## Big Property Deal.

Negotiations were concluded yesterday for the sale of the Horton House to a Buffalo party, through M. Tracy Page of the Citizens National Bank. The transfer of papers was afterwards made to Joseph M. Butler of the Connolly House, who will soon take possession of the Horton House property. The consideration was twenty thousand dollars. Mr. Butler will remodel the house in its entirety and make a model commercial man's home of it. At this writing it is expected that he will retain possession of the Connolly House until his lease expires, June 1, 1906, when Mrs. Mary Connolly, the owner will take charge of it. Congratulations are due everyone interested in the transaction. To Mr. Gillyly in the sale of this fine property at a hundred per cent advance on the price paid, to Mr. Butler in securing it without paying a cent more than it is worth, to Tracy Page in successfully negotiating the important deal to the satisfaction of all concerned.—Port Allegany Reporter.

Mr. Butler's old Emporium friends will be gratified to learn of his continued prosperity. He is a brother of our esteemed friend, Mr. Chas. L. Butler, of this place. Old Emporiumites are always glad when former residents prosper, and are pleased to number Mr. and Mrs. Butler and their pleasant little family amongst this list of fortunates.

WANTED.—A plain cook, in small family. Cooking only required. Wages three dollars. Apply at Press office. 23-1t.

## WASHINGTON LETTER.

(From our Regular Correspondent.)  
Washington, Sept. 9th, 1905.

There are numerous indications that the railroads of the country are preparing to offer the private car lines now doing business to their lines as a sacrifice to the President's demand for railway rate legislation at the next session of Congress and if that is rejected as insufficient to defy the President and trust to the powerful influence of their lobby in Washington and to the voters of the members of Congress whom they own, body and soul, to prevent the enactment of any legislation which would not prove to their liking. While this impression was gained some time ago, both from talking with prominent railroad men in Washington and from the character of the testimony presented before the Senate Committee on Interstate Commerce, but it has received strong confirmation from the tenor of the replies of the railroads to the questions addressed to them by the Interstate Commerce Commission on the subject of private refrigerator car lines.

Thus far four important railroads have signified in writing their determination to make further contracts with the private car companies and to conduct their own refrigerated freight system. These are the Michigan Central, the Pere Marquette, the Chicago, Burlington and Quincy and the Illinois Central railways, all of whose lines have proved especially profitable fields to the rapacious private car companies. While these are the only lines which have thus signified their intention, there are numerous others which have given indications of a similar purpose and there is ground for the belief that the campaign instituted by President Roosevelt will at least serve to relieve shippers from the extortion of the private car companies and to remove from the difficult railway equation this important factor in the creation and maintenance of trusts.

**A Marvelous Enterprise.**  
Every day the expression is heard, "It is marvelous how a Sunday newspaper can give to its readers free of charge such a beautiful color magazine as is given with The Philadelphia Sunday Press."

This magazine is equal to any ten cent magazine and is given absolutely free with The Sunday Press, a Sunday newspaper which costs only five cents per copy. The Sunday Press also has two other beautiful color magazines, consisting of a Women's Magazine, which is unexcelled, and a Comic Magazine, equal to the best.

Such wonderful and valuable parts of a Sunday newspaper which is ably edited throughout, constantly add thousands of copies to the circulation of The Philadelphia Press. Do you read it? If not, notify your newsdealer at once to begin serving you with this newspaper. 28-4t.

## Won Easily.

James Wright who is a sprinter of no mean ability, on a wager for a hundred and fifty yard run, beat James Heaviland's horse about 75 yards and could have covered the distance of a mile in plenty of time if necessary. The race took place last Saturday evening about ten o'clock, between the bank and Chestnut street. James, you will have to get something considerable faster before entering this kind of sport.

Everybody reads the Press.

