disappointment because the Garfield raport shows that the profits of the

packing industry only amount to about two per cent. of the volume cf business transacted. There is no doubt, however, that the report is correct.

The census reports compiled by the government in 1900, before the agita-tion regarding the "beef trust" began, throw considerable light on this question. It appears from the census that the packing industry is conducted on a smaller margin of gross profit than any other industry in America. The gross margin of profit of 871 flour and grist mills in Illinois, in the census year, was nearly seven per cent. on the volume of business. The gross margin of fifty-one wholesale slaughtering and meat packing establishments in Illi-

delphia and New York. Philadelphia pase gengerscanremainin sleeper undisturbed under the stations arriving at the stations arriving at philadelphia 7.17. A. M. New York 9.33 A. #### WOMEN'S WORK.

Mrs. Mary S. Cobb, of Northampton, Mass., has presented Smith college with her magnificent estate in the suburbs of her city. Miss Owen, of Warwich, England,

who is 92 years old, has been teaching Sunday-school for 82 years.

Helen Gould will pay for the education of Leroy Irvine Dixon, the nineyear-old Denver boy who saved the Rio Grande train from running into a

rock slide last October. Mrs. Elizabeth B. Wheaton, affectionately styled the "mother of Wheaton female seminary," has just died at Norton, Mass., at the age of 96. Nearly all of her large estate will become the property of the seminary. It is said to be valued at several hundred thousand dollars.

Miss Myrtle B. Parke, who has been called to the pastorate of the Chris-tian church at Ramse; Ill., is noted as an evangelist and is a student of Eureka college, where she fitted herself for the ministry. She formerly occupied the pulpit to which again she has been called, but resigned in order to enter college. Miss Parke's home is at Staunton, Ill. She is but 18 years of age and is thought by her instructors and church associates to have before her a successful future.

Miss Caroline Hazard, who has completed her fifth year as president of Wellesley college, Massachusetts, has demonstrated the fact that a college president need not necessarily be a college graduate. Although she did not attend a women's college, she pursued with a private tutor a course of study equal to that at Brown university, Providence, R. I. Miss Hazard is a woman of remarkably broad culture and has shown during her leadership a comprehensive grasp of the needs of her college and an intelligent sympawith the aims and ideas of her coworkers.

# FRUIT AT WHOLESALE.

This Custom Is Steadily Growin- in Big Cities-Keep It in Cold Storage.

A practice which is steadily growing

in favor among town folk, not alone in New York but in other American cities as well, is that of buying their fruit at wholesale and keeping it in cold storage until needed for consumption. The cost of such storage is now inconsiderable; in most progressive towns space to accommodate a package of about the dimensions of an ordinary flour barrel may be rented for 25 cents a month, or 50 cents for a season of three or four months. Those persons who have once tried the practice are enthusiastic over its advantages, maintaining not only that it is much cheaper than to buy fruit in small quantities from day to day in the retail market, but also that it enables them to get the best fruit that comes to market and to have only the best all the time.

There is a valuable suggestion here the for the farmer and fruit grower, says the Country Gentleman. Apples, grapes, pears, quinces, plums, apricots -even peaches and melons, as well as bananas, oranges and grapefruit-can

the one three sequences of the product of the produ tance from any city to carry their fruit to market themselves would find it both profitable and advantageous employ an agent in the city to handle this trade for them, soliciting orders from consumers for fruits in bulk at wholesale prices and making the deliveries in season. It is easy enough to find plenty of buyers for good fruits; the fruit-eating habit has increased enormously in the last decade or twoindeed there has been a remarkably widespread awakening to a realization of the value of fruit as a staple article of diet. The one thing needful is to bring the grower and the consumer together. A highly profitable trade is How I Suffered with I

bound to follow. Having started with fruit, there is no reason why such direct business re-lations between farmer and city householder should not broaden to include eggs, butter, vegetables and farm produce in general. The consumer would much prefer to deal directly with the producer, whenever possible, rather than with some middleman, be he commission merchant, wholesaler or retailer—not alone because doing so would be in the long run appreciably cheaper, but still more because would enable him to get the best of the farmer's goods and get them more quickly and in fresher, better shape. The grower who exerts himself to dis pose of his product in this way will soon find that he has secured a profitable and sure market for all the produce he can supply.

