NOW IS THE TIME TO GET WELL.

Nature Helps Mi-o-na Cure Stomach Troubles in Short Order.

The summer months are the best in the whole year for the treatment and cure of stomach troubles. The out-door life, with natural exercise, the fruit and berries which are so freely eaten, all help to restore healthy action to the digestive organs.

Now when Nature will aid Mi-o-na in curing indigestion and giving strength to the stomach and whole digestive system, is the best time to use this remarkable remedy.

Taken before each meal, Mi-o-na will soothe and heal the inflamed and irritated lining of the stomach and solar-plexus, and strengthen the nerves of the digestive tract. Used at any time of the year, it cures all diseases of the stomach, excepting cancer, but in the summer months it gives health and strength twice as quickly.

If you suffer with headache, indigestion, flatulency, specks before the eyes, fermentation, heart burn, dizziness, or have a variable appetite, and a general feeling of despondency or weakness, it shows clearly that the stomach is not digesting the food as it should. Instead of the food being assimilated and making rich, red blood and good solid, flesh and muscles, it is turned in the stomach into a sour, slimy, fermenting mass that causes gases, distress after eating, and poisonous germs that fill the whole body with poor health.

Just one little tablet out of a 50 cent box of Mi-o-na for a few days, and all this will be changed for the better, and health restored. Ask L. Taggart to show you the Mi-o-na guarantee.