## The County Sunday School Convention.

The annual convention of the Sunday School Association of Cameron County was held in the parish house of Emmanuel Church on Thursday and Friday of last week. It proved to be one of the best gatherings of the kind yet held in the county in point of attendance and interest. Delegates representing all parts of the county were present. The state organization was represented by Miss Ermina C. Lincoln, of Philadelphia, whose helpful addresses were a notable feature of the convention. Local speakers were Professor E. S. Ling, President of the County Association; the County Superintendent of Education, Miss Mattie M. Collins; Messrs. Josiah Howard and I. K. Hookley, the Rev. Mr. Dow, of Rich Valley and the Rev. J. M. Robertson. Many helpful and stimulating points were also brought out in the open discussions.

The following officers were elected for the coming year: President, Professor E. S. Ling; Secretary and Treasurer, Mrs. Laura A. Smith, of Sterling Run; Executive Committee, Messrs. Josiah Howard, J. O. Brookbank and the Rev. Robert McCaslin; Secretary of the Cradle Roll Department, Miss Bessie McCaslin; Secretary of the Home Department, Miss Mary Robinson; Secretary of the Teachers' Training Department, Mrs. Dankle.

The Rev. Robert McCaslin was chosen as delegate to represent the county at the coming State convention in Philadelphia, October 11-13. The secretary was also authorized to furnish credentials as delegates to any other Sunday school workers in the county who may be able to attend the state convention.

The Secretary's report shows 19 Sunday schools in the county, fifteen of which are open all the year. There are 169 officers and teachers and 1267 scholars. This makes including 77 enrolled in the cradle department, a total enrollment of 1513.

## For the Housewife.

In housekeeping liberality is often the best economy, particularly at the beginning of Winter, when the wise expenditure of a considerable sum on the season's food supply may mean the saving of many a dollar. Some practical advice in this direction is given by Isabel Gordon Curtis in the October Delineator, which contains many features of housewifely interest. "Hallowe'en Party Novelties," illustrating delicacies for Hallowe'en refreshment and entertainment, is a seasonable item, and other culinary topics are "Serving Game Dishes," "Celery Novelties," "Home Made and Whole-Wheat Bread," and "A Rice Roundelay." In addition, Mary Taylor-Ross has some helpful notes on "Little Things on Housekeeping."

## A Woman's Luck.

She was picking her way along the muddy sidewalk trying to protect her hat with an umbrella and lift her skirts above the mud. Suddenly she bent over. Her shirt swept the sidewalk, the rain drops struck fair and square on her hat and a pedestrian coming from the opposite direction bumped into and nearly paralyzed her umbrella. But she picked up the pin and presumably had good luck the rest of the day.

## Automobile Trip.

A party of Emporiumites enjoyed an automobile ride to Coudersport last Sunday to visit friends. The parties consisted of Mr. and Mrs. F. G. Judd, Mr. and Mrs. Geo. Metzger, Jr., Mr. and Mrs. A. F. Andrews, Mrs. Lizzie Hinkle, and Mrs. J. D. Logan, E. J. Smith and F. F. Hilliker had charge of the party and carefully managed their cars, returning the party safely home.

## Who Can Do it?

It is reported that the Democratic machine has discovered that the officers of their late convention have no authority to fill the vacancy on their ticket, that of Sheriff, owing to the fact that the officers died when the convention adjourned. The question now confronts them: Who has the authority to fill the vacancy.

## Eye Specialist.

Prof. W. H. Budine, the well known Eye Specialist, of Binghamton, N. Y., will be at R. H. Hirsch's jewelry store, Emporium, Pa., September 16th. All work guaranteed.

## "THE NATIONAL FLOWER"

### A Pleasing and Successful Performance by Home Talent.

On last Friday and Saturday evenings large audiences in the opera house listened with keen delight to the comic operetta, "The National Flower," rendered by home talent under the direction of Mr. John Sinclair, of Ridgway. The operetta was given under the auspices of the Sewing Society of Emmanuel church for the benefit of the pipe organ fund. It was the universal verdict of all who heard the operetta that no more pleasing entertainment by home talent has ever been given in Emporium, a tribute at once to the attractive qualities of the operetta itself, to the energy and enthusiasm of the director, and to the talent of the performers. Of the latter Emporium has just ground to feel proud.