## HEADACHE, DIZZINESS, BEARING-DOWN PAINS.

A Woman Tells How She Has Become Well and Strong after Years of Misery Due to Irregular Functions.

THE MONTHLY TRIAL

The fact that one woman is bright-eyed, rosy-cheeked, strong and cheerful, while another is pale, weak and de-pressed, is due more often than otherwise to the regularity in the one case and the irregularity in the other of the functions that are peculiar to the sex When these are disturbed everything goes wrong; pain and discomfort are felt all over the body; the sensations are often terrifying. "For four years." said Mrs. Davis re-cently, "I suffered indescribable misery from sick headache every month, ac-companied by fainting spells, shortness of breath and severe pain in my left side. There were also bearing-down pains, at times so acute that I could not stand up. and my head was full of ringing sounds. It seemed as if everything was going to hit me in the eyes. I was compelled to lie down with closed eyes for hours to get a little relief. When I attempted to arise everything would whirl around and it would grow so dark that I could scarcely see any object." "Couldn't your doctor help you?"

# REASON WHY DOG SNORED THE TURN OF LIFE There Could Be No Draught,

Explains Little Walter.

The first night the family was kept ing, which caused it to snore when it went to sleep. The first night the family was kept awake by the dog's snoring, and the next night, things were worse. The en-gincea and his wife were in a quandry. They had promised the neighbor to take care of the dog, but they felt it work inccessary they should sleep. They were discussing the matter at breakfast, while the conversation. "I know why that dog snores," he said. "Well, why?" inquired the father. "I know why that dog snores," he said. "Well, why?" inquired the father. "I know why that dog snores," he said. "Well, why?" inquired the father. "I know why that dog snores," he said. "Well, why?" inquired the father. "I know why that dog snores," he said. "Well, why?" inquired the father. "I know why that dog snores," he said. "Well, why?" inquired the father. "I know why that dog snores," he said. "Well why?" inquired the father. "I know why that dog snores," he said. "Hy and with a host of ner-and the aburden. At this tife a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

## Proved Beyond a Doubt.

# NO TONGUE CAN ELL

Bleeding Eczema-Unti.

by Cuticura.

"No tongue can tell how I suffered for five years with a terribly painful, itching, and bleeding eczema, ny body and face being covered with sores. Never in my life did I experience such awful suffering, and I longed for death, which I felt was near. I had tried doctors and medicines without success, but my mother insisted that I try Cuticura. I felt better after the first bath with Cuticura Soap and one application of Cuticura Ointment, and was soon entirely well. Any person hav-ing doubt about this wonderful cure may write to me. (Signed) Mrs. Altie Etson, Bellevue, Mich."

his yune. For Infants and Children Bears Use The Fer Signature **Over Thirty Years** Of The Kind You Have Always Bought

Foley's Kidney Cure makes kidneys and bladder right.

"Five doctors in all treated me, but I got no lasting benefit. Besides I used a lot of advertised remedies. The only medicine, however, that had the de-sired effect was Dr. Williams' Pink Pills and they are truly a godsend to women. I did not have much faith in them when I began to take them. I found myself, however, so much better after using two boxes that I began to believe in them. They checked right away the decline into which I was going. My troubles kept lessening and finally disappeared altogether."

altogether." "How long did it take for a cure?" "After I had used several boxes my health was all right. I had taken on flesh and was strong and hearty. I feel today in spirits more like a girl of six-teen than a woman of my years." Mrs. C. H. Davis' address is Carmel, Mrs. D. 10 D. Willier

Maine, R. F. D., No. 2. Dr. Williams' Pink Pills are confidently offered to women for the cure of anæmia, chloro-sis, painful and irregular periods, and all forms of weakness. They are sold by every druggist.