This operetta, by the well known composer, Miss Carry B. Adams, is in its general idea an adaptation of Sullivan's "Trial by Jury," and some of the airs are taken directly or arranged from Sullivan. Various flowers represented by classes and soloists, present

their claims for recognition as the National Flower before a judge and jury of "new" men. The jury being unable to agree, Uncle Sam hesitatingly volunteer to name a candidate which will prove thoroughly acceptable to all classes, sections and ages. His offer is accepted, and so a highly amusing climax, or anti-climax, crowns the performance.

It would be impossible, within the limits of our space, to give detailed mention of all the several elements of the performance so creditably rendered by all. It is difficult to believe that the roles of Judge and bailiff have ever been so well rendered as they were by Miss Anna Metzger and Mr. A. D. Ericsson. The solo singing of Misses Walker, McCaslin and Bergart and Mrs. S. E. Murry was heartily appreciated, as were also the performances of the young men representing the parts of Uncle Sam, the lawyers, the sun flower, onion, oak and thistle. From a spectacular point of view the performance was excellent, the swing scene being especially beautiful.

## Elevated Car Falls to Street.

A terrible accident occurred last Monday in New York City, an elevated R. R., a car loaded with early morning workers on their way down town, pitched headlong into the street. Twelve persons were killed and scores injured.

## Elmer Hart Arrested.

Railroad porter Seth Conover, of Buffalo, N. Y., Sheriff Hemphill, of Emporium, and Officer Steele, of Olean, N. Y., arrested Elmer Hart at Cameron, early Monday morning, Sept 11th. Hart, a young man named DeVing, nearly murdered a railroad man in Salamanca yard last spring. Hart is now in Emporium jail, awaiting extradition papers from New York State. Sheriff Hemphill made the arrest.

## A Sensational Elopement at Cameron.

Miss Alice Stewart, aged 17 years, of Cameron, eloped with a young man named William Dryburg, Friday night, September 8th and no trace of them has been found. The officers of the county have all been notified but up to this time their search has been fruitless. No one saw the couple or the direction they took. It appears that they quietly left her home, where Dryburg had been boarding. They left in the night while the other people were sleeping.

## Child Takes Poison.

Tuesday afternoon a four year old child of Ed. Ritter, one the foremen in Howard Co's saw mill, drank about two teaspoonfuls of laudanum, and then brought the bottle to his mother and told her of it. Dr. Heilman was summoned by phone and promptly emptied the child's stomach and washed it out with the pump and then administered the usual antidote. In a short time the child recovered from its drowsiness and was again all right.

## Emporium Bakery.

With the purpose of making our bakery second to none, we have engaged the service of Mr. Wm. Jordan, of Punxsutawney. He is a skillful and experienced workman, having been employed several years in many of the exclusive bakeries of the larger cities. Mr. Jordan will have charge of our bakery department and is now prepared to give prompt attention to the needs of our patrons.

It is our aim that will allow no opportunity to pass that promises to make our shop better able to furnish its customers with the highest grade of baked goods. Cleanliness is carried to extremes and every product is as near to being perfect as skill and purity of materials can make them.  
M. L. CUMMINGS, Proprietor.

**A Brave Officer.**

Although our Sheriff is in feeble health he had the sand to walk into the house and arrest the man Hart, who is wanted for a murderous assault at Salamanca, N. Y., some months ago. The Press contains the account in full at the time.

**Boys Beware.**  
Sometime Wednesday evening after dark, a basket of bananas and a basket of cantaloupes, was taken from the front of my place of buisness and contents removed at the rear of building. Altogether too much of this kind of work going on and it will be well for parents to look after their children as they will surely be found out if this work is continued and examples made of them. J. H. DAY.

**An Old Family Leave Us.**  
Mr. Almeron Chapman and family leave here on Monday for Spokane, Wash., to locate permanently—Mrs. C. and son having gone there some time ago. Emporium loses an estimable family. Mr. Chapman is a native of this county, having resided here all his life, except over two years that he served in the army. In politics he is a stalwart Republican and always to be relied upon; in church affairs consistent, and in fraternal associations energetic. Mr. Chapman has been a member of Lieut. D. W. Taggart Post No. 241 and held all the offices at various times. He is also an old and faithful member of Emporium Lodge, F. & A. M., No. 382, since 1868. His brethren at a regular session Tuesday evening made him a life member in recognition of his faithful service, at the same time extending our brother, in eloquent remarks, the well wishes of his brethren.

**Seriously Injured.**  
Jos. Kinsley, who lives in Henry Graham's Broad street house, took a load of woodmen to camp No. 20 on North Creek, last Sunday afternoon. While returning home in the evening he fell asleep, let the horses have the road and enjoyed his sleep until a passer by awakened him. This frightened the horses and they ran away, crashing the rig against a telegraph pole. Kinsley was thrown out with great force to the ground, rendering him unconscious for several hours after being brought to his home. He has been in a very critical condition but at this writing is slowly improving. The unfortunate man is in the employ of John W. Norris.

**Reception.**  
The ladies of Emmanuel Church Sewing Society entertained the ladies and gents that assisted in the operetta, at the Parish Building, Monday and Tuesday evening. Elegant refreshments were served and a pleasant evening's enjoyment both nights.

Car load of peaches and pears, especially for canning purposes, at Newton's Fruit Store.

## Regarding Vaccination.

In view of the fact that the State Health authorities are urging the enforcement of the law regarding vaccination and that there are some heads of families in our own community opposed to vaccination, it might be wise to publish the fact of the results of State Veterinarian, Leonard Pearson, M.D., investigations concerning small-pox. After carefully studying the mortality of small-pox in this country and abroad, he found that of all the deaths from all causes, prior to vaccination, over 50 per cent. were from small-pox, and that since vaccination had become general that this relation was less than one per cent. It might be well to also publish the following: "Vaccination creed." The department of health, after years of experience with small-pox and vaccination hereby declares:

"First—That true vaccination—repeated until it no longer takes,—always prevents small-pox. Nothing else does.

"Second—That true vaccination—that is vaccination properly done on a clean arm with pure lymph and kept perfectly clean and unbroken afterwards—never did and never will make a serious sore.

"Third—That such a vaccination leaves a characteristic scar, unlike that from any other cause, which is recognizable during life and is the only conclusive evidence of a successful vaccination.

"Fourth—That no untoward results ever follow such vaccination; on the other hand, thousands of lives are annually sacrificed through the neglect to vaccinate—a neglect regretted of lack of knowledge."

ARTHUR R. REYNOLD, S. M. D.,  
Commissioner of Health, City of Chicago.

HERMAN SPALDING, M. D.,  
Chief Medical Inspector, Department of Health, Chicago.  
Approved, March 23, 1903.

BENJAMIN LEE, M. D.,  
Secretary Pennsylvania State Board of Health.

In view of such evidence as this it seems that all opposition among intelligent people to accepting this, the only preventative of one of the most dreaded of all diseases, should disappear, and be welcomed as a most signal blessing.  
Respectfully submitted,  
R. P. HEILMAN, M. D.

## Our Public School.

The enrollment at the opening of the public schools last week was about 630. At the beginning of the present week it had advanced to something over 650. The enrollment for the corresponding time last year was, as nearly as can be given about 620, including the kindergarten. As now arranged there are no vacant sittings in grades above the C. Intermediate or fourth school year.

Announcement was made at the opening of school of the gift to the library of the public schools by Hon. Josiah Howard of two sets of books, namely the World's Famous Orations and a series of Elementary Science. A fine sectional bookcase was also a part of the donation.

## Valuable Horse Drowned.

Yesterday afternoon while Anson W. Lewis was hauling a reaping machine to his farm on Rich Valley his horses shied while crossing the bridge near A. C. Goodwin's, throwing the horses into the creek. The water being six feet deep, the horses becoming entangled in the harness, one of them was drowned before help arrived to assist Mr. Lewis. The horse was a valuable one, the owner having refused \$400 for the team a short time ago.
